Fatal Accident—One Man Killed and Three Injured.

A serious accident occurred Monday afternoon at the bridge on the Allegheny and Butler Plank Road, near Gleushaw, by which Bernard Walker was killed, Dyonisas Bullion, John Wilson and John Shaw, Sr., injured, the former seriously. The men were engaged in removing the old bridge urpose of erecting a new one, old structure fell upon them. Walker was struck on the head with a heavy timber, his neck dislocated and died instantly. Bullion was severely injured in one ankle, his right arm and back, but it is thought he will recover. The others were but slightly injured. Dr. A. G. McQuade, attended the injured men.

An Absconding Clerk.

Benjamin Kroepel, a clerk in the clothing store of Messrs. S. Cohen & Co., corner of Third avenue and Market street, was left in charge of the establishment last week during the absence of Mr. Cohen in the East. An average amount of sales were made during the week, and on Saturday evening it is supposed that Kroepel had nearly one thousand dollars in his possession with which he decamped and has possession with which he decamped and has not been heard of since. His employers previous to the dishonest act had imposed implicit trust in him, and had often placed implicit trust in him, and had often placed in the Commonwealth. We have not in the the sole charge of the establishment in his hands. They cannot yet estimate their loss, as a quantity of the goods is emissing. The accused were indicted separately, but by consent the cases were tried together, before the same jury. The circumstances, or rather cause of the outrageous conduct of the policeman, arose from the execution of Mayor

We will not give the evidence in the shape was adduced, but will state the facts in the order of their occurrence. The witnesses called on behalf of the prosecution were Mrs. Dake, Wm. Taylor, a colored boy, Henry Freker, grocer on Seventh street, Miss Mary Kerwiu, and the keeper of a cigar store in Strawberry alley, also several physicians.

On Saturday evening, Sept. 5th, about half-past eight o'clock, Mrs. Dake left her residence, 310 Penn street, in company with a colored servant, Wm. Taylor, aged eighteen years, her object being to visit a young woman residing in Strawberry alley near Smithfield street, for the purpose of employing her as a domestic. They pro-ceeded by way of Penn, Hand, Liberty and Smithfield streets to the residence of the young woman, and whilst the colored boy knocked at the door Mrs. D. stood on the knocked at the door Mrs. D. stood on the steps of a cigar store, a door away. The boy received no answer to his call, when Mrs. Dake stepped into the cigar store and left a message with the lady in attendance for the person whom she desired to employ. Noticing some women looking out from an upper window, she inquired of them concerning the young woman for whom she was seeking, and learned she was absent in the country. Refore passing into Strawberry alley from

Before passing into Strawberry alley from Smithfield street the colored boy saw one of the defendants, Kellar, standing on the opposite side of the street, and also noticed him following into the alley and pass by while he (the colored boy) was knocking at the door of the house and Mrs. Dake standing at the cigar store steps. Attention was particularly attracted to Kellar by his movements. About this time Raubb. the policeman, came upon the scene, and seemed to be in company with Kellar. As Mrs. Dake was about to enter the cigar store she passed them, and felt a pressure

upon her shoulder, apparently as if a hand had been placed rather heavily upon her; but thinking she might be mistaken, as nothing was said, she passed into the store delivered her. store, delivered her message, and while doing so noticed both the defendants enter, one of them purchasing a cigar.

She next desired him to send a messenger to Dr. Dake, at 310 Penn street, stating also that she was his (Dr. D's) wife. At this moment Kel-lar and Raubb made their appearance inside the store, and Freker noticing that Raubh the store, and Freker noticing that Raubt had a mace in his hand, also a star on his breast, said to Mrs. Dake "there is a police-man." Noticing the approach of defend-ants, Mrs. D. ran further into the store, passing between the counters, and then turning went to the door, where she was seized by Kellar and arrested. She protested to Kellar and Raubb, both of whom now seized her roughly, that they were mistaken, that she was the wife of Dr. Dake, 310 Penn street, and also made what resistance she could as they forced her from the store to the sidewalk. We may here state that none of the witnesses called, except Freker, supposed that Keller was a policeman, as he was not uniformed. He seems, however, to have worn a star under his coat and to have carried mace. Kellar took charge of the colored boy, and Raubb seized Mrs. Dake. No only was she struck repeatedly, but she was grappled by the throat and kicked, the brute Kellar, in her rear, using violence toward her while retaining hold of the colored boy. Mrs. Dake screamed and called leudly for help, but none came, and when she had been literally dragged down Sev-enth as far as Smithfield street, a large enth as far as Smithfield street, a large crowd of people had assembled, which greatly increased as the defendants proceeded with their prisoners along Smithfield toward the tombs. At Damond alley Raubb called to his assistance officer Williams, to whom Mrs. Dake most piteously appealed for protection from the "villalms" who had been so brutally abusing her, telling him also who she was. Officer W. directed Raubb to take the "nippers" from her wrist, also to release her entirely, and he (Williams) would conduct her to the Mayor's office. This he did. The Mayor was in his office, and, after a partial investigation, in the presence of a highly excited crowd, he ordered Raubb and Kellar to be locked up, whilst Mrs. D. was convoyed to her home in a carriage. He felt, he said, as if this was the last great election the American people would ever participate in, and afterwards expressed a belief that the Democracy were going to be successful in the approaching contest. He had evidently had an introduction to Blair, the revolutionist, and feels confident that Frank is going to be elected, and carry out the ideas of his Brodhead letter. He need not letsuch idle thoughts trouble him, as neither of the dread calamities he mentioned are ever likely to be realized. The motion was decided in the negative by the votes of three men, who according to Democratic usage, voted loud and often.

It here appeared evident that there was

an element of discord in the Convention, which we afterwards learned to be an objection to the Chairman by three or four of the delegates on account of his previous political status, as it was stated that he had been a prominent member of the Know

John McClarren stated that in order to have an expression of the Convention he would move to adjourn to meet at two o'clock at the Democratic headquarters, Old Theatre. The motion was adopted.

Locomotive Explosion on the Connellsville Railroad — Seyeral Persons Injured— Death of the Fireman.

Between seven and eight o'clock vesterday morning a terrible locomotive explosion occurred on the Connellsville Railroad, at Armstrong's siding, near Eversons, Preston & Co.'s iron works, resulting in the severe injury of four men, one of whom subsequently died. It seems that engine No. 12, attached to the regular coal train, numbering sixteen empty coal cars, left the Ross Street Station in the morning at seven o'clock, in charge of Peter McGovern, Conductor, and John Kehoe. Engine Somebody whose particular taste, or fancy, may lead to their selection. The train proceeded as far as Armstrong's coke works, opposite Dam No. 1, where it was run in on the siding for the purpose of attaching some additional cars.

While coming out from the siding the front the purpose of the prime jumped the treek thus wheel of the engine jumped the track, thus stopping the train. Steam being shut off, efforts were made to replace the engine.
When all the necessary arrangements had been made, the fireman, George Gilmore, was directed to start the engine ahead. An instant after the steam was turned on, a terrible explosion occurred, making a total wreck of the engine and scattering parts of terrible explosion occurred, making a total wreck of the engine and scattering parts of it in all directions. Distressing Suicide.

Joseph Dawson, a man about thirty years of age, employed at the oil refinery of Maj. Ben. W. Worgan, at Negley's Run, on the Allegheny Vailey Railroad, yesterday committed suicide under very distressing cirumstances. The deceased had been drinking to excess and brought on himself that terrible malady known as delirium out a groan, the bullet tearing its way clear to the heart. His little girl, hearing the report, rushed to the side of her father to find him dead. Coroner Clawson will hold an

inquest to-day.

In order to guard against the destruction of the poor fellow's life from violence at his own hands, as he had given out mysterious hints in that direction, Major Morgan yesterday afternoon preferred a charge of dis-orderly conduct against him before Mayor Blackmore, hoping to have him arrested and locked up till he became sober. An officer, McCurry, was entrusted with the warrant for his arrest, but arrived at his house fully an hour after the man had committed suicide. The deceased, when soler, was a quiet, industrious and intelligent gentleman, universally respected by those who knew him. His wife was absent on a visit to the country at the time of the dreadful occurrence.

"Dog-Commonest" Enterprise. The Piltsburger Republikaner (Dem.) has arisen from its usual lethargy and has undertaken a tremendous piece of enterprise. In its Tuesday's issue it actually had translated three local brevities from the GAZETTE of Monday. If the Republikaner goes on like this it will need an extra translator soon. We are much obliged to it for its complimentary notice of us. It says: "The JAZETTE, the oldest and most influential organ of the Radical party in this county a party which calls itself the party of respectability par excellence." Afterwards, however, it repents of this asse tion and says: "The GAZETTE is the oldest and the 'dog commonest' Radical sheet here." The sarcasm, the withering irony of the Republikaner, the startling epithe "dog commonest" would really be quit blasting if we were not fortunately acquainted with the tremendous talent and

energy of that sheet. As it is, we manage somehow or other to exist under this attack. We wait anxiously until the Republikaner has translated our report of Blair's speech, as we like to read ourselves in German. If the usual energy is evinced we may get it Democratic Fizzle at Sodom. Another meeting or two of the same kind will give us ingreased mehe same kind will give us increased majorities. He called Grant a drunkard, a coward—one that sent his men forward and stayed behind drinking whisky and smok-ing clgars. Think of that, soldiers, and by a man, too, who was never near an army. Several Democratic soldiers present were utterly disgusted with his coarse rant, and will, in consequence, vindicate the fame of their old commander by voting for him.

Fast Driving-The Result. Yesterday morning a gentleman, while endeavoring to cross Fifth avenue at its junction with Market street, was knocked tremens. In his madness he obtained a rifle and entering the yard fronting his residence, placed the weapon on the ground, resting the muzzle on his stomach and touching the trigger with his foot, sent his soul instantly to eternity. He died without a groun, the bullet tearing its way dear a store near by, where medical attendance was summoned to attend him. The dash-ing Jehu seemed to think it too small a circumstance to be worthy of his notice, and unconcernedly drove away without diminishing his speed. It is said that he was previously warned against the practice in which he indulged, and if this be so, he should be arrested and dealt with according to the saverest parallies of the law ing to the severest penalties of the law. When people have no sense, and will not learn by mild methods, harsher measures

should be brought into requisition. The Approaching County Fair.
