BAILBOAD COLLISION. The following ticket was placed in nomi-Collision on the Panhandle Raffroad-4 Conductor Killed -- Locomotive and Cars

A terrible railroad collision occurred or Friday evening about half-past nine o clock, on the Panhandle Railroad at New Market Station, Ohio, one hundred miles west of this city. It seems that the express train, consisting of two passenger and two sleeping coaches, and one baggage and one express car, left the Union Depot at 2:35 P. M., under charge of Conductor P. K. Benner, the train being well filled with passengers and arriving on time at New Market. By orders the train was to lay over at New Market until 9:38 P. M. At the expiration of that time, it started on its way, and had proceeded about a mile west of the station when the Eastward Lound freight train came around the curve at the usual rate of

came around the curve at the usar late of speed. Both engineers immediately re-versed their engines, whistled down brakes, and then jumped off, the distance intervening between the trains being too short to prevent the collision. The engines came together with terrible force, completely wrecking them and crushing several of the cars. The baggage and ex-

ress cars were considerably smashed, while the passenger cars shared the same rate. The first sleeping coach was also crushed and broken, one of the passenger coaches having been forced through it, a distance of nearly four feet in the forward end.

Just previous to the collision, conductor Benner had gone into the forward sleeping coach, and when the engine whistled "down brakes," he ran out on the platform "down brakes," he ran out on the platform and was in the act of setting the brake when the collision occurred. He was dis-covered afterwards with his body partially forced through a window, both his legs caught between the platforms, and ter-ribly crushed, and the whole body, ribly crushed, and the whole body, so tightly wedged in by the surrounding timbers and iron rods as to consume nearly an hour in extricating it from the net work. As soon as he was taken out, he was conveyed to a neighbor's house, and medical aid summoned. Though terribly mangled, it was thought at first sight that

he would survive the injuries, but all hopes in this direction proved delusive, death ensuing on Saturday morning at eight o'clock, consciousness remaining until the last. The deceased was one of the oldest conductors on the road, was a resident of Steubenville, and leaves a wife and familv. None of the passengers on the train were

njured, although both passenger and sleep-ing coaches were well filled, all one of them, more or less being damaged, with the exception of that in the rear.

The engines were completely wrecked, and jammed together in such a manner as to be undistinguishable. The freight train which was filled with stock also suffered considerably, three of the cars contain-ing hogs and cattle being demolished, and head of cattle killed. The cause of the collision is not at pres-

ent writing known, but an investigation of the affair has been ordered.

Republican Meeting in Findley Township. A large and enthusiastic meeting of the Republicans of North Fayette and Findley townships was held at McHenry's mill, on Wednesday evening, Sept. 30th. Not only did the voters turn out in their might, but the ladies were there in large numbers to cheer and encourage with their smiles. We noticed several Democrats amongst the audience, who listened attentively to the telling remarks of the speakers. It is a well known fact that there are many waver-ing Democrats in this neighborhood, and as the speeches were bold, strong and convincing, it is thought the Democrats who were present will come out and join in the glorious fight for Grant and Coltax. The meeting was addressed by Thomas Ewing and Jacob H. Miller, Esqs., both of whom made able and elegant speeches.

whom made able and elegant speeches. They spoke on the different issues of the campaign and were often loudly applauded. The chairman, Mr. Robert McLaren, at the close thanked the audience for their good order and close attention, after which the meeting adjourned with three thundering cheers for Grant and Colfax. The people of North Fayette and Findley townships are fully aroused, their enthusi asm is unbounded, and they are working

with a determination to roll up a rote for Grant, Colfax and the entire Republican ticket. In this connection it might be mentioned

that there will be a grand mass Convention at Clinton, on Thursday, Oct. 8th. Large delegations will be present from the sur-rounding townships and from Beaver and Vashington counties.
