Gret Republican Demonstration-Letter from Senator Fessenden.

By Telegraph to the Pittsburgh Gazette. CLEVELAND, Oct. 8 .- The Republican mass meeting to-day was conceded by all hands to be the most imposing demonstration in numbers and enthusiasm ever made in Northern Ohio. One hundred thousand people were on the streets and the procession was an hour and a half passing a given point, marching rapidly in close order. The torchlight procession to night was fully two miles in length, close order. Addresses were delivered by Gov. Haves, Senator Sherman, ex-Secretary Stanton,

Gen. Garfield, Gen. Sherwood and Lieut. Gov. Lee.

Letters from Senator Fessenden, General Sickles, General Thomas, Schuyler Colfax, H. J. Raymond, Governor Curtin, of Pennsylvania, Senatar Conkling, of New York, and others were read, all expressing confidence. The latter urges the importance of the result in Ohio and Pennsylvania upon New York elections, and says: "Give us the majority you promise and in Peunsylvania the vote our friends there feel sure of, and we shall sweep this State cer-

POLITICAL RIOTS.

Meeting of Citizens at Wilkins' Halla The Inability of the Mayor to Presurve Order

Fully Demonstrated. Pursuant to a call issued by the Mayo and published in the evening papers of yesterday, a public meeting, irrespective of party; was held at Wilkin's Hall last evening, "to devise measures to aid the Mayor in the protection of processions, of either party, while moving through the streets of the Honorable, the Select. and, Common the city."

To the Honorable, the Select. and, Common Councils of Allegheny City:

At four o'clock a large number of persons having responded to the call, the Mayor took the stand and read the call, at the conclusion of which he made his usual speech. stating that he had at all times endeavored to do his duty and administer the laws without prejudice, etc., etc., (the same speech made at the hearing in the notorious Dake case, and repeated on the witness Dake case, and repeated on the witness stand in the Court House at the trial.) On motion of Mr. W. B. Cherrington, the

Mayor was called to the Chair. The following named gentlemen were selected as Vice Presidents: Thos. A. Steele, Esq., Ald. Jno. A. Strain, Hon. Geo. Wilson, John A. Wylle, Charles Jeremy, Gen. A. L. Pearson, J. R. Butterfield, Esq., Wm. Rafferty, Col. Joe Brown, Wm. Little, Esq., and Col. W. A. Herron.

Secretaries—Reporters of the Press.

A. J. Baker offered the following resolution: Besolved. That the Presidents of all Clubs. Republican and Democrats, be visited by a Committee from this meeting and requested to have no more torch-light processions.

Mr. McCarthy moved that the resolution be laid on the table.

After considerable discussion, the motion to lay on the table was adopted.

Mr. T. J. Keenan offered the following resolution:

Resolved, That the preservation of the

public peace and the protection of person and property is the highest duty of the civil authorities, and in order to this end, in view of recent events in our midst, we heartily endorse the recommendation of Mayor Blackmore, that the Clubs of eac political party cease all parades until after the election of Tucsday next. In offering the resolution, Mr. Keenan very improperly prefaced it with a short Democratic speech, which, as a natural consequence, created confusion, as the

meeting was not called in the interest of any party, or at least so the call read.
A motion was made to adjourn, but was voted down. woted down.

Mr. Myler took the stand, and after order had been partially restored, proceeded to speak against the resolution. He was in favor of having parades, and said that they should be protected by the authorities. If the police force was in-ufficient, the Mayor was authorized to call out an additional force and it was his duty to do so. He said that he was a Republican, and the commander of a Grant Club in Allegheny City, and as a citizen of that city would

handful finen, could preserve order and protect all processions, so long as they were peaceable and orderly, against any attack.
Mr. Keenan, at the conclusion of Mr. Myler's remarks, again took the floor, and in advocating his resolution made a bitter partizan speech, in which he alleged that every Democratic procession held in the city during the campaign had been as-saulted. His bitter partizan remarks had a tendency to create a confusion and the speaker seeing that he had attempted too

bold a game, left the chair upon which he, had been standing and sneaked out of the roon, and nothing more was heard of his Mr. Kelly, of the Fifth ward, then took the floor, and in a few remarks expressed himself in favor of having processions, and also of protecting them against the assaults of ruffians and vagabonds. The respectable citizens of his ward, he said, were willing to turn out on all occasions and defend processions of either party against attack; and could do it if the men in procession would not leave the ranks.

Mr. Rafferty ollowed and suggested that respectable citizens of the ward be constituted a special police force for the purpose of keeping order.

Mr.: Bartley T. Campbell succeeded in gaining the attention of the audience for a few moments, when he offered a resolution requesting the Mayor to call out a special police force, for the protection of proces-

ALLEGHEAY PARK IMPROVEMENT.

Report of the Commissioners Progress of the Work. The following report of the Park Comnissioners was presented and read in the Aflegheny Councils, last evening. We publish the report entire, as it contains many items of interest and importance to

GENTLEMEN In accordance with the re-nirements of the law, the Park Commisoners beg leave to submit the following information: They would first remark that in order to carry out the provisions of the act creating the Board, and providing for an assessment of the common improvement upon all the property embraced within the limits of the city, it was necessary to do a great amount of preliminary work. As provided by the act, a complete set of plane of the

ity were prepared showing the front age, area, and ownership, of each lot; and this basis the assessments were made. The improvement, as a whole, when it ampleted, being the criterion by which it would be judged, it was necessary to gi ve the question of the proper plan of treath ig

the question of the proper plan of treatil 1g
the ground careful and deliberate consideration as alterations during the progress of
the work might be such as to desiroy the
symmetry of the whole.

This preliminary was completed and at
proved by Councils in November last. All
this work was required before the Commissioners could get the approval of Councils
and proceed in the construction; the
amount and difficult character of the work,
together with the failure on the part of the amount and difficult character of the worst together with the failure on the part of the city to construct the sewers running through these grounds, has caused this very vexations delay in pushing forward, the improvement. After getting the ap-proval of Councils, the Commissioners proceeded to make the assessment. The evident intention of the act being to give the Board a yearly income of \$22,000.00; to be Board a yearly income of \$22,000.00, to the derived by taxation, it was necessary in making the assessment to make allowance for erfors, exonerations, losses, etc., and inasmuch as there was some question as to the legality of the levy on certain proper-ty in the city, the merits of which the Board did not feel competent to pass upon, they concluded to levy a tax upon all; and make it such an amount as would, in their udgment, yield them after all deductions the sum of \$22,000.00. The amount they ixed at \$28,000.00. The result so fur indi-

ing work, which is now in progress and With John Swan for the grading of. West Commons at 50 cents per cubic yard. With Robert Henderson, for stone for roads and walks, at \$1.29 per cubic yard. With Stein & Patterson, for grayel for roads and walks, at 90 cents per cubic yard. The different works of the Common improvement have not sufficiently progressed to justify any lengthy remarks upon their character. They, therefore, drop that sub-ject, and would speak of the efforts of the Commission in other preliminary arrange-ments. It is evident to any one that without the hearty co-operation of the Pitts-burgh, Fort Wayne and Chicago Railroad Company with the Commissioners in carrying out their plans, the effect of the inrying out their plans, the enert of the interpret provement would be seriously injured. Their attention was early directed fowards securing the co-operation of the officers of the Railway Company, who have been reported as unfavorably disposed towards the improvements and unwilling to assist 1 n any way. In a recent interview with Ger 1. Cass they found this report entirely erron ous, and were very much gratified at tl 10 promptness with which he entered into t he spirit of the thing agreeing to do all the Commissioners desired, and further assuring them that the Company would do noth that would disgrace the improvement They propose to erect a substantial wall on each side of their road where it trave rees the West Commons an dsurmount the same with an ornamental iron fence. The propose to pave the gutters and make such propose to paye the gutters and make such improvements on the tracks and a treet bridges, that they will present a neat appearance and be in keeping with the surrounding grounds. It being necessary to enclose at once the portions of the ground under preparation for planting, the question of a proper fence was carefully considered; ultimate economy would it idicate that a permanent fence be erected, I out this would involve a much larger outly y than the Cominissioners felt authorized to make again t Jack Bradford, before Acting May- the Commissioners felt authorized to make and was therefore abandoned. They now propose to enclose the ground with a cheap wooden fence as rapidly as the pre gress of the work, requires it, and ultim stely re-
