Gazette. The Nittsburgh FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, November 24, 1868. The money market is well supplied with all the capital required for the present lim-

ited business. Gold is made steady at a nominal quotation by speculators in bonds and stock; at about 134% at the close of business, some large lots were offered by foreign exchange dealers, and the market declined to 134%. The sales by the government amounted to one million dollars this week which were sold yesterday at 133 80-100, and to-day at 134%, both a shade below the nominal quotations of the gold room. The increased shipments of cereals, oil, cotton and other produce, as also the gold sales by government, and the large payments of coin in January next, will all contribute to depress the primium, and should Congress soon pass a law legalizing specie contracts, and make government bonds abso lutely payable in coin the demand for bonds would largely increase from abroad, and thereby avoid the shipment of specie. Government bonds were firm during the day, and had advanced about 1/2 to 3/4 per cent. for new bonds, and one per cent. for the old 1862 Five Twenties, in which there

rather easier, and the outside quotations could not be obtained. In stocks tut little is doing, and quotathe effect of depressing the stock to 137%; cent campaign for the Democracy. what the clique will do with their stock is more than anybody can divine; they will, no doubt, make a desperate effort to raise the price of the stock so as to be enabled to sell out on. In Western shares the business is confined to clique stocks, but the outside public have no confidence in present prices. Fort Wayne is the only strong stock held and bought by parties for actual and investment, or in order to draw the next dividend. Express shares were very firm,

and advanced from 11/2 to 5 per cent. In local stocks the market is quiet; transactions are confined to private sales, and do not become generally known except among a few parties who make it a speciality.

Business is very dull. Money commands

from 12 to per cent. per annum for good paper; third rate paper is unsaleable.

—The Chicago Tribune, of Monday, says: The general result of the business of the week closed to-day, has been a slight improvement on that of the previous week. There has been but little increase of activity in business, but what has been done, has put matters in better shape for the closing in of winter, by an increased proportion of shipments of grain as compared with receipts which has considerauly diminished the quantity in store here. Wheat being the article which counts the heaviest in value, will serve as in index of the amount of value held in grain in store as compared to previous years. A few weeks ago, when the check to the eastward movement of grain was causing an immense accumulation here, which seemed a formidable load with which to enter the winter, the amount of what in store was about 1,600,000 bushels. Extra efforts were, however, made to get it oft, private capital was changed from advancing on the grain of country shippers, to carry it to New York, the banks strained (a point or two, and took a few time bills, and so by hook and crook, and with the dimished receipts, and took a few time bills, and so by hook and crook, and with the dimished receipts, the amount in store is now reduced to about 1,000,000 bushels. PITTSBURGH MARKETS. OFFICE OF THE PITTSBURGH GAZETTE,

The general market continues dull, though as noted yesterday, some articles are considerably stronger, particularly Flour, and some kinds of Grain. As yet, however, there seems to be no improvement in the demand, and as a consequence, the volume of business in the aggregate, is light, and prices, generally, are without quotable change. The impression however, is gaining strength that the worst has been passed, and that better times are near at hand. APPLES-There is a continued good de-

mand, and the market is steady with reg-ular sales at \$2 to \$4 per bbl. APPLE BUTTER—Dull but unchanged; sales at 70 to 75 in kegs, and 80 to 85 in

OCKS.
BUTTER—Is steady with regular sales
prime to choice Roll at 38 to 40c.
BEANS—Sales prime small white, at \$3.75 to \$4 per bushel. BUCKWHEAT FLOUR—The demand is rather better; and we can report regular sales at 4½ to 5 cts.
CHEESE—Dull; sales of Hamburg at CHEESE—Duil; sales of Hamburg at 17c, and Goshen at 19 to 20c.

CRANBERRIES—None in market; prime eastern cultivated could not be sold here below \$24 to 25 per bbl.

CIDER—Sales prime Sweet at \$9 to \$10

per bbl, of 40 gallons. Demand falling off. GRAIN—There is little or nothing doing in Wheat, in this market, though it is firmer. Oats dull but unchanged; may be quoted at 60 to 62 on track, and in elevator, and states in store. New Corn is selling. and 64 to 65 in store. New Corn is selling at 70 to 75, and old at \$1 to \$1,05, for mixed at 70 to 76, and old at \$1 to \$1,00, for mixed to prime yellow. Rye is firmer, and buyers could doubtless be found at \$1,88, while, so far as we can learn, there are no sellers below \$1,40—that is for round lots. Barley also is considerably firmer, and brewers and maisters begin to talk about buying area in we now quote prime Spring at \$1.90.

and malsters begin to talk about buying again: we now quote prime Spring at \$1,80 to \$1,85, and prime Fall at \$2,00.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, TUESDAY, November 24, 1868. The excitement in the oil market still continues, and at this writing, there is at little prospect of it subsiding. To give tone to the market it was reported to-day that Belmont, the great money king of is a corner; at the close, the market was New York, had commenced buying, in connection with some other well-known capitalists of that place.
