**SUPREME COURT.**

After a number of unimportant motions had been submitted to the Supreme Court to-day, Judge Black asked leave to be heard on the question whether the act of 1865, repealing the act of February 5th, 1867, giving jurisdiction to the Circuit Court in habeas corpus cases, would have the effect of depriving this Court of jurisdiction in the McCardle case, which was argued on the 10th inst. He said there was of course a difference between habeas corpus and the writ of habeas corpus, and that the act of 1865 was not intended to deprive this Court of jurisdiction in the latter case. He pronounced, and Mr. Carpenter taking the reverse view, the Chief Justice announced that the Court would hear the argument on that point, leaving to counsel to agree upon the time. It was accordingly arranged that the argument would be heard on the first Monday of February next.

After the hearing of motions was concluded, the argument of numbers thirty-five and forty-four, the Louisiana confiscation case, was closed.

George Lagerton, sheriff of Brown county, burglar and thief, charged with the murder of Mrs. Hill, was brought into court this morning. The counsel of Mrs. Twichell moved to quash the indictment against her on the ground that the District Attorney had exercised undue influence on the Grand Jury to induce them to bring in a true bill, and warranted by evidence, which he offered to prove by the District Attorney, foreman of the Grand Jury, etc. The Judge refused that no person could be examined as to what transpired in the Jury room, and refused the motion. The prisoners were then arraigned and plead not guilty.

NEW YORK, December 11, 1898.

The Tribune says of the President's message: "It is exceedingly desirable we should begin forthwith to fund our past due Five-twenties at a lower rate than six per cent. but Mr. Johnson and his fellow repudiators seem resolved that they shall never be able to do so. This message will compel our people to pay many millions in six per cent. interest which they could have saved had our President been content with the present of disgrace he had allowed himself to incur. Only twelve weeks more and the country will be rife with ruin. It is hard, but we can endure him twelve weeks longer. Thank heaven he has only power to disgrace us."

The Lafarge property, known as the Southern Hotel, on Broadway, was sold at auction yesterday for \$71,000.

A break occurred in the main Cotton water pipe in Third Avenue, between 33d and 34th streets, on Wednesday, which occasioned serious damage to property in the vicinity. A large quantity of water escaped, deluging the cellars of the adjoining buildings. The drug store suffered to the extent of \$50,000.

There is a good deal of consternation among the Custom House officers at the rumors of the approach of a general deaportment. The large tobacco establishment of John Thompson, in Brooklyn, has been seized under an alleged attempt to defraud the Government.

The Democratic Soldiers' and Sailors' Association of Brooklyn has become a permanent institution. It is provided that members being sick shall be taken care of by the association, and that the funeral expenses will be defrayed.

It is rumored the New York Yacht Club will probably throw out a challenge to the world for a trial of speed of yachts of the several nations.

Under an agreement between the Morris and Delaware, Lackawanna & Western Railroad and the latter party to take whatever, perpetually, and a continuing one per cent. after a certain period, a verdict for the Watson-Creevey revenue case. The Kentucky Bourbon case was postponed owing to the absence of some defendants, it being necessary to try all together on the charge of conspiracy to defraud the Government.

Justice Shandley has discharged Hickey and Morn, charged with the commission of the Broadway theatre outrage some months ago, fully exonerating them from any legal wrong.

A case is before the Supreme Court, of Robert F. Getty and others, to recover from the heirs of Daniel Devlin an amount subscribed to the formation of a new defunct oil company.
