PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, December 21, 1868. The general markets continue dull particularly so to-day, the weather being unfavorable for out door operations, though at best, business is and has been for some time past, dull. It begins to look now as if there would be no improvement until after the first of the new year, and even then, our expectations, will be easily satisfied. Money being very tight has a tendency to squelsh anything like speculative feeling, and the demand for almost everything is restricted entirely to supplying the immediate wants of the home trade.

APPLE BUTTER—Unchanged, at 70 to 75 in kegs and 80 to 85 in crocks.

The Stock Exchange this morning was the scene of the wildest excitement, the cause of which was the announcement by the Treasurer of the New York Central Company, in a card bearing this date, that at the meeting of the Directors of the road on the 19th inst. a scrip dividend of 80 per cent. was declared, also a cash dididend of dent. was declared, also a cash diddend of 4 per cent. payable February 20th, on the old stock and on the new scrip certificates. A scrip dividend is issued to each stock. in the form of a certificate signed by the President and Treasurer of the Cominy. It declares the owner's entitled to per cent, of the amount of stock held by him, that the same dividends shall hereby him, that the same dividends shall hereafter be paid thereon as declared in the old
capital stock, and that certificates may be,
at the option of the Company, converted
into stock whenever the Company shall be
authorized to increase its capital to the
amount sufficient for such conversion.
This dividend was an astounding surprise
not only to a majority of the stock operators
at Exchange but to many who were supat Exchange but to many who were supat Exchange out to many who were sup-posed to share the confidence of the con-trolling owner in the road. Some of the Directors deny that at the close of business Saturday, they knew the dividend was to be declared, and it is reported the truth of the report we cannot vouch for that a of the report we cannot vouch for—that a meeting of the Directors was held late Saturday night, at the house of one of their number, that everything had been prepared for the immediate consummation of the scheme, and that the business was has tily closed. Various other rumors of all grades of probability are current, among them one to the effect that there has recent them one to the enect that there has recently been a perfect understanding between the Erie party and the Vanderblit party, and this theory is sustained by the fact that the brokers of the firm first by the fact that the brokers of the firm first named were conspicuous purchasers of the New York Central during the past week. A large number of new certificates were issued this morning at the office of the Union Trust Company, holders of stock showing a desire to obtain the same before any legal proceeding could be instituted to prevent the issue. It has been so often reported that this dividend was soon to be declared, and so often deferred, that wall street, although believing it would ultimately be done, had become indifferent to reports and regarded it simply as one of the means used to frighten speculative mately be done, had become indifferent to reports and regarded it simply as one of the means used to frighten speculative sellers of stock into covering. The consequence is, a large number of them have been entrapped and must sustain great loss. On Saturday evening the closing quotation was 133% @134. This morning the earliest sales were at 165 to 161, and subsequently the course of the stock was as follows: 161, and subsequently the course of the stock was as follows: 162, 169, 167, 163, 161, 163, 164, 162, 162%. RIVER NEWS.

The river was rising steadily at this point last evening with seven feet six inches in the channel. The Allegheny was putting out considerable ice nearly all day yesterday, from which, it is fair to presume, that the gorge has given way. The Monongahela was almost clear of ice. Weather was very unpleasant, with a mixture of snow and sleet falling at intervals. The Ingomar, from Parkersburg is the only arrival we have to report. No departures.

The Messenger, from St. Louis, is among the first boats due.

The Leonidas and Champion from Cincinnati, may be expected in within a day or Coal boatmen were busily engaged in cetting things in order yesterday, though they will not venture out until the Alle-

gheny ice runs out.
The Camelia, Capt. Poe, is announced to The Camella, Capt. Poe, is announced to leave for Nashville this evening.

The Lorena, Capt. Shuman, will be the first boat out for St. Louis, as will also the Armenia, Capt. A. C. McCallum, Sr., for The Sallie, Capt. T. S. Calhoun, is load ing for Cincinnati and Louisville.
