PITTSBURGH PETROLEUM OFFICE OF THE PITTSBURGH GAZETTE, WEDNESDAY, December 30, 1888. The market for both Crude and Refined was decidedly stronger, if we allowed the expression, "bullish," and with considerable liquidity in offerings, there seemed to be a strong upward tendency.

The Crude market was considerably firmer, and somewhat excited to-day, and with an improved demand, prices advanced upward. Spot oil was wanted at 12 1/2 to 14 1/2 while so far as we could learn, there were no sellers below 13. Sale of 1,000 bls (40 to 45) first six months, sellers' option, at 12 1/2.

The Refined market was also considerably firmer, and somewhat excited to-day, and while immediate delivery is unchanged, "future" are higher. We can report two lots of 1,000 bls each, for December at 30; 1,000 bls for February at 29 and "bls" of 500 each from January to December, at 29 for January, and an advance of half a cent for each subsequent month, averaging 32 1/2. We are cognizant of 30 having been offered for January to March, and 31 1/2 to 31 3/4 for January to June.
