SENATE.

Mr. CONKLING presented a protest of citizens of New York against the House bill fixing the duty on copper, and proposing a substitute. Referred to Committee on Finance.

Mr. NYE introduced a bill to facilitate telegraphic communication between the Eastern and Western Continents. Referred to Committee on Commerce.

Mr. TRUMBULL, from the Committee on Judiciary, reported and recommended the indefinite postponement of the following:

A bill to facilitate the decision of questions in conflict between the United States and States by the Supreme Court of the United States.

A joint resolution for the payment of claims of loyal citizens of the United States. The House bill to extend the jurisdiction of Probate Justices of the Peace in Idaho and Montana.

Which were accordingly indefinitely postponed.

On motion of Mr. EDMUNDS, the Senate took up the bill to prevent the holding of civil offices by military officers, and to prevent the holding of more than one office at the same time.

After discussion, the morning hour expired, and the Senate resumed the consideration of the bill for the relief of Mrs. Murry, which was also debated, without action, until 3:40, when, on motion of Mr. TRUMBULL, the Senate went into Executive Session, and a few moments afterwards adjourned.

HOUSE OF REPRESENTATIVES.

The House took up the bill reported yesterday from the Committee on Naval Affairs, to increase the efficiency of Medical Department of the Navy.

After a brief discussion of the bill, on motion of Mr. SPALDING, it was laid on the table.

The SPEAKER presented a communication from the Secretary of the Interior and Attorney General, in reply to a resolution of the House, stating that no diminution can be made in the forces of their departments, or in the compensation of employees.

Mr. WASHINGTON, from the Committee on Foreign Affairs, reported a bill for the relief of the widow of Mr. Coggeshall.

After considerable discussion, Mr. JOHNSON objected to the resolution being referred to the Committee on Territories.

The House then went into Committee of the Whole on the state of the Union, and was addressed by Mr. COBURN on the question of finance. He argued against the propositions to return to specie payments, or to provide for immediate payment of the national debt. He favored the passage of a funding bill, which would reduce the rate of interest. He would cut out, as far as possible, all imports of luxuries, would develop every avenue of improvement to the vast mines of the west and encourage manufacturing interests, and would expand the currency to meet the reasonable wants of the people. This was the gradual and easy method of redemption.

Mr. HANSEN spoke in favor of the resolution of the Provisional Government of Crete.

The Committee arose and Mr. ASHLEY, of Ohio, introduced a bill to facilitate commercial intercourse between States and Territories with foreign countries, which was referred to the Committee on Territories.
