The midnight service at St. Albans Episcopal Church, New York City, on Christmas Eve, must have been a grand affair. The priests were robed, incense swung and banners borne in procession.

It is possible that the presence of incipient forms of disease of the vascular system might altogether prevent such exercise from being undertaken.

In Erie, Pa., there is a large manufactory of workers in brass where the machinery is driven and the buildings lighted by the gas from an unproductive oil well.

The time of holding the Pittsburgh M. E. Annual Conference, has been changed from March 24th to March 17th, by Bishop Ames, at the request of a number of the members of that body, who would be incommode by the first named time, on account of it being near the period for moving.

The Boston correspondent of the New York Christian Advocate reports that several of the once devoted followers of Theodore Parker have been converted and are now zealous members of the Methodist Episcopal Church.
