Financial Matters in New York. Gold Closed at 135%a135%. EBy Telegraph to the Pittsburgh Gazette.]

NEW YORE, January 12, 1869. MONEY.

During the morning there was a more active demand for money, incident to an active demand for money, incident to an enlarged business on Stock Exchange, and borrowers on call paid seven per cent. cur-Prints: market excited and all the dark rency, and in many instances coin interest. The rumors that artificial stringency is to be attempted were not credited, and the advan bank returns to the Clearing House to-day furnish no such indication. The flow of currency here continues. Towards the close of bank hours . the market became very easy, and the supply offering at the legal rate was in excess of demand-after 3 o'clock loans made at 6. The transactions at coin interest ware exceptional and on mixed collaterals, and the borrowers were parties not in the best standing on the street. Commercial paper dull at 6a10 per cent. Sterling stronger with few produce bills offering, and teading bankers are dis-posed to advance the rates to shipping point for gold to 91/09%. Gold stronger and more scilve, in sympathy with Ex-change, ranging from 1351/: to 1851/; and closing at 155//(01551/; Gross clearances to day #48,000,000). The Gold Exchange by a vote of 178 to 121 agreed to retain in the by laws the privilege to members of being epresented in the rooms by powers of attorney.

RIVER NEWS. The rain storm which, set in on Monday afternoon was succeeded by a heavy fall of DILLINGER & STEVENSON, snow on Monday night, and yesterday the weather was cold and disagreeable, and in the afternoon and evening it was freezing pretty sharply. The thermometer at 4 p. m. was down to 30, and the wind seemed to be veering around to the west. G. A. predicts that we are about to have some cold weather, and it is to be hoped that his predictions will be verified.

The river was still swelling last evening with sixteen and a half feet in the channel. The Kenton will lay over until Friday. The Bayard, Capt, Moore, is the regular packet for Parkersburg to-day, leaving at We have no further particulars in regard

Hayes came here, looked at the boat, and agreed to give a deed to certain property in Louisville valued at \$12,000 for her. James Greer, went to Louisville, was shown the property, and being satisfied of its value, returned here, and hastened to that city with the boat, where she was to be delivered to her new owner. The exchange was duly made, and Hays imme-diately after getting possession of the boat, steamed down the river, and has not since MEMPHIS, January 12 .- Cotton quiet and been heard of. DISEASED LUNGS.

There is no doubt whatever that diseases of the unge, or alcers of whatever sort, on any of the in ernal organs may be, and are frequently oured, and complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a ondition to do the repairing of the human system licers or sores, whether upon the lungs, the liver, the kidneys or the bowels, or upon the legs, as is requently the case, can be made to heal, and a complete standard of health re-established

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and UNION PACIFIC RAILWAY carry out of the animal economy all effete and used up material. LUNG CUBE 18 ENDICHED BY SOME OF THE MOST VALUABLE PLAN TS AND HERES ENOWN TO BE USEFUL AND OURATIVE IN ALL DETE BIORATED STATES OF THE HUMAN BLOOD, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glanular system to suffilent action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great nedicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no failing into declines and rapid consumption. topelessly incurable and so most surely fatal.
