MONEY. Reports that the Treasury was about to sell gold and bonds were again raised today, but without affecting any of the markets. The National Banks are receiving
a large amount of currency daily, and are
depositing their surplus with the Assistant
Treasurer for three per cent. certificates.
Eight hundred and fifty thousand dollars
were thus deposited on Saturday and to
day. The Treasury is thus likely to receive all the money it wants. The continued issue of these certificates, of which
about sixteen millions are left on hand,
must add to the ease in money and the
general buoyancy in Wall street. Sherman's bill, which was, reported to the Sentall the cotton business of the South to be

The railway market opened weak, particularly on the Western list, influenced by legislation pending in the Illinois Legislature. The lowest prices were made after the first regular boards, after which the market strengthened; and soon became active and excited, which feeling continued to the close of the day, when the market was strong; though somewhat unsettled. The largest dealings were in New York, Fort Wayne, Rock Island, Pittsburgh, Wabash and Old Southern. Closing prices were about the highest of the day. The Express says it is rumored that the McCuilough party are in league with the Lane party, in the Cleveland & Pittsburgh matier, and that the recent appointment of resident of convertible bonds, are a part of the plan to induce short sales, whereby a sharp orner can be made.
