-We clip the following from the Davenport Gazette in regard to the "White Davidson as President. Five towboats and twenty barges will comprise the pres-ent stock of the Company. The North-ern Line, for eight years, has had almost exclusive control of Pittsburgh freight which was destined for the Upper Mississippi country. Commodore Davidson proposes to smash into this arrangement, and feed his line with Pittsburgh freight; as well as freight from other Mississippi tributaries. Why not? says Captain Raney. Sure enough, why not? will be the ejaculatory answer of all, merchants along the Mississippi who buy iron, glass, nails and other ware at Pittsburgh.
