

CITY AND SUBURBAN.

The Allegheny City Engineer's office has been provided with a large new table for drawing purposes.

**Five Parlor Chandeliers** for gas and oil, of all the latest styles, will be found at wholesale and retail at the warehouse of Weldon & Kelly, corner of Wood street and Virgin alley. The trade, as well as retail parties, supplied at most reasonable prices.

**Western University.**—The third term opens on Monday, February 1st. The courses in College, Scientific, Commercial, Preparatory, Classical and English studies, and German and French, are full, as shown by the catalogue, to be had upon application to Dr. Geo. Woods, corner Ross and Diamond streets.

Elsewhere will be found the advertisement of James Conner, wholesale grocer and dealer in salt and fish. Mr. hand at No. 353 Liberty street, ready any of our readers who wish to purchase anything in his line would do well to give him a call. Remember the place, 353 Liberty street.

**Fell from a Carriage.**—A little daughter of Mr. J. Klee, about three years of age, fell from her father's carriage at the corner of Fifth avenue and Wood street, Thursday afternoon, receiving painful injuries by the fall. She was taken into a store nearby and attended to by Dr. Rhoads, who happened to be passing that way at the time of the accident.

**Grand Matinee.**—The managers of the Union Church Club Fair, now in progress in the basement of St. Paul's Cathedral, will hold a matinee this afternoon for ladies and children. A brass band will be in attendance, and the open, the floral pagoda, the museum and exhibitions on the velopede will be given. It will amply repay a visit.

**A Vagrant.**—Geo. Couch, a well known vagrant, has been sojourning in the number of little borough of Millvale for the number of days past, somewhat to the annoyance of residents there, to whom Mr. John Emmet, made information before Burgess Williams against him for vagrancy, yesterday, upon which he was committed to the county jail for thirty days.

**Pierce Threats.**—Chas. B. Stein made information before Alderman McEasters yesterday, against Julius Dougherty, an independent policeman, for surety of the peace. Stein alleges that Dougherty forced his way into his house on Thursday evening, and threatened the entire family with destruction, because they interfered to prevent him from taking possession and doing as he pleased about the premises. A warrant was issued.

**Amateur Concert.**—There has been this season such a dearth of home concerts, that we welcome with great pleasure the announcement of the musical soiree to be given next Friday at the Academy of Music, under the direction of Mr. Fiedoux. The Professor offers us an unusual array of talent. With the memory still fresh of his many successes, and a glance at the list of his assistants, we can safely say that the patrons of art in our community have in store a most delightful entertainment.

**The Literary Exhibition** given last evening in the College Hall of the Western University, by the students of the Preparatory Department, was well attended, and altogether was highly creditable to the performers and the institution. The exercises consisted of recitations in prose and poetry, and each of the declaimers displayed admirable training. The Mechanics Silver Cornet Band, of Birmingham, was present and enlivened the occasion with excellent musical interpretations.

**Blake's Pew Hat Back.**—We are glad to learn that the trustees of the congregations in the neighborhood are supplying their church edifices throughout with these useful and necessary appendages. This is the proper way of doing the article. When the supply is left to the members individually, the result will be an imperfect and unsightly, arranged irregularly, and therefore presenting an unseemly appearance. No want of uniformity should disfigure a house of worship.

**Alleged Aggravated Assault.**—Phillip Kolouff was brought before Alderman Lynch, yesterday, to answer two charges of aggravated assault and battery, preferred against him by Chas. Foggie and Louis Ferguson. The prosecutors state that they went into a tavern kept by the defendant on Fifth avenue, Sixth ward, and injured for one of the boarders there, when they were attacked by Kolouff, who belabored them with a boot in a vigorous manner, inflicting a number of bruises and lacerations. Kolouff, after a hearing, was held to bail for court.

**The Finance Committee** of the Allegheny Councils have held no meeting yet, for the reason that all the other committees have not reported to them the amounts which they desire to be appropriated to their respective claims for the ensuing year. The Committees on Streets, Gas, Water, Wards and Landings and Markets have reported, and the remainder will do so in a few days. We could not obtain any definite information in regard to the amounts reported thus far, but have reason to believe that the appropriations will not differ much from those of last year.

**The Benninghoff Robbery—Conviction of One of the Robbers.**—Yesterday the trial of the men Gager and Shippert, charged with being parties to the famous Benninghoff robbery, was brought to a close in the Venango county court, resulting in the conviction of the former and conviction of the latter. It will be remembered that several hundred thousand dollars were taken in January, 1868, in bonds and greenbacks from the safe of the old man Benninghoff by a party of four men, who had gained admittance to his residence as travelers. They knocked him down, robbed him of his keys, opened the safe and abstracted the valuable deposits and despatched. Fifty thousand dollars were offered for the arrest of the thieves, but the principal ones escaped. Shopper and Gager, being an escaped officer Hague of this city. Gager had been living with Benninghoff, and circumstantial evidence seemed to point to his complicity in the robbery, but he has been declared innocent by a jury. It was proved that Shopper had received some ten or twelve hundred dollars as his share of booty, and he was accordingly acquitted. As the principal robbers are recovered, it is not probable that Mr. Hague will get the offered reward, but he deserves at least a share of it.

Allegheny Police Appointments.

The Police Committee of the Allegheny Councils held a meeting last evening at the Mayor's office, and in conjunction with Mayor Drum made the following appointments for the ensuing year:

**Chief of Police**—Wm. Bowden.  
**Captain of the Watch**—Samuel Crow.  
**REGULAR FORCE.**  
Alf. Gabby, S. S. Hager, Jackson Scott, John Hall, John McRoberts, Chas. Heasley, Wm. Nixon, Wm. Kennedy, Martin Shaffer, John Long, Joseph Campbell, John Lathery, Wash. Swinick, John Palmer, Chas. McChesney, Allen Stewart, Edw. Campbell, Nathaniel Leis, Edward Brooks, John Sylenberg, Henry Bahrer, Richard Wilson, John Blakey, Wm. Weir, Robt. Cornutus, Geo. Williams, Alex. Gibson, John Mink, Daniel Graham, Wm. Crawford, John H. Mueller, Benjamin Clark, John Hill, J. C. McIntire, J. C. McIntire.

SUBSTITUTE—John Caldwell.

As will be seen all of the old officers have been reinstated with the exception of five members. The reasons have not been decided upon as yet, but will be chosen from the regular force. It was decided to make a change in the manner of putting the force on duty. Hereafter four of the number will be put on duty for office duty, and the remainder divided into three divisions or reliefs. The first relief will go on at noon of each day and remain until midnight. The second relief will go on at eight in the morning, and the third relief will go on at eight in the evening, and remain until twelve o'clock, when, as is generally the case, their services are most needed, and it is thought that the police system may thus be made more effective and beneficial to the interests of the city.

The Committee also decided to uniform the members of the force in a manner and with regulations similar to the system in practice in Pittsburgh. The salary of the police will be increased one hundred dollars, and the regular force placed on an equal footing in regard to pay with the regular force. It was also decided that the police should be paid on duty during the day, and that the amount necessary for an estimate of the cost of the system during the year, should be not at liberty to give the exact amount. It will, however, vary but little from that expended last year.

The Birmingham Burglaries.

The old saying that "murder will out" is verified almost every day, and it appears to apply to burglaries as well. About the 23rd or 24th of December last we published an account of three burglaries perpetrated in Birmingham. The shoe store of Jacob Voelker, the harness shop of Jacob Schutz and the tailor shop of John A. Pat, stating that there was no clue to the perpetrators of the burglary.

It has transpired since that time, however, that there was a clue which led to the capture of a few days since. A few days since street men James Habison, and discovered that he had upon his feet a pair of the boots which had been taken from his shop on the night of the robbery. The officer Pender, who "worked up the job," traced the robbery to a tavern on Grove street, kept by Michael Harrison, his brother, and there it appeared, four other goods, which were subsequently identified as part of the stolen property. It also transpired that the stolen property had been taken to this house by Robert days after the robbery. Some certain that Michael Harrison assisted by McLaughlin and Cousin at a late hour of the night transported boxes of goods to the residence of Miss Anna McLes on Wythe street, and the stolen property was found.

James Habison was arrested and placed in the lock up several days since, where he was kept until yesterday when he was arrested by his brother and McLaughlin and Cousin, who it appears have been absent on a peddling tour, for several weeks past. In the meantime information was made against Mrs. McIntire for receiving stolen goods. She was arrested yesterday and after a hearing before Alderman Strain she was held to bail in the sum of five hundred dollars for her appearance at court.

Three informations charging Michael Habison, Robert McLaughlin and Henry Cousin were made yesterday and warrants issued for their arrest. James Habison was released on his own recognizance for his appearance at court.

A Sensation.

A young girl about sixteen years of age, residing in the Third ward, Allegheny, created considerable excitement in the vicinity of her residence yesterday afternoon, by feigning to come to the floor of one of the rooms in a semi-conscious condition, and when raised up faintly whispered "Au-dieu." Her mother was absent from the house at the time, but returned quickly in answer to a summons, as she supposed, to witness the last scene in her daughter's mortal career.

After a deal of excitement, confusion and speculation as to the cause of the rash act, it was remarked by one more sage than the rest, that the odors emanating from the girl, in which the death dealing fluid was supposed to have been, seemed coincident in the perfume from a bottle which was taken up quickly and present, who thereupon left in disgust, deeply clenching at this termination of an affair which promised such a rich field for gossip and wonder. The young girl recovered in a few hours, with an exorable lesson for her future deportment, at least in this line.

Sharrburg.

This town is favored with churches as follows: One Presbyterian, one Methodist, one Baptist, one Lutheran, one Methodist Episcopal, and two Roman Catholic, one Irish and the other German. Although the foreign element is numerous, which, of course, supports the Democratic party, and the Roman Catholic churches are making considerable progress by way of conversion, the revival of religion is now in progress in the Methodist and the Methodist Episcopal churches, and a number of persons have already been received into their respective societies.

Death of Mr. John Chislett.

This well known and eminently accomplished and useful citizen died on Thursday, his residence, on the grounds of the Allegheny Cemetery. Mr. Chislett was a man of many accomplishments, much grace of manner, and withal a humble and devout Christian. He was born in Somersetshire, England, in 1800, and emigrated thence to this country in 1832, arriving in New York in the first year of the prevalence in that city of the Asiatic cholera. After a few months of hesitation as to where he would settle, he came to Allegheny, and there he remained until the year 1840, when he came to this city, and there he remained until his death, which occurred on Thursday, January 29th, at the age of 68 years. He was a student of civil engineering, landscape gardening and floriculture. To his skill and skill as an architect, to which profession much of his time was afterwards given, as many public and private buildings in the city and neighborhood "designed by him" attest. He was a student of civil engineering, landscape gardening and floriculture. To his skill and skill as an architect, to which profession much of his time was afterwards given, as many public and private buildings in the city and neighborhood "designed by him" attest. He was a student of civil engineering, landscape gardening and floriculture. To his skill and skill as an architect, to which profession much of his time was afterwards given, as many public and private buildings in the city and neighborhood "designed by him" attest.

For the last six weeks, the year of his death, he had been suffering from a severe attack of the disease, which he had contracted in the city of New York. He was a student of civil engineering, landscape gardening and floriculture. To his skill and skill as an architect, to which profession much of his time was afterwards given, as many public and private buildings in the city and neighborhood "designed by him" attest. He was a student of civil engineering, landscape gardening and floriculture. To his skill and skill as an architect, to which profession much of his time was afterwards given, as many public and private buildings in the city and neighborhood "designed by him" attest.

On Sunday at 2 o'clock P. M. his remains will be removed to their last resting place in the Allegheny Cemetery, where he will be buried. He was a student of civil engineering, landscape gardening and floriculture. To his skill and skill as an architect, to which profession much of his time was afterwards given, as many public and private buildings in the city and neighborhood "designed by him" attest.

Alleged Chicken Theives Arrested.

The Plunderer Being Arrested—The "outer depot," Second ward, Allegheny, made information before Mayor Drum yesterday morning, against three men giving their names respectively as A. Wehrnd, Augustus Schreiber and Peter H. Krohn, for the theft of chickens. They were arrested about a hour and a half ago, and taken to the police station. The officer immediately succeeded in arresting the party, who had their possession of a dozen chickens and two ducks, taken from the chicken pen of the Mayor's office in search of twelve stolen chickens. The officer immediately succeeded in arresting the party, who had their possession of a dozen chickens and two ducks, taken from the chicken pen of the Mayor's office in search of twelve stolen chickens.

New Library Association—Organization and Election of Officers.

For some time past the citizens of the Seventeenth and Eighteenth wards of Pittsburgh have been agitating the subject of a Library Association and Reading room, to be located in that portion of the city. The matter assumed a definite shape on Thursday evening, when a number of those interested in the subject met at the residence of one of the Association, and the following officers were elected:

**President**—G. S. Bates.  
**Vice President**—G. D. Glover.  
**Recording Secretary**—Wm. D. Keller.  
**Corresponding Secretary**—Wm. D. Keller.

**Directors**—William H. Mann, C. H. De Knight, James W. Campbell, David Zink, Samuel McElroy, J. R. Lewis.

Sixty-two persons signed the roll of membership at the meeting, and it is said that a number of others not then present, but who were favorable to the enterprise, will add their names to the list. The Arsenal Lodge of Good Templars propose donating the proceeds of a fair to be held under their auspices a few weeks since, amounting to about \$500.

The gentlemen connected with the new organization are well known for their energy and enterprise, and under their management it can hardly fail to flourish in a short time.

Coroner's Inquest.

Coroner Clawson held an inquest yesterday morning on the body of Mrs. Sarah Rickard, an old lady who resided with her daughter-in-law at No. 18 Fayette street, Fourth ward, who died of apoplexy Thursday about five o'clock P. M. The deceased, a short time before her death, complained of feeling a dizziness in her head, but started out into the yard. As her absence was somewhat unusual, her daughter-in-law went in search of her and found her in the outhouse in an unconscious condition. A female nurse was called, and the lady removed to the house, where she expired in a very few moments. Dr. Hamilton testified that death resulted from apoplexy, which, he stated, had effect was rendered by the jury. The deceased was seventy-seven years of age, and was a native of this country. For more than forty years past she had resided in this city.

**Legal, Epistolary and Business Stationery** in endless variety, will be found, at cheap prices, at Col. J. D. Egan's, Sixth avenue, near Smithfield street.

We Clipped the following from an spy copy.

temporary the *Evening Mail*, one of whose editors and proprietors was recently an employee of the Commercial. It is too good to be lost, reading thus:

THE "COMMERCIAL" BLOWS A LOUD HORN AND MAKES A LOW BID.

Our mammoth neighbor, *The Commercial*, appears to be afflicted with a very dangerous newspaper disease, viz: the want of advertisements, and it is necessary to be advertised in its own columns. It is too good to be lost, reading thus:

Had the Commercial any circulation among the masses we should not be surprised at such a proposition; but it is well known that the circulation is almost entirely confined to the counting-room and the business of the day. It is a first class journal, good medium for the manufacturing and the very limited local circulation, but with the exception of the counting-room and the business of the day, it is not so cheap as the other papers.

But our readers will observe that it is not so cheap as the other papers. It is a first class journal, good medium for the manufacturing and the very limited local circulation, but with the exception of the counting-room and the business of the day, it is not so cheap as the other papers. It is a first class journal, good medium for the manufacturing and the very limited local circulation, but with the exception of the counting-room and the business of the day, it is not so cheap as the other papers.

It is with entire good humor that we make these remarks. We have a mutual surprise to see the "Leading Paper of the West" blowing so loud a horn for such small pickings. And we cannot conceive of what has produced this vigorous necessity, unless it be the desire of the proprietors to print, or the success which is attending the sale of newspapers in the city which do not make such preposterous pretensions.

Teachers' Institute of Jefferson Township.

According to adjournment at No. 2 school house, the Jefferson Township Teachers' Institute met at No. 7, the school, taught by Mr. S. F. Newton, and Cassius, Mack & Co's Pen and Ink, and a very creditable manner. The afternoon session consisted in class drills, by Miss L. S. Finley, United States History by Miss M. Wright, Mental Arithmetic by Mr. S. F. Newton. Although the exercises were very interesting, the number of citizens showed their interest in the cause of education by presenting themselves at the Institute. Adjourned to meet in two weeks at No. 1 school house.

A Pleasant Task.

Officer Shaffer, of the Allegheny police, arrested a Frenchman who was intoxicated and acting in a disorderly manner at the corner of Ohio street and East Lane, yesterday, and quickly united him to the watch-house, but offered no violent resistance, and was taken down on the pavement and refused to move an inch. Mr. Shaffer, always forth in expedients, was not to be overruled, and quickly procured a wheelbarrow, into which the inebriated individual was lifted and trundled away to the watch-house. He remained there until somewhat sobered, when he was released upon the payment of a fine of five dollars, imposed by Mayor Drum.

Wanted.

James Rogers, a resident of Allegheny, is wanted at Erie, according to a telegraphic message received by Chief of Police Bowden, Thursday afternoon. It seems that the Erie authorities wanted to explain some matters in relation to certain of his operations with several Erie hotels. The boarding house of Rogers was discovered, and a watch kept it during Thursday afternoon, but he failed to put in an appearance, and feeling indisposed to respond to the demand of the Erie authorities, it is quite probable that Rogers will take his residence in some other locality for a few days.

Gymnasium.

The Pittsburgh Gymnasium is improved, repaired and renovated. Several very important changes are being made, among which is the construction of a race track for velocipedes, a platform for springing marks is also being erected. The changes will be completed and the Gymnasium opened on the first of February.

**Mourning Goods.**—A very complete stock of all the most desirable fabrics in Dress Goods, Barett, Trimmings and Shawls, Merinos, Poplins, Crapes and Velvets, is at J. M. Carr's, 118 Federal street, Allegheny.

**Ladies' and Gents' hemmed and embroidered pocket handkerchiefs** at Bates & Bell's.

**Good Canned Peaches,** at the lowest market price, at 112 Federal street, Allegheny.

The Weed Sewing Machine.

The popularity of the Weed Sewing Machine, and its large sales in these parts, has necessitated Major R. H. Long to take a partner in his agency, in order that full attention may be given to all departments of his rapidly increasing business, and hereafter the firm will be composed of Messrs. Long and W. G. Harrison, who will continue to stand, No. 112 Grant street, for the present. We wish the new firm an increase of the large share of patronage awarded the old one, and bespeak for the Weed machine a continued place in public confidence and general appreciation. The leaders will not be surprised to learn that the old one, and bespeak for the Weed machine a continued place in public confidence and general appreciation. The leaders will not be surprised to learn that the old one, and bespeak for the Weed machine a continued place in public confidence and general appreciation.

Sample's Drug Store.

There is a pleasure in purchasing at a first class store. Aside from a knowledge of the fact that the article purchased is of the best quality and fully worth the price paid, there is a pleasure in patronizing a merchant whose establishment has a good reputation. To this reason as much as any other the drug and apothecary establishment of Mr. James Sample, at the corner of Robinson and Federal streets, Allegheny, owes its success and popularity. Every article offered for sale by Mr. Sample, whether in the line of drugs, perfumery, patent medicines or fancy goods, carries with it the endorsement and approval of the proprietor, and will be found to be as represented. We are referred to this establishment to advise any of our readers who wish to judge in his line to give him a call, and judge for themselves by a fair trial.

Calisaya Bark.

It is said that Messrs. Drake & Co., (proprietors of the *Pianoforte* and *Calisaya*), are the largest importers of Calisaya Bark in the country, and that, with the exception of an occasional sale, all their import is used in PLANTATION BITTERS, in which they undoubtedly are indebted for their success. The Calisaya is a natural health-giving tonic, and is used in the treatment of various diseases, such as Dyspepsia, Indigestion, and various forms of debility. It is a natural health-giving tonic, and is used in the treatment of various diseases, such as Dyspepsia, Indigestion, and various forms of debility. It is a natural health-giving tonic, and is used in the treatment of various diseases, such as Dyspepsia, Indigestion, and various forms of debility.

MAGNOLIA WATER.

Superior to the best imported German Cologne, and sold at half the price.

The Best and Original Tonic of Iron.

Phosphorus and Iron, the known as Cassius, Mack & Co's Ferro Phosphorus, is a natural health-giving tonic, and is used in the treatment of various diseases, such as Dyspepsia, Indigestion, and various forms of debility. It is a natural health-giving tonic, and is used in the treatment of various diseases, such as Dyspepsia, Indigestion, and various forms of debility. It is a natural health-giving tonic, and is used in the treatment of various diseases, such as Dyspepsia, Indigestion, and various forms of debility.

If you want a choice hand ask your grocer for the "Star Anchor."

which is put up with much care by one of the best known dealers in W. B. Hays & Sons, makes a specialty of the curing of choice hams, which are recognized as superior by the trade. A large stock of choice hams, which are recognized as superior by the trade. A large stock of choice hams, which are recognized as superior by the trade. A large stock of choice hams, which are recognized as superior by the trade.

Ladies remember that the great clearance sale of trimmings, lace goods, ribbons, bonnet frames and fancy goods, is at the popular first class retail trimming and notion house of W. W. Moorhead, No. 81 Market street.

**The best conducted restaurant** and dining rooms in the city are those of Wm. Holtzheimers, Fifth avenue, next door to the Postoffice. Meals are served in the best style of splendor at very reasonable prices. Oysters, the best to be obtained in the city, are daily received from all the principal oyster markets of the east and are served up in splendid manner. Give the Continental a call for anything in the eating line.

Coughs and Colds are often overlooked.

A continuance for any length of time causes irritation of the Lungs, or some chronic Throat Disease. "Brown's" *Chronic Throat* is offered with the full confidence in its efficacy, giving relief most invariably sure and immediate relief.

**Merchants, bankers, doctors, lawyers, editors, clerks and mechanics,** who take meals at Holtzheimers', Continental Dining Rooms, Fifth avenue, next door to the Postoffice, bear testimony to the superior management, admirable cooking and cleanliness of the establishment.

Bargains in Trimmings, lace goods, embroideries and general notions.

at the popular first class retail trimming and notion house of W. W. Moorhead, No. 81 Market street. Ladies will find it true economy to pay this house a purchasing visit.

**New and valuable literary works** will be found at Col. J. D. Egan's book and field street.
