ECONOMY BUTTER CO.

isk the attention of all interested in the reduction of the extravagant cost of Butter, to their practical and economical system of making pure orime Butter by the aid of the

EXTRACT OF BUTTER PLANT. A brief allusion to the origin of this important

fine-grain, and even color.

ter, which is the essential base.

discovery may tot prove uninteresting. Among the authent cated records of the renowned Captain Cook's voyage around the world, is found time on the Brazilian Coast of South America, he observed the natives using, in the preparation of their food, a peculiar oil, which, upon examination, he found to possess the appearance, taste and flavor of Butter; upon further inquiry, however, he ascertained that it was simply a sub stance that the natives distilled in a crude and imperfect manner, from a rich and luxuriant plant that grew spontaneously and abundantly in that warm tropical country. A few jears ago, an eminent French chemist, while on a professional visit to the tropics, made numerous experiments with this remarkable production of nature, and succeeded in extracting a concentrated essence of the plant. The formula for its preparation, and the Bole Right for its sale in this country are the exclusive property of this Com-pany, by whom it was purchased from the original discoverer. We claim for this remarkable,

etsimple and perfectly harmless preparation-1sl. -That by its use a net gain of from 50 to 200 per cent, is made in the manufacture of Butter. 2d.—That Butter, which from age or whatever cause, may be strong, rancid, streaked or course-grained, and comparatively useless for general use, by the aid of this Extract, is restored to its original freshness and sweetness, -By the use of this Extract, one pound of

delicious, fresh Butter is actually made from First Class Refinery, in complete running order, nearly new. Has been in operation but a few mouths, situated on the A. V. R.
