OFFICE OF PITTSBURGH GAZETTE, MONDAY, February 15, 1869.

CATTLE. There was again a light supply of Cattle on sale to-day, only about 600 head, and while prices were fully sustained, outsiders in attendance, and the butchers were the only purchasers, and for some reason, or other, they did not take hold very freely, and this being the case, the supply was fully up the demand. The Cattle on sale appeared to be pretty well divided between Ohio, Indiana, Illinois and Pennsylvania, while so far as quali. ty is concerned, there was, so far as we could see, but little difference, compared with last week. And while the number of Cattle on sale, was not as large as it was last week, the market was not apparently, as strong, though as already inti-mated, prices were fully sustained. Greenwald & Kahm 55 head Illinois steers at 6,75 to 83; Jas Hanlin 7 head, Washington Co. steers and cows, at 4,62 to 7,25; Nicholas Carr 30 head mixed Washington Co. steers and cows, at 4,02 to 7,25; Nicholas Carr 30 head mixed at 5 to 7,50; Holmes, Lafferty & Co. 70 head mixed stock, at 4,75 to 7,50; L. & J. There was an unsually small supply of Sheep on sale to-day, not over 500 head, and with a fair retail demand, but little difficulty was experienced in realizing full prices for all grades, and prime fat Sheep ruled higher. PETROLEUM MARKET. Office of Pittsburgh Gazette, Monday, February 15, 1869. The market continues unsettled, and, consequently, irregular, with but comparatively little doing. It opened firmer this morning at an advance over the closing prices on Saturday, but again closed weak and lower this evening, and the advance was almost, if not entirely, lost. There is no life in the trade at preseut, the excitement and buoyancy which prevailed some weeks since having protty well subsided, and the market seems to be freer from manipulation and speculation. The Allegheny river is again in fine navigable condition, eight feet in the channel at Oil City, and it is expected the arrivals of oil by river, within the next few days, will be large.

The crude market opened a little stronger this forenoon, and spot oil was held pretty firmly at 1734; since then, owing to some cause or other, an easier the market was a very tame one, and was devoid of that life and bouyancy which usually prevalls under the influence of short supply. There were no outsiders in attendance, and the butchers finding buyers.

Market dull and prices, for most part, nominal. Early in the day there was a sale of 1,000 bbls for the last half of February at 38½c, and 1,000 bbls for last half of March at 38c. Later iin the day the market was reperted offish, and concessions would have been made in order to effect sales. Spot oil quoted at 37%c. Eclipse Winter Lubricating oil. Eclipse Railroad Axle.....
