TRAVEL AND ADVENTURE IN THE TER-BITORY OF ALASKA. By Frederick Whymper. With Maps and Illustra-tions. Published by Harper & Bros., New York. For sale by Henry Miner,

Since Russian America was ceded to the United States, everything calculated to throw light upon our new possessions has been read with avidity. People are very naturally anxious to know the characteristics of that far off land. The publication of this work of travel and adventure is opportune, and will fill a want long existing. A considerable portion of the book is devoted to an account of a journey made in the Yukon region. Reminiscences are also given of men and things in British Columbia and Vancouver Island. Brief trips are described. to the eastern coasts of Siberia and Kamschatks. The description of Alasks territory and its Capital, and other things relating to its purchase, are full of interest, and will afford persons a pretty good estimate of its resources. Such a disinterested account of this new country is furnished that it cannot fail to find favor among the thoughtful. Much of the narrative is in journal form, and the cpisodes interspersed throughout the book tend to give additional charm to the work. The maps and illustrations are valuable as well as instructive. The author furnishes sketches of great value, and his style is free and flowing. The work is admirably printed.

GRIFFITH GAUNT; OF JEALOUSY. WHILE LIES. ANOVEL. By Charles Reade. Household Edition. Published by Fields, Osgood & Co., Boston. For sale by Henry Miner Pittsburgh.

We took occasion when the first two volumes of the "Household Edition" was issued to speak favorably of the tasteful manner in which it had been printed and bound, and at such a low price. Unsually publishers are tardy in publishing a series of volumes; but this house has shown the extraordinary resources they have at quite readable and no doubt will be apcommand by their activity in publishing succeeding volumes. The excellent qualities will bear repetition, namely: printed on white paper, clear type, double columns, and bound in green muslin, with the name of the author traced in gold on one page of the cover. The ability of Mr. Readc, as a writer of fiction, is gen- from the old wards, out of which they erally conceded. "Griffith Gaunt," when were created, for school property in such first published, caused quite a sensation, old wards, was on the Senate calendars and "White Lies" is also held in high of the 10th and 16th inst., and esteem by the admirers of this talented to on both occasions.

WHICH WINS? By the Author of Robert Joy's Victory," "Christian Manliness," etc. Published by Henry Hoyt, Boston. For sale by Booksellers generally.

This work, like those usually issued by this excellent publishing house, is a story with an excellent high-toned moral, in which the history of two cousins are traced from childhood to mature years. Both were thrown upon their own resources in London, and both occupied positions in a bank. They, however, chose divergent nathways. One early became divergent pathways. One early became died a complete wreck, but was finally of another owner having no outle:

The act extending the time for buildstory of touching interest.

THE CHAPLET OF PEARLS; or, The White and Black Riboumons. By the Author of "The Heir of Redclyffe." With illus-Published by D. Appleton & tel of the House. Co., New York.

The popularity of the authoress, Miss us. Her previous works have won her a fing reputation, and, not because they are of the sensational order, but for her sensible views, and sprightliness as a writer. Portions of this work appeared in serial form, and has been extensively read. It form, and has been extensively read. It C. W. Benney, a body politic and corpo-is of that class of books that embodies a rate in law, under the name and style of thread of history, which is both instructive and entertaining, and forms one of the admirable series of Appleton's Illustrated Library of Romance. The story covers an interesting period in history, and is one of thrilling incident.

THE LETTERS OF LADY MARY WORTLEY MONTAGUE. Edited by Mrs. Hale. authoress of "Woman's Record," etc. Published by Roberts Brothers, Boson. For sale by R. S. Davis, Pittsburgh.

The simple fact that these letters are republished as models of epistolary correspondence, though written so many years ago, indicates their superiority and worth. This lady lived and wrote in the first half of the eighteenth century, when our land was under British rule. Soci- pertv. ety, customs and manners of the old Eng-lish regime are sketched in elegant lan-lish regime are sketched in elegant language and with a master hand. Her common sense views, clear style of writing, will command admiration. Altogether the collection is a choice one, and will be highly appreciated by thousands will be highly appreciated by thousands. The work is admirably brought out. IT IS NEVER TOO LATE TO MEND. A Matter of Fact Romance.

Lave ME LITTLE, LOVE ME LONG. By Charles Reade. Published by Fields, Osgood & Co., Roston. For sale by R. S. Davis, Pittsburgh.

Hardly had the publishers placed at our disposal "Griffith Gaunt" and "White Lies" for notice, when we were also fayored by them with copies of "Love Me Little," and "It is Never too Late to Mend!" The different phases of talent displayed by this distinguished author have long since been freely discussed on both sides of the water; the faults and excellencies el proposed to be erected, and all other

the verdict rendered by critics. Presum. ing over them, in the new place of seping that all of our readers have decided these questions favorably to the author, we need only commend this elegant "household edition" for its compact and convenient size; good paper and clear type; beautiful and modest garb, and withal so cheap.

Doctor Jacob. By M. Betham Edwards, author of "A Winter with the Swallows." Published by Roberts Brothers, Boston. For sale by R. S. Davis, Pittsburgh.

This is another of the Handy-Volume Series, and is unlike "Happy Thoughts" in many respects, and we think an imimprovement, if anything on the latter. it partakes of the cast of so many works of fiction now issuing from the press, in having a good sprinkling of theology of the liberal type, at least not of the severer views of evangelical religion. "Doctor Jacob" is the story of a German school teacher and her protege, and of a German and English Minister. The volume is gotten up in dainty but not expensive style, and is offered at a low price. a
