In taking possession of his new quar-ters, Dr. Keyser has largely increased his stock, and presents to wholesale and retail patrons as choice selection of pure drugs, fancy toilet articles, elegant for-eign and domestic perfumeries, standard

patent medicines, and general goods to be found in his line of trade as can be purchased anywhere in the United States. In view of the adulteration s common in drugs, a practice which greatly lossons their efficacy and value. Dr. Keyser has made a specialty of dealing in nothing but the freshest, purest and best. He makes his purchases with de-cided good taste and judgment, and care-fully avoids all adulterated articles. This feature would be the more appre-clated if those compelled to use drugs and medicines were educated fully up to the fact that they are constantly imposed upon by unreliable dealers, who look to profit rather than the immunity from danger of patrons. The stock is varied and complete, embracing everything in

the line and will commend itself to purchasers. THE WHOLESALE DEPARTMENT Will be almost entirely devoted to the

sale of the standard medicinal prepara-tions which have made Dr. Keyser's name familiar to tens of thousands of

households throughout the land. Key-ser's Pectoral Syrup, Keyser's Lung Cure and Keyser's Improved Blood Searcher, are known to our readers as standard family medicines, whose fame form one end of our country to theother, but abroad, in foreign lands, where they
