'RIVER NEWS.

The weather continues cold and de cidedly winterish, and the fears entertained a few days since in a regard to a short supply of ice, are subsiding. The Allegheny River, between Herr's Island and the Allegheny side, is reported closed, and the main stream is pretty well covered with floating ice, which for the time being, will render navigation on the Ohio tedious if not hazardous. It is not likely, however, that this weather will continue for more than a day or two at the farthest. The thermometer at seven oclock. A. M. yesterday was down to 12 degrees above zero, but at noon it had risen to 24.

The river continues to recede steadily with only five feet in the channel by the Monongahela marks last evening.

The Messenger from New Orleans is the only transient arrival we have to report. She has made very good time, and we hope a successful and profitable trip. The Bayard, Capt. Geo. D. Moore, is the regular packet for Parkersburg to-

day, leaving at noon.

Passengers and shippers will bear in mind that the Salile, Capt. Calhoun, will be the first boat out for the Missouri river, as will also the Bellevenon, ri river, as will also the Bellevernon, Capt. Darragh, for New Orleans, and the Camelia, Capt. Lytte, for Nashville. The R. C. Gray, Capt. Whittaker, is announced to leave for Cincinnati and Louisville to deave

Louisville to-day.

The Maggle Hays, Capt. B. C. Martin, is the next boat out for St. Louis.

The Mollie Ebbert, New Orleans to The Mother Eddert, New Orleans to Pittsburgh, passed Memphis on Friday, The Tom Farrow and barges left Cincinnati for Pittsburgh on Saturday.

The Mashville Banner, of Friday, says: Capt. Boyd secured 293 bales of cotton for the Kate Putnam, after sharp competition with the Emple Very division.

She is on her way out, bound for the Ohio river. The Argosy passed her at Clarendon, in a crippled condition.

—A company is forming to build a bridge over the Mississippi river, at the northern part of Carondelet. It is said that the cost of the bridge will not exceed one million dollars. The charter has already been granted by the Illinois Leg islature, and several railroad companies will interest themselves in it. -An attempt was made in the Senate

on Wednesday to amend the bill provi-ding for greater security of the lives of passengers on vessels propelled by steam, so as to require such vessels to be supplied with a particular patent of life-boat and cork mattresses. Mr. Morton opposed such special legislation in the interest of individuals, and discussed it to the adjournment. -A Dubuque paper says: "The lates

phase of the packet companies' conference in St. Louis, is to the effect that, both lines have drawn up contracts for each other to sign: but at last accounts, neither side had put a signature to the paper, therefore, we opine that the war still continues." To which we need only add that the conference's are yet going No solution for the public was ar rived at yesterday.

-Novelties on steamboats are the order of the day. The Richmond has "Head-light, "her daily stock sales, &c. The boats of the St. Louis, Memphis and Vicksburg Packet Company meals to passengers and crew on the res-taurant plan. Now Capt. J. B. Archer is going to introduce another novelty in the shape of a Merchants' Exchange on board his boat, the City of Alton, which may be also adopted by the other boats of the above line. A space will be set apart near the clerk's office for tables, on which he will place pans or boxes for samples of flour, grain, &c., kept by St. Louis merchants.
