BRASS AND IRON COCKS,

BE CAREFUL.

At no season of the year is the above injunction of more weight than now. The changes of temperature have been so sudden from warm to excessive cold, that the human constitution. like verything else in Nature, feels the shock, and gives way to its impressions. Thousands of peo-ple who lie down at night, unconscious as it were, of it jury to the constitution, wake up with hoarsevess and coughs, which, unless the first symptoms are heeded, are apt to involve the lungs or a me other of the vital organs in deep seated and incurable disease. If the fact were as well known to all our readers as to ourselves allments may be procured in DR. KEYSER'S LUNG CURE, the Doctor's new store would soon be too small to meet the exigencies re quired of it in the manufacture of this valuable edicine. Dr. Keyser's Lung Cure is without case, a fact well known to thousands of people who have been relieved by its health-giving pow-er. If the proper estimate were placed on human life and health, those who neglect coughs and colds would be fewer in number. Dr. Keyser would in no case, of a serious character, advise the dispensing with a doctor, but how many hundreds are there who, in the beginning of a dis-ease, could be cured before a doctor could be reached. It is in these cases, as well as others of a more serious nature, that the lung cure comes to our aid and dispenses health and comfort, which otherwise would never be obtained. It is thus a handful of roots and herbs are made into a healing syrup, which is often the precursor of health and usefulness. The suffering invalid would often apply for relief if he knew where to promptly obtain it; and that it can be promptly obtained in Dr. Keyser's Lung Cure is no longer, a doubtful problem. Let not the March winds make dangerous inroads upon your health. when, with a few doses of this "Nyup, you can fortify your system as well as drive out of it the e noxi-ous missms which undermine its strongholds and render its exertions nugatory.

WITHOUT A GOOD DIGESTION All other temporal blessings are comparatively worthless. The dyspeptic millionaire who has a tried all the potions of the medical profession in vain, and believes his complaint to be incurable, would give half his fortune to be freed from the horrors of indigestion, and thus enabled to enjoy the other half. Of course he would. Ferhaps HOSTETTER'S STOMACH BITTERS has been recommended to such a sufferer. Possi-bly he has turned from the friend who made the suggestion with a sneer, intimating that he has no faith in any "patent medicine." If this has been the case, so much the worse for Aim. His increduility dooms him to a life of misery. All the luxuries which wealth can purchase are at his command. Not one of them can give him pleasure. His own irrational obstinacy is his
