Wheat nominally lower; shippers and millers insist upon yet heavy for medium and good grades. worst is about over. There is evidently a better feeling in commercial circles. and the impression is general, that better times are near at hand, though though there is one thing certain, the day of big margins is passed and those who expect to succeed in business of any kind now, may as well make up their minds that they will do it in the old minds that they will do it in the old fashioned way. There was a time in the days of 1862 and up to 1865, when almost any one could make money in business, but as already noted, that time is passed, but as already noted, that time is passed, and it near requires business also of No. 1 at \$1,13@1,14; No. 2 at \$1.00. The same requires the same requirements and sam and it now requires business men to \$1,082/@1,10 for regular and fresh reconduct business; that is, to carry it on cepts; No. 3 at \$1,02, and rejected at 95c; Only for No. 2:
