FINANCE AND TRADE.

OFFICE OF PITTSBURGH GAZETTE,
TUESDAY, March 23, 1869.

The gold market was steady to-day at 131¼. The high rates for money makes parties disinclined to buy on speculation, although it is pretty certain that an advance in the gold premium will take place just as soon as the remaining bond bills are disposed of. Bankers, who bought bonds with a view of holding them in Europe for higher prices, find that it is even more expensive to have bonds carried in Europe than it is here. In the money centres of Europe, call loans (Lombards) are charged from one to four per cent. above the regular discount rate, whilst in our seaport cities call loans are generally from three to four per cent. below ordinary prime business rates. Another drawback to the further advance of our bonds in Europe by speculators, is the disfavor with which the State institutions look upon the advance of American securities, whilst home securities are neglected, and yet nearly every State is in the market for new loans. Every obstacle possible will be thrown in the way to keep our bonds from further distribution among the small capitalists, who have lately withdrawn their small means from the savings banks and put their money in 5-20 bonds.

All the old issues of Governments were dull and lower to-day; only the new bonds were slightly better. But at the close there was a general decline of all descriptions. Neither dealers nor foreign bankers are investing largely at present; in fact, they are indisposed to buy at all.

Stocks were very excited, especially New York Central, which jumped from 153 yesterday to 160¾ to-day; Fort Wayne from 119¼ to 121¾; and nearly the entire list was from two to three per cent. higher.

Express shares were strong, but it is expected that a general decline will follow this sudden rise and that lower quotations will prevail at the stock exchange. In fact, unless prices come down considerably, no outside bona fide investor will buy at present quotations, and brokers may as well close their offices.

Business is exceedingly dull and money scarce.

Quotations as received by Ph. R. Mertz: Gold, 131¼; Silver, 124; Eighty; one's, 116¼; Five Twenties, 1862, 118¼, do 1864, 114¼; do 1865, 116¼; do 1865, Consols, 113¾; do 1867, 113¼; do 1868 ——; Ten Forties, 105¼; New York Central, 58½; Erie, ——; Reading, 92; Pittsburgh, Fort Wayne & Chicago Railroad, 121¼; Ohio & Mississippi, 33; Michigan Southern, 96⅞; Cleveland & Pittsburgh, 89⅝; Chicago & Rock Island, 31½; Chicago & North Western, 84⅞; Chicago & North Western Preferred, 92⅝; Adams Express Company, 59; Merchants Union Express, 16; Pacific Mail, 90½; Western Union Telegraph Company, 38⅛; Gregory, 2,45; Quartz Hill, 85; Corydon, —; Smith & Parmlee, 1,35; Am. (By Telegraph to the Pittsburgh Gazette.)

NEW YORK, March 23, 1869.

Money steady at 7 per cent. on call, with rather more activity towards the close. Merchants are pressing banks for accommodations, but a good deal of paper has been thrown out and is offered on the streets at 8@10 per cent. The bank examiners have been examining the banks, and some are calling in loans. Four millions is mentioned in three amounts. The banks with Western connections expect an active demand for currency, within thirty days, to move the accumulated grain of the winter to the seaboard. There is but little currency coming from the South. Sterling dull at 8¼@8⅜ per cent. for prime bankers for sixty days, and 8⅞@8¾ per cent. for sight. Gold steady, opened at 131 and closed at 131¼@131¼. Rates for carrying, 5½ per cent.

Clearances to-day, $60,000,000.

Governments heavy and lower, and some leading dealers sold freely on an expectation of an increased activity, foreign bankers being out of the market for the present. Coupons of '81, 116 @116¼; do. '62, 118⅛@118¼; do. '64, 113⅞@114; do. '65, 116@116⅛; new do., 113@113½; do. '67, 113⅛@113¼; do. '68, 113@113¼; 10-40s, 105@105¼.

State bonds dull and heavy; Missouris, 88⅛@88¼; Old Tennessees, 65⅛@65⅜; New do., 64⅛@64¼; North Carolinas, 57¼@57⅜.

The Stock market is active, excited and higher, with wild and frequent fluctuations, especially on New York and Pacific Mail; the former has risen 7 per cent. and the latter 3 per cent. The movement in Central is understood to be engineered by the Erie combination, on the theory that the script will be legalized by the Legislature. Pacific Mail at one time touched 92¼, a rise of 5 per cent. Rock Island, Fort Wayne and Northwestern were also marked features, and touched respectively, 133¼, 122¼ and 85¼, while Erie suddenly jumped to 37, but reacted to 35¼. The market closed feverish and unsettled.

Mining shares are dull.

The receipts at the Sub-Treasury to-day were $1,359,455; payments, $447,082. Balance, $94,763,767.

The exports of gold to-day amounted to $10,000.

PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE,
TUESDAY, March 23, 1869.

There is a rather better feeling in commercial circles, and some branches of business are beginning to give evidence of increased activity, though there is still plenty of room for improvement. We hear a good deal of complaint about the credit system and the great difficulty in making collections. As a general thing, our business men are opposed to what is termed the credit system, that is, they expect all bills to be paid upon delivery, unless it is stipulated at the time the sale is made, that a certain time is to be allowed. And we believe this is generally understood, that a sale always means cash, unless there is a special arrangement at the time in regard to the matter, and when a man buys an article he has no right to expect thirty or sixty days time, unless it is so understood with the seller at the time.

The demand for Oats is only moderate, though the market is reported steady at 65@66 on track, and 68@70 in store. Corn is dull and neglected but unchanged; may be quoted on wharf, and track, at 70@75. Barley is quiet and a little dull; prime to choice Spring $2@2,10. Rye dull and nominal at $1,40@1,43.

SEEDS—There is a very fair demand for Clover, with sales at $10@10,50, and Timothy at $3.50@3,75. Flaxseed quoted at $2,45@2,50.

SALT—Is quiet but steady, and is still quoted at $2 by the car load.

ST. LOUIS, March 23—*Cattle Market.*—Cattle; moderate demand for butchers and stock cattle, the latter at 2¾@6c, and the former at 4@7¼c.

Dry Goods Market.

NEW YORK, March 23.—The market continues feverish and a good deal excited for certain classes of goods, which are selling at a loss to manufacturers. Notwithstanding the high prices prevailing for all raw materials, the depression in cottons has extended to woolens, without as yet imparting a great stimulus to trade, and lines of fine and fancy Cassimeres and Coatings have been closed out at very low rates. Worsted Shawls are also being closed out at very low rates, say $2,75 for well known makes. Ristori shawls are in request at $3,50. Prints are moving freely at the decline, and we quote all the leading makes at 11½@12½c.
