OF

No. 51 FIFTH AVEN

-A new Serosis is talked of in New York, to hold its sessions in Madison Square.

.

s de

-Bishop Armitage, of Wisconsin. advocates the opening of public libraries on Sundays. -Indiana claims that she contains

eight thousand square miles of iron and coal lands. -The Marquis de Caux is said to be spending more money than the Marchio-

ness makes. Is a swell-front house necessarily a foppish style of architecture ? asks the cup.

Boston Post. -Portraits of Secretary Fish's children are said to be sardines-little fishes done in oil.

-Some New-York physicians say that the bite of an enraged dog is as bad as that of a mad one.

-An exchange thinks Senator Ross felt quite put out by Grant's treatment of him the other day. -A New England paper speaks of the

sale of a lot of dried fruit as "as one of the currant events." -The Beefsteak Club of London, one

hundred and thirty-five years old, has broken up and sold out.

-A lady in Putnam, the other day, died from the effect of having too many teeth pulled out at once.

-It is estimated that four thousand millions pounds of rags are made every year into paper in this world.

-The Chinese in San Francisco have succumbt to the velocipede mania, and are said to excel as biccylarians.

-It is said that patient waiters are no losers. Does this apply to those at the first-class hotels and saloons ?--- R2.

The currency of Hayti is slightly be low par. It is said that three dollars of i can be bought for one cent in specie. Ohiarlotte Thompson is going to haryest her Alabama cotton crop and then

go to fill an engagement at San Francisco. Barbara Frietchie's house in Freder-

ick, Maryland, is to be torn down to make way for some municipal improvements. -The rumer that crinoline is aban-

doned is very wide of the mark. In Paris It is worn larger than last year .- N. Y. Times.

-It is said that 87,000,000 feet of logs in the Wolf river pineries of Wisconsin will fail to reach a market on account of low water.

The latest velocipedal idea is a telegraphic bicycle which shall run on a wire fron New Orleans to New York in an hour and a half

-What's in a name? The first colored Minister of the United States is named | case seon after the bite.

it produces fifty thousand roses. hibited by this brave child has rarely been SILK SACQUES -Marshal O. Roberts gave his daughexcelled. ter, when she was married the other day It is not known whether the fire originated in an accident or was the work

to Amos Van Wart, an envelope as a wedding present. This wedding gift an incendiary. The children were evi-dently sleeping at the time, else they might have easily escaped. It is probable was stuffed with a quantity of scraps of paper---valued at \$100,000.

-It reminds one of the merry days of Mediaeval Rome to read that one of the friars at the convent at Presburg, Hungary, was recently poisoned while partaking of the sacrament, by the servant.

having poured sulphuric acid into his -While Bishop Whittle was preaching at Five Forks church, in Hanover, Virginia, recently, the stove got out of

order and threw out noxious gas in such quantities that the entire congregation was suddenly made sick. Several persons fainted away.

-A. J. Watt, once one of the wealthiest merchants of Memphis, became insane the other day, split a friend's head open with a hatchet, chopped the arm of another almost off, and finally, exclaiming "vain world, good bye," threw him-

self from the window on the pavement, breaking his neck. .The demand for feathers to adorn

bonnets has led to such a wholesale destruction of wild ducks, gulls, and other birds, that laws have been passed in France and Switzerland to limit the business to certain times of the year, and

the subject is under consideration in the British Parliament. -Upon hearing of the recent destruction of the town of Hancock, a philanthropist in Chicago set about raising contributions for the aid of the sufferers, and

had already raised \$5,000 when a telegram arrived stating that the citizens of Hancock had decided that no contributions were necessary, and the patient collecter of the money went back over his route and returned all the funds.

-The velocipede mania is being turned to account by the proprietors of a lot of women engaged for use in the dramas of the period of nudity. The public interest in these spectacular limb-fat-ic exhibitions having greatly diminished, these "ladies of the hallet," have been arrayed in tights, deprived of their basque-like dresses and mounted on bicycles as "re-nowned lady velocipedestrians" to ride at velocicurriccula and attract spec-

lators. AT Panama, several persons have died

that those who were destroyed were suffocated by the smoke, so that when the flames reached them they were insensible to pain. It is a remarkable fact that only the youngest children were saved. \mathbf{Th} eldest, including the young lady in charge of the house, were almost certainly suffocated before the alarm had been given. such a terrible calamity has never oc-curred within our recollection in this seetion of the country, and Mr. Hurst has the sympathy of all our people in his great loss. The Demand for Cuban Recognition. Although the South supplies fillibus-ters for Cuba, the Southern Press expends ters for UUDs, the Southern Fress expends both irony and criticism on the false po-sitien in which the recognition of the Cuban insurrection would place the Gov-ernment of the United States. The imerment of the United States. The im-possibility of reconciling the compara-tively unorganized insurrection now going on with the position assumed by the Government in regard to the recognition of the Southern rebellion by for eign Powers, forms the obvious text of a sharp discussion. The New Orleans Picayune condenses this aspect of the case against recognition into a couple of sen-If Mr. Seward was logically right in

contending that a confederacy composed of eleven States, some of them older than of eleven States, some of them older than the Government of the United States itself, in actual possession of a territory larger than the Kingdom of Spain, with a Government fully obeyed by many mil-lions of people, and holding, at the time, ports extending along seas and gulf for two thousand miles, was the sign only of a mere local commotion, which other Governments could not invest with the rights of beligerence without manifest wrong to the sovereignty of the United wrong to the sovereignty of the United States, how could Mr. Fish argue with Spain that the United States may, in good Spain that the United States has, in good faith, acknowledge an insurgent Govern-ment in Cuba—which has no local habi-tation, no known constitutency, no de-fined area of territory, and no known means for holding communication with the world, outside of the coasts of the isi-end or aver with its oceast? If the Cond, or even with its coasts? If the Confederates were mere insurrectionists, not entitled to belligerent rights at all—with what face can Mr. Fish, or any successor, accord the rights of belligerents to roving; unorganized bands, however numerous, in the interior of an island, which has be-longed to Snain sizes the first divergence longed to Spain since the first discovery of America by a continuous title, which all the early Administrations of our own vernment undertook to protect. by re Government undertook to protect, by re-fusing to be a party even to a protecto-rate which would give other mations the privilege of interfering, and by avowing more than once that we would not per-mit any European Power but Spain to hold the island, either by conquest or by more than a start of the s purchase ?

under singular circumstances. The im-mediate cause of death is said to be the bite or sting of a fly, nearly black, or very dark blue, and not dissimilar to what is known in England as the comir on "blue bottle." The bite is succeeded im-mediately by very great pain, which par-tially subsides only when the body of the sufferer becomes swollen, which is the case seon after the bite.
