The Allegheny Mayor's office furnished no case worthy of note yesterday.

The proceedings of the Allegheny Council, published this morning, will be found unusually interesting.

Committed.—Alderman Mitchell yesterday committed Joseph Myers for trial on a charge of false pretenses, preferred against him by Ernest Stiefel.

Surety.—Martha Morgan made information before Justice Barker, yesterday, against David Morgan for surety of the peace. The accused was arrested and committed for trial.

Dismissed.—The case of Dickson against McCallan, for surety of the peace, reported in yesterday's paper, was subsequently dismissed by Alderman Dickson, the prosecutor failing to appear.

Forestalling.—George Wankoff, E. Vokamp and J. Simons, grocers, Market street, were arrested yesterday on a charge of forestalling the market, and were each required to pay a fine of five dollars and costs.

Discharged.—William Hutchinson, charged before the Mayor on oath of his wife, Mrs. Hutchinson, with felonious assault and battery, was discharged yesterday, the prosecutor having failed to appear at the hearing.

Arrested.—Yesterday Mary Helch, an employe in the Hope Cotton Mills, Allegheny, while engaged near a belting, had her arm caught in it and badly crushed. She was attended by Dr. Thos. Mahon. She resides in the Sixth ward, Allegheny.

Drunk and Disorderly.—James Murray made information before Alderman Burns, yesterday, against John J. Denovan for drunkenness and disorderly conduct. The accused was arrested, and in default of payment of fine committed to jail.

Assault and Battery.—Kate Rodgers, alias Kate Bandy, made information before the Mayor, yesterday, charging "Cockey" Ward with assault and battery and disorderly conduct. She alleges that Ward beat her and acted in a very disorderly manner. He was arrested and held for a hearing.

Arrested on a Bail Piece.—Ed. Grier, who was arrested some days ago on a charge of larceny, and entered bail for his appearance at Court, was yesterday arrested on a bail piece, his bail having refused to be responsible for his appearance. He was placed in the lock-up and will probably be committed to jail.

Commission Received.—The Commission of Alexander Murdoch, Esq., of Washington, D. C., as United States Marshal, for the Western District of Pennsylvania, was received yesterday by Judge McCandless. Mr. Murdoch, we learn, will enter upon the discharge of the duties of his office this morning.

The Allegheny Library.—A meeting of the friends of the Allegheny Library Association will be held this evening at the office of the National Insurance Company, corner of Federal street and Diamond, Allegheny. The question to be considered is one involving very materially the future prosperity of the institution, and a large attendance of those interested is urgently requested.

Inquest.—Coroner Clawson held an inquest on the body of Mrs. Rosa Belsol, who died suddenly in her bed, Wednesday night, from heart disease. She appears, according to the coroner's report, not making her appearance yesterday morning at the usual hour, her husband sent one of the children to see what was delaying her, and she was found dead in her bed. Deceased was a native of Germany and was forty-seven years of age.

Larceny.—On the 18th inst., a pocket book containing forty dollars was stolen from a peddling wagon in South Pittsburgh, and a boy was arrested on suspicion but was subsequently discharged, there being no evidence to warrant the Mayor in holding him for Court. Yesterday Edward Ruckert, the pedler, made information against John Winterstein and James McCuskey, two other boys, charging them with the larceny. Winterstein was arrested and was held for a hearing.

A Night Attack.—Mrs. Lizzie Smith made information before Alderman M'Dermott, yesterday, against Patrick M'Dermott for assault and battery, and Patrick and Michael M'Dermott for surety of the peace. The prosecutor alleges the accused came to her house on Wednesday evening in an intoxicated condition, and after gaining admittance, Patrick knocked her and afterwards he and Michael threatened to take her life if information was made against them. The case of the son-in-law of Mrs. Smith, and the difficulty seems to have arisen out of a family misunderstanding. Warrants were issued.

Contracts Awarded.—The following contracts were awarded yesterday by Controller Francis, of Allegheny, by direction of the Street Committee: Kilbuck street, grading per cubic yard 35c; Cr. contractor. Manhattan street, grading per cubic yard 35c, same contractor. Saw Mill alley, grading per cubic yard 35c paving per square yard \$1.00, James Heno, Contractor. Lookock & Hawthorne are awarded the contract for furnishing lamps for the city during the year, at \$2.35 per lamp.

Amusements.—Opera House.—The new comedy entitled "School" was presented at the Opera House last night to a very fair audience. Mr. and Mrs. Watkins take a benefit this evening, when a very attractive bill will be presented. Ferris Wheel.—The entertainment at the "Old Drury" last night was, as usual, an excellent one. Last night Mr. James Taylor between Chana and First street. Spring Garden avenue. The report was accepted.

MONSIEUR VALLEY RAILROAD.

The Board of Directors of the Monongahela Valley Railroad Company held a special meeting, yesterday, at the office of the President, Capt. T. W. Briggs.

The meeting commenced at ten o'clock A. M., and continued throughout the greater part of the day, with the exception of a two hours' recess from noon till 2 P. M. The resignations of two of the old Directors were accepted, and Messrs. Joseph Walton and Frank Jones elected to fill the vacancies.

Engineer Leow presented an elaborate and carefully prepared report on the route from the Pennsylvania Railroad Bridge, in South Pittsburgh, to Williamsburg, a distance of two and six-tenths miles, and a lateral route from Williamsburg up Beck's Run into the coal region, a distance of two and six-tenths miles. The estimated cost of constructing that portion of the proposed road to Williamsburg was \$72,000.

It was reported that the borough of Birmingham would grant the right of way to the road on Manor street, as requested, free of charge. No definite action had been taken in the matter in East Birmingham, but it was generally conceded that the right of way would be granted on the same conditions accepted by Birmingham.

The remainder of the time was spent in discussing matters pertaining to the interests of the Company, which are, however, not sufficiently matured to be made public at present. The meeting adjourned to reconvene at the call of the President.

LADIES' SPRING AND SUMMER SUITS.

There is one feature of the stock which Messrs. Bates & Bell have now on hand at their store, 21 Fifth avenue, that merits special attention, and is generally and deservedly admired by the ladies. We refer to the large and varied assortment of black silk, poplin, linen and alpaca walking dresses, and we feel warranted in stating that it is one of the most attractive ever exhibited in this city.

Our Committee report the following resolutions touching both matters referred to in the report: Resolved, by the Select and Common Council of the City of Allegheny, that it is hereby enacted by authority of the same, that the previous had working of the Fire Alarm Telegraph be discontinued to any defect working of the machinery of the line, but it is solely and entirely due to the systematic tampering therewith.

Resolved further, That the thanks of Council are due, and are hereby extended to the firm of Messrs. Bates & Bell for their prompt response in sending Mr. Rogers here to adjust and put the scales in the Second ward.

Resolved, That Mr. McCandless, our present Superintendent of Fire Alarm Telegraph, is entitled to our confidence, and we request the Mayor to consent to discharge the duties pertaining to his department.

THE NATIONAL INSURANCE COMPANY.

This sterling Company has changed its quarters, and now occupies a handsome, fitted up and commodious office on the second floor of the Second National Bank building, on the southeast corner of the Diamond and Federal streets, Allegheny.

The "National" has become so well known throughout the community, that it seems almost superfluous to say anything particular in its commendation. Organized by business men, known everywhere for energy, tact, integrity and business qualifications, it is a company that is not only a pleasure to be associated with, but also a pleasure to be insured with.

The rapid extension and increasing volume of business along Fifth Avenue, (late Pennsylvania) has been such as to make the want of a Banking Institution in that quarter of the city a felt necessity. A number of the more prominent and influential business men having their stores, factories and offices on Avenue, beyond the court house, held a preliminary meeting on Tuesday last, at which the project of a Bank was fully and favorably discussed, and committees were formed to prepare for a complete organization of a Bank.

These committees were organized, and will report to an adjourned meeting to be held on Tuesday next, over Whitehall's store, corner of Erie street and Fifth (Bursary) Avenue, when a preliminary meeting will be held, and the plan is such that a small first payment, followed by weekly installments, will enable men of all classes, poor and rich, to share in the building up, and in the future advantages and profits of the Bank. We predict the complete success of this timely and necessary enterprise.

NEW GAS POSTS.

Mr. Tate, from the Committee on Gas, presented a report, accompanied by the following resolution: Resolved, That the Superintendent of the Water Works be and he is hereby instructed to have new gas posts placed as follows: Corner of Rose alley and Federal street, the same to be attached to the existing gas pipe on the east side of Fulton, and East way between Fulton and Manhattan streets; corner of Grant and North avenues; corner of Robinson street and Bell's alley; to be attached to building.
