Ladies' Spring and Summer Suits.

There is one feature of the stock which Mesars, Bates & Bell have now on hand at their store, 21 Fifth avenue, that merits special attention, and is generally and deservedly admired by the ladies. We refer to the large and varied assortment of black silk, poplin, linen and alpaca walking dresses, and we feel warranted in stating that it is one of the most attractive large architect in this give. stating that it is one of the most attractive ever exhibited in this city. It comprises, ready made suits in all the late French styles and designs which are, perhaps, far superior to any we can produce in Pittsburgh, in regard to accuracy of fit and general gracefulness. The silks are very beautiful, and with their different shapes and trimmings, present a charmshapes and trimmings, present a charm-ing variety to the purchaser. The poplin suits represent every shade of color, and are all neat and tasteful. They range in price from \$22,00 upwards and are in great demand. In a notice, yesterday, we referred to the handsome linen seawe reserved to the nandsome lines seased suits, and to-day we have only to repeat that nothing at once so cheap and so well adapted to summer wear has been so well adapted to many seasons. They are complete in every respect, and yet sell so low as \$18,00. In the line of alpacas so low as \$18,00. In the line of alpacas there is a display of almost equally attractive suits. Of the various imported goods we have mentioned, Messrs, Bates & Bell have large assortments, ready made-up and fit for immediate wear. They represent all that is fashionable or

fresh in Paris or the East, and are finer than can be produced here. Those, how-ever, who desire to leave orders for suits will have a choice and extensive lot of fabrics to select from and some of our fabries to select from and some of our best home modistes who are in the service of the firm to prepare them. We will close by noting that in the cloak room, yesterday, we were shown no less than thirty different styles of black silk manties, cloaks and sacques, each one apparently outstripping the others in elegance and richness, as they were successively exhibited. They ranged in price from \$10,00 to \$65,00, and are chiefly imported from the leading European houses. There is one new style among them, the sleveless basque, which is particularly noticeable for its novelty and beauty. Ladies know where to go for
