NEW ADVERTISEMENTS.

TO THE MANUFACTURERS, MECHANICS, And Business Men Generally.

SEALED PROPOSALS will be received until the 15th day of June next, by the undersigned, to employ, by hire, all the convict labor of the State Penitentiary.

The Lessee is to take all the able bodied convicts now on hand, or who may hereafter come into the prison during his term of lease, except those needed by the State to keep up the establishment. He shall also be authorized to occupy and take charge of all the shops and workhouses in said prison, to put up such machinery as he may desire, and shall have the privilege of buying, at such prices as may be agreed upon, all the Machinery, Tools, Fixtures and Materials on hand, both finished and unfinished.

Said Lessee shall treat those hired with humanity and kindness, conforming to such rules, bylaws and regulations as may be established by the Directors, and work them not exceeding ten hours each day. For each convict so employed, the Lessee shall pay into the State Treasury the price per day bid, said payment to be made quarterly.

He shall also give bond, with approved security in the sum of fifty thousand dollars, payable to the State of Tennessee, for the faithful performance of the undertaking hereby imposed. Said lease to continue for four years, at the end of which term a new proposal from said Lessee shall have preference for the next four years; provided he shall have faithfully discharged his obligations to the satisfaction of the Directors: said preference not to exclude proposals from others manifestly more conducive to the interests of the State.

The workshops are built in a very substantial manner, with sufficient capacity for working five or six hundred hands well lighted and ventilated; also conveniently arranged. There is one sixty-five horse power engine, capable of running all the machinery. The machinery has all of the most modern improvements for the manufacturing of Cedar Ware, Furniture, Agricultural Implements, Wagons, &c. There is also a machine shop, containing nine lathes, and two bolt machines, a blacksmith shop with nine forges, clevis machine, three trip hammers and tools complete; a foundry one hundred and forty feet long and forty-five feet wide, with flasks for making all kinds of hollow ware, plows, corn sheellers, etc; also patterns for stove and other casting. Also, one building used for manufacturing bagging, containing fifteen looms, with all the necessary machinery for spinning, etc. There is also a stone shop, paint shop and dry house.

The prison buildings are beautifully located just outside of the corporation of Nashville, and within one quarter of a mile of two railroad depots and one mile of the steamboat landing.

There are now about one hundred and fifty convicts in the prison, most of whom have served some years and are skilled mechanics in their respective branches of business. The prison is under a Board of Directors, and a Warden, whose duty it is to provide for the wants of the convicts and to see that strict discipline is maintained.

Proposals may be addressed to the undersigned or Secretary of State, within case they should be indorsed "Proposals for leasing the Tennessee Penitentiary."

Any further information desired will be furnished by addressing the Directors of the Penitentiary.
