[By Telegraph to the Pittsburgh Gazette.] NEW YORK, May 21, 1869. Wall street was excited this afternoon by rumors, none of which could be traced to reliable authority, such as Boutwell's resignation, with at first George H. Stuart, and subsequently A. T. Stewart as his successor, and revival of the story that three per cent. certificates were that three per cent. certificates were
to be retired instead of bonds. These
reports occasioned a depression and
general decline in prices; the effect, however, was chiefly on the gold market.
The Brazilian firm, alluded to yesterday, will make a private settlement, and is called a suspension.
The name is said to be James Patrick &
Co., who also are in the California trade.
One other private settlement is reported

Gold greatly excited by rumors noticed above and lower; prices opened at 143%, fell to 140%, and closed at 141%. Carrying rates 7@3 per cent., and 1-32 to flat. Clearances \$136,000,000. The heavy sales of larger speculativa holders yesterday and the announcement by the Secretary of the Treasury of increased sales of gold also had an effect on the market.

PITTSBURGH IRON MARKET. OFFICE OF PITTSBURGH GAZETTE, FRIDAY, May 21, 1869. The metal market, since the date of our last report, has undergone no quotable change. The demand is only moderate, but with a comparatively light supply and only moderate receipts, supply and only moderate receipts, prices are pretty well sustained. The arrivals of estern irons continue light, and are likely to continue so until there is some modification made in regard to restable. The Bar iron and Nail trade is reported dull and unsatisfactory; there is not so much complaint as to searcity of or-

point that leaves the manufacturer little, if anything. COKE 200 " Red Bank 38.00 6 mos BILLUMINOUS COAT SMELTED FROM DAKE
