Agitation on the Alabama Question—Immense Meeting in Ireland in Opposition to Church Disestablishment—Queen Isabella Proposes to Abdicate in Favor of Her Son—Another Candidate for the Throne—American Ministers Washburne Presents His Credentials to the Emperor of France—The French Elections—Persecution of Christians in China.

GREAT BRITAIN.
LONDON, May 22.—The Times this morning has another editorial on the Alabama question, suggesting by the way that the Emperor of France, in his speech at the Emperor of France, said: "England has equal cause of complaint against America. Great Britain resolutely refused to recognize the South, thereby inflicting sufferings on her people, disorganizing an ally, and in fact declared in favor of the North, and is now misunderstanding and accusing of hostility and selfishness."

Sir Francis Head had communicated several official documents to prove the assistance rendered by America to the Canadian revolt in 1837. He asserts, in a letter accompanying the documents, that Sir Sumner's language in the House of Commons, as well as the case of the Alabama, but that the English Government never received or changed its position.

The Fall Mail Gazette also had a leading article on the Alabama claims question. The writer says whatever England did in respect to the Americans, France did and ten times more, for nothing but our refusal of her invitation to recognize the Southern Confederacy saved the North from a more trying and doubtful contest.

The Weekly Spectator, published to-day, also discusses the question. The truths told by Mr. Forster, the old and staunch friend of Americans, must teach Americans how universal the resistance would be if Mr. Sumner's demands were seriously pressed.

One of the greatest meetings ever assembled was held in Belfast, Ireland, to-day, to protest against the disestablishment of the Irish Church. It is estimated that nearly 20,000 people were present. The rejection of the treaty for the sale of St. Thomas by the United States Senate causes much irritation at Copenhagen. The Independence Belle, of this evening, learns that Mr. Sanford, United States Minister to Belgium, has six weeks to return to Washington. He was led to take this step in consequence of the action of the Senate with reference to his nomination for Minister to Spain.

SPAIN.
MADRID, May 22.—In the Cortes, yesterday, Article 5th of the National Constitution was adopted. The civil marriage bill has been introduced. The republican newspapers of this city assert that the recent vote of the Cortes has only deferred the scheme for a federal republic, not defeated it. The sooner or later must come through the want of a monarch and the absence of unanimity on the part of the majority of the Cortes.

Queen Isabella has proposed to abdicate in favor of her son, the Prince of Asturias. Gonzalez Bravo, her former Prime Minister, and others have advised her otherwise.

PORTUGAL.
LISBON, May 24.—Admiral Topete has been appointed Minister of Colonies and Africa. It is rumored that Prince Augustus, of Portugal, will be put forward as a candidate for the Spanish throne, and that negotiations are on foot for his marriage to a daughter of the Duke of Montpensier.

FRANCE.
PARIS, May 22.—Gen. Dlx, American Minister, to-day had an audience with the Emperor, at which he introduced Mr. Washburne as his successor, and took formal leave of his Majesty. Mr. Washburne then presented his credentials as Envoy Extraordinary and Minister Plenipotentiary from the United States to France.

The general elections for members of the Corps Legislatif commenced to-day. The voting in the city progressed quietly, and reports from all parts of the country show that tranquility prevails.

The French Derby took place to-day. The race between the Duke of Devonshire and Comte de Lagrange.

MARSHALLS. May 22.—The American schooner Annelia was abandoned at sea, and her crew was landed at this port.

CHINA.
LONDON, May 22.—The difficulty with the Chinese government, arising out of the persecution of Christians in the North, has been settled. The latest dispatch from the British Legation at Peking states that the Mandarin who countenanced the persecutions has been removed from office.

GERMANY.
BERLIN, May 22.—Baron Von Gerolt, Prussian Minister at Washington, has arrived here.

The date and channel of receipt is kept private for prudential reasons. The loss of the Spaniards is set down at one thousand killed and wounded. The Cuban forces, under Quesada, intruded on the road, and the Spanish numbered about three hundred men. The Cuban forces, the severest which has taken place during the war. The battle was decided by the arrival of the Spanish at San Lito, where four thousand men, large numbers of whom were mounted, but who, though very poorly armed, had a superior position. The Cuban forces, of five hundred colored troops a little over four hundred shot their rifles and went over to the Cubans. The remainder are neither with the insurgents nor with the Spaniards. All the baggage, provisions and ammunition of the Spaniards was carried in ten cars and dragged on the road. THE TEXAS ELECTION.
The President to-day stated to Judge Paschal, who called on him in behalf of Gov. Reese, of Texas, that the time for holding the election in that State and that of the other States, was after the election in Virginia. He thought the best time would be between the times of storing grain and sowing it. Mr. Paschal stated that he would be in the city on Monday next, and that he would be in the city on Monday next, and that he would be in the city on Monday next.

MISSOURI WOMAN'S SUFFRAGE ASSOCIATION.
St. Louis, May 22.—The Woman's Suffrage Association held its last meeting at the residence of Mrs. Francis D. Gage, which was strongly urged the ladies to persevere in the work and the work of the Association. She said woman herself is the enemy we small ourselves. The majority of our own sex are against the right of suffrage. The majority of men will make the heaven of their own making. She cautioned the ladies to be careful of the wrong and suffering of the age on the one hand, and the wrong and suffering of the age on the other hand. She said that she would not set her seal. I sincerely believe if woman would sacrifice as much labor, time and money in endeavoring to set the wrongs of society as they do now in following its unnecessary rules and conventions, they would in two years have secured all the prominent evils and march to the ballot box.

BRIEF TELEGRAMS.

IN FUTURE ALL AMERICAN VESSELS ENTERING PORTS OF CUBA WILL BE CHARGED THE SAME PORT DUES AS SPANISH VESSELS.

PARIS, May 22.—The civil marriage bill has been introduced. The republican newspapers of this city assert that the recent vote of the Cortes has only deferred the scheme for a federal republic, not defeated it. The sooner or later must come through the want of a monarch and the absence of unanimity on the part of the majority of the Cortes.
