Live Stock Market.

CHICAGO, May 29.—Hogs quiet, closing weak at $8,40@8,60 for fair to medium, and $8,65@8,80 for good to choice. Cattle quiet and easy at $5,50@6,50 for cows and butchers' steers, and $6,75@7,20 for fair to choice shipping beeves.

Latest—Beef Cattle were rather quiet to-day and the offerings moderate, consisted largely of fair steers; the demand was light, as advices from the east were unfavorable; receipts, 725 head; sales 447 at prices ranging from $5,25@7,20. Hogs dull, the disagreeable weather restricting trade, and only choice lots sold readily; sales 1,725 head at yesterday's prices.

Dry Goods Market.

NEW YORK, May 28.—The market opened fairly active at steady, if not firm, prices for staple cotton fabrics, but closed rather quietly in heavy brown sheetings and goods of this class. A reaction in prices is anticipated. Heavy woolens for cording purposes are improved.

MILWAUKEE, May 29.—Flour firmer; choice western Iowa sold at $5,25@5,80. Wheat quiet, $1,19 for No. 1, and $1,15½@1,16 for No. 2. Rye dull and nominal. PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, SATURDAY, May 29, 1869.

As business was pretty generally suspended to-day, we omit our usual daily report of the markets, the great majority of the business houses being closed. The markets generally are very dull and heavy, the demand for all of the leading articles being confined entirely to supplying immediate wants, and, as a general thing, prices are still tending downward. It is thought by some dealers that Flour may possibly advance slightly between this and harvest, but of this there is no certainty, and the indications at present do not warrant any such prediction. The demand for Grain is very light and notwithstanding there is no accumulation of stock, the market is exceedingly dull and Rye and Oats have declined. Groceries are also dull, but Sugars are held with a good deal of confidence, in view of a heavy fruit crop. Provisions quiet and unchanged. Butter, to use a common phrase, has got a "black eye," having declined fully fifteen cents per pound during the week; and prime Roll cannot be quoted above 20 cents. Other articles are dull and unchanged.

It is generally expected that business will be dull during the next two months or until after harvest. This is usually the case at this particular season and we see no reason why this year should be an exception.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, SATURDAY, May 29, 1869.

REVIEW FOR THE WEEK.

The oil market has been quite active during the week which has just closed, the volume of business both here and in the east having been unusually large. The most important and noticeable feature we have to notice is the material decline in prices; while nearly everybody expected that there would be a decline, yet it was more rapid than even the most sanguine expected. Another important and encouraging event is, the fact that additional refineries have resumed operations, and it is probable that the majority of all the prominent manufacturing establishments are now in full blast. It is true, the margin for the manufacturers is yet rather light, but it is generally believed that there will be an improvement in this respect as the season advances. The receipts of Crude by the Allegheny Railroad to-day exceeded six thousand dollars.

Receipts of Crude this week, 7,232 bbls; last week, 9,323; from January 1st to date, 259,026; same time last year, 504,051. Exports Refined this week, 12,589; last week, 10,694; from January 1st to date, 151,517; against 168,198 same time last year. As will be seen above, the receipts of Crude thus far this year show a falling off of 245,025 bbls, compared with the same time last year. The sales this week foot up 95,700 bbls against 71,100 last week. It is but proper to remark, however, that there was a good deal of oil sold of which no report was made, probably 25,000 bbls sold "short" by Eastern operators to Pittsburgh buyers.

CRUDE.

There was considerable oil sold to-day but as will be seen, prices have still further declined. Sales of 2,000 seller June 20th, at 12¾; 1,000 seller 20 days at 12½; 1,000 spot at 12¾; 3,000 seller all year, at 12½; 1,000 July (40 to 45) seller, at 13; 1,000 June, seller, at 12½; 1,500 spot, at 12½, and 3,000 all year, seller, at 12½. Also, 1,000 seller next week at $4,80 at Venango City, considered equivalent to 12¼ delivered here.

REFINED.

There was but little done in Refined to-day the sales being comparatively light, while as in the case of Crude prices have still further declined. Sales of 500 spot, at 29; 500 May, at 29½; 1,000 June, at 29¼; 1,500 June, at 29. Compared with the early part of the week, prices have declined 2@3 cents, but operators generally begin to think that the bottom has about been reached, though it may go still lower.
