PITTSBURGH, STAURDAY, JUNE 12, 1869.

NUMBER 13

FIRST EDITION.  
TWELVE O'CLOCK, M.

## THE CAPITAL.

(By Telegrams to the Pittsburgh Gazette.)

WASHINGTON, June 11, 1869.

APPAIRS IN CURIA.

Recent advice from Cuba state that the difficulty between the Spanish officials and the organized volunteers is on the increase, and the latter have almost entire control of the Government of the island. Such is their power that they forced the acting Captain-General to countermand the requisition of Dulce on the latter Government for a reinforcement of five thousand regular troops.

CUSTOMS.

The receipts of customs from June 1st to 5th, inclusive, were \$1,474,123.

BELOIAN MISSION.

Hon. J. Russell Jones has been commissioned Minister to Belgium, and will sail on the 23rd inst.

ON A VISIT.

Secretary Rawlins left this evening for a brief visit to his family in Connecticut.

The National Typographical Convention, (by Telegrams to the Pittsburgh Gazette.)

ALBANY, June 11.—In the Typographical Convention to-day the report on the new Constitution was read.

The sum of twenty-five dollars was appropriated to pay the expenses of Mr. Troup, delegate to the Congress of the National Labor Union last year.

A resolution was adopted to send two delegates to the National Labor Union, and Messrs. Sample and Green, of Pittsburgh, were appointed, with Messrs. Beatty and Quinn, of Philadelphia, as alternates.

A resolution declaring that the practice of taking apprentices to a printing business who had no knowledge of grammar should be abolished. Adopted—39 to 25.

The Convention then granted Cincinnati as the place for the next meeting.

Mr. Erickson moved that the general laws be so amended as to grant charters to Women's Typographical Unions. Resolved.

The Committee on Returns reported seven thousand five hundred and forty-five members in good standing. There have been two thousand two hundred and fifty-six members initiated during the past year; one hundred and forty-four have been expelled for non-payment of dues, and seventy-six restored under the amnesty proclamation.

The Committee on Subordinate Unions reported favorably upon the following subjects:

The apprentices to the printing business should have a good grammar education. Rejected.

An organizer of subordinate Unions in Canada and the Eastern States be appointed and his expenses be paid by the National Union. Tabled.

That the action of the National Union in denouncing certain parties as "traitors," and for which the members of this Union have been indicted for conspiracy and libel, be approved. On motion of Mr. Minnow, the clause was amended by striking the efforts of members of the Union to secure the repeal of the conspiracy and libel laws. The other clause was adopted.

The Convention then went into committee on the new Constitution. A debate arose on the second section, which contained a provision looking to granting charters to Women's Unions. A proposition to amend so as to mitigate against the women charter proposition was lost. The section was amended so as to require a scale of prices to be adopted by one Union to be agreed to by another Union in the same town or city, and then adopted. The third section providing for granting charters to Women's Unions was then read and amended so to allow women to join other than Women's Unions. The section was then adopted with one or two dissenting voices.

Delegates to the National Union shall be members in good standing in the Unions they represent. Resolved.

Three, relative to the officers and their election, was adopted. Article four, relative to the duties of officers, was taken up, but not discussed.

Committee rose and reported progress, and a recess was taken.

At the certain session other articles of the Constitution were adopted and the whole instrument adopted by 168 to 16.

Miss Augusta Lewis, President of the World's Typographical Union, thanked the Convention for its action.

Mr. Beatty offered a resolution that it be unjust for members of a Union to receive and do work taken from a place where there is a strike. Adopted.

Effluvia in Tennessee.

(By Telegrams to the Pittsburgh Gazette.)

NASHVILLE, June 11.—The Press and Times, which has heretofore been the organ of Stokes, came out this morning strongly for Senator and universal suffrage. The old editors of the Press and Times have all ceased connection with it, and new names are announced as editors of the paper, but the leading article declares it will hereafter be the organ of no man or set of men, but will boldly and independently advocate whatever its conductors think to be politic and right.

The Senator movement seems to be gathering strength and force all over the State. The three leading journals of the great divisions of the State, the Knoxville Whig, the Press and Times and the Memphis Post, are now all for Senator.

News from Paraguay.

(By Telegrams to the Pittsburgh Gazette.)

NEW YORK, June 11.—European mails bring the following Paraguayan news: A Brazilian regiment of cavalry in the advanced guard of the allied army had been surprised, and the whole regiment destroyed by Lopez's troops. All were killed or taken prisoners. The expeditionary corps which landed at Encarnacion was surprised, a great part being killed and the remainder captured by Paraguayan forces. A gunboat, which was towing up the river Taboquera a cargo of provisions for the army, was boarded by the Paraguayans, who killed all the crew and took possession of the cargo of the two vessels. The allied army was still in Laguna.

FRANKFURT, June 11.—The agitation in Paris last night continued until after midnight. The troops occupied Montmartre and vicinity, and the cavalry paraded through the streets all night. Shortly after midnight the crowds in one of the streets of Montmartre district broke through the lines of police and formed a barricade, but they were dispersed and pursued in all directions by Dominicans. Many windows were broken and other damage done to property in that quarter of the city. The cavalry charged on the crowd in the streets many times, and several persons were wounded, but no one killed. The police have been very active, and it is reported to-day they made nearly a hundred arrests in the night.

Further disturbances are apprehended and extraordinary precautions have been taken by the Government to prevent them.

The Paris and other Paris journals give returns showing the election of one hundred and ninety-nine Official and ninety-three Opposition candidates.

The editors of the Zevet have been arrested on a charge of conspiracy.

Paris, June 11.—The Emperor and Empress moved through the city with crowds of people, who enthusiastically cheered.

Three members of the editorial staff of the Siecle, and several of M. Rochefort's Electoral Committee, have been arrested by the Government and fined.

Several persons have been arrested and fined for disturbing the peace.

The Lake Shore and Michigan Southern Railroad Company have filed their articles of association in the office of the Secretary of the State of Illinois. Capital, \$1,000,000.

## Water Privileges in Allegheny.

We give place to the following communication, believing it right to make such complaints public, when the usual private importunity proves ineffectual. We know nothing of the facts, and can answer only one of the queries, the question "whether the money expended for branch pipes should have been expended in buying up the Water Committee?"

We answer that it should not, and that we believe the members of that Committee are incapable of the crime implied by the question. We may add that the author of the article is a responsible and highly respectable citizen, every way entitled to be heard.

Editors GAZETTE: Can you inform me the necessary means or ways of having the water piped on our street, (Beech street, Allegheny.) Two years ago I built a house on this street, and on application to the proper authorities (by petition) for water privileges, was informed that there were not sufficient houses on the street to warrant the carrying of the water pipes on the street. Grant Avenue tapped, and a branch brought to my building, at an expense of about \$100. The water pipes on our street, and I have been informed the reason why the water pipes are not laid on the street is that the water pipes on the street refuse to buy city bonds, certainly a very excellent reason why the other property owners should be deprived of their water privileges. As the houses on the street are all fine and rather elegant buildings, the owners (who occupy the buildings) have been compelled to bring branch pipes to their houses at their own expense. The city authorities have not been able to get the water pipes on our street, and I think \$25 last year. Now, please tell me, should we have spent the money we paid for bringing the water branches to our houses in buying up the Water Committee, or donating to the city bonds, or other means? Other streets with but one and two houses on them have the water privilege; then, why not ours? BEAUM STUBBS.
