SEIZURE OF ILLICIT DISTILLERIES.
Reports have been received to-day from Revenue officers in East Tennessee, North Carolina and the border counties of Virginia, communicating intelligence of the seizure and destruction of sixty illicit distilleries in those localities within a few weeks past. These are rendered exceedingly difficult and dangerous, owing to the remoteness of the districts and desperate character of those engaged in the business. General Sherman has directed that military, whenever a force can be spared, to render all assistance in their power to Revenue officers.

In consequence of the great difficulty encountered by revenue officers in Philadelphia in attempting to suppress numerous contraband distilleries, application has been made to the Secretary of the Treasury for a squad of marines, and to the Attorney General to direct the United States Marshal there to continue the aid of the local constabulary.

MEETING OF PRINTERS' UNION.

A very large meeting of Typographical Union No. 10 of this city, last night, the Committee on Nominations and others reported in favor of the admission of Lewis E. Douglas, colored printer employed in the Government Printing Office. A minority report against his admission was also presented, on the ground that as he is a colored printer, he is not eligible to membership. The meeting, without a card, he could not properly be admitted here. The majority report was adopted by a vote of 22 to 10.

The announcement of the result was received with applause, mingled with indignation and indignation. The committee had been taken, the President, when a motion was made to adjourn until great disorder and excitement.

CUBAN EXPEDITIONS.

Revenue and other Federal officers are going to Cuba, to suppress the illicit distilleries. Action has been taken by them in this case, in order to prevent the sailing of illegal distilleries to Cuba. Action has been taken by them in this case, in order to prevent the sailing of illegal distilleries to Cuba.

SUB-AGENT EXPOSURE.

A day in the District Court, in the case of W. C. Hamilton vs. Edmond M. Stanton, an action for \$50,000 for false statements and imprisonment, Judge Hughes filed a motion for the production of orders, letters and documents referred to in the plea of defendant. Judge Wylie reserved his decision.

NEW YORK CITY.

President Grant will remain here till Monday. He avoids calls on him, and sees but few of those who visit and greet him. His wife also is, as usual, his express desire, neglected by him.

The funeral services of Mrs. Raymond is appointed for Monday afternoon at the Church at the corner of University place and Tenth street.

The epidemic story published this morning that a force of about five hundred men left last night for Cuba is unfounded, though it is considered by some to be true.

ST. LOUIS.

THE TRIAL OF CAPTAIN DONALDSON FOR HOMICIDE.

By Telegram to the Pittsburgh Gazette.
St. Louis, June 19.—The Court room was again crowded to-day, owing to the trial of Captain Donaldson, and the interest in the case was sustained. Glover's examination was continued, and his report of material interest was brought on in the cross-examination. The defense seem desirous to make it appear that the witness had quarreled with Anderson, the boy killed, but he stoutly denied it.

George Williams, the second porter, heard the report of a pistol, and about ten minutes afterwards saw Donaldson and Jackson leave the boat. Saw Don on the boat, passing over the bow of the boat. He did not see the pistol, but he saw Captain Barr with him; it was light enough to distinguish them easily. Witness did not know when he left the boat that night that Anderson had been killed.

The State rested the case here and for the defense, Larry Hazen, an officer of the Cincinnati, testified to the fact that he acted as a witness to the shooting and was in the boat with Donaldson at the time he was shot. He testified that Donaldson was in the boat with him at the time he was shot.
