CATTLE. The supply of Cattle to-day, was not up to that of last week either in regard to numbers or quality, and in the absence of any inquiry for shipment, deserving of the name, the market was a rather commoner grades, of which the offerings consisted chiefly, while strictly prime butchers stock brought relatively better prices, There were a few extra Cattle sold at 8, but the bulk of the best stock on sale sold at from 71/@7%, and fair to good may be quoted at from 614@7. steers, on commission, at 6,50@7,40. There was a very full supply of this class of stock on sale to-day, about 1,800 head, and with only a moderal demand, the market was a very dull one, and, compared with last week, prices have still further declined. And had it not been for the presence of one or two wholesale buyers, it would have been still worse, as several droves were taken out of the market for shipment, thus reducing the unmber on sale, and rendering it possible for holders to close out the balance to the retail trade. As

that most of them lost money, and out very few, if any realized any profit. The very best sheep on sale did not bring over 4½ to 4½—the same kind last week sold at 4½@5. Lambs also in good supply, and lower, selling at from \$1,50 to \$3,50@3,75 per head; the bulk of the sales being at \$1,50@2,50. The following is a partial report of the sales:

Beeler wholesaled, 75 Butler county, sheep and lambs to G. Belisteine at a supply sheep and lambs to G. Belisteine at the demand is moderate and the market is a mall way, and the market is an ominal. There is little or no enquiry for this class of stock, and the market is dull and neglected, while prices are nominally unchanged. We continue to quote in a retail way at 9@101/@11cts, as to quality and condition.
