PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE,] SATURDAY July 17. 1869. The oil market has been moderately active this week. there having been a fair volume of business in the aggregate, while prices are a fraction lower, and the feeling to-day, particularly for refined, was weak and drooping. The most important feature we have to notice, was the discovery of a descrepancy in the report of the Titusville Herald for the month of June, which changes the at 25c situation materially in regard to the production. Instead of a decrease of something like one hundred barrels per day, as the report of the Herald made it, there has been an *increase* of over fimrer and less active, prices, being 20 seven hundred barrels per day, compar-ed with the month preceding. It is fair to add that no sooner was the discrep-ancy discovered, than the *Herald* made **1**,32% (01,33, conducting and unsettled). ancy discovered, than the Herald made necessary corrections, thus evincing a disposition to do what is right and just in regard to the matter. So soon as it was ascertained that the production had actually increased instead of having -decreased, the market weakened considat 75c for June receipts. Oats dull; sales at 66@66½c for No. 2. -A new experiment is about being made on the Mississippi with direct ref NTATIONAL or tool Course made on the Mississippi with direct ref-erence to further, cheapening the trans-portation of grain. A company of steam-boatmen, it is reported, are about con-tracting here for an iron propellor, two hundred and eighty-four feet long, drawing two feet forward and four aft, when light, and six feet on an even keel when light, and six feet on an even keel when loaded. The first boat is intended as experimental in competing with the barge system. Should it prove a success several others will be immediately contracted for.
