A Model and Well-Organized Drug Store.—The Eastern companies require you to pay in advance of any necessity. They take your money away and entrust it to strangers of whom you know nothing.

The Co-operative does not require payment until the money is needed. It keeps the surplus at home and makes actual loans to its policy holders.

Eastern companies make you contract to pay two or three times the admitted value of your insurance, and give you the word of the agent that your "dividends" will make it all right.

The Co-operative charges only the actual cost of insurance and contracts in the policy to give the entire surplus to policy holders.

A young mutual is necessarily weak and an excessive mortality will destroy it. The Co-operative is as strong in the beginning as a mutual with millions of surplus.

To live through an epidemic all other contracts are void. The Co-operative can keep on the even tenor of its way, and its policies will command a premium.

All calls and more will be made plain to any one at the office of the Co-operative Life Insurance Company, 128 Smithfield street. Call and see.
