FINANCE AND TRADE.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, August 2, 1869.

The suspension of the eminent Greek firm of Rhadoconschi & Franghiadi was reported this afternoon and created considerable talk. This firm has had its headquarters at London, and branches at New York, Rio de Janiero, Constantinople and other foreign cities. The house has always enjoyed very high credit, and passed through a number of financial panics. The amount of liabilities is not known. It is reported that the suspension was caused by a rise of gold at Janiero, the firm being short. Money is moderatley active to-day. Call loans are 7 per cent. on stocks 5@6 on Government. At one time during the day there were some loans made at 4 per cent on Governments, but these were exceptional. Discount market dull at 8 to 10 per cent. Sterling dull at 9¾@10; a New Orleans house has drawn for $50,000 on the growing cotton crop. Gold opened at 135¾, fell to 135⅝ but rallied to 136¼ under purchases of $900,000 for the suspended Greek firm, and closed weaker at 135⅞. Carrying rates 5½@7. Clearances $42,000,000. It is reported that $500,000 will be exported to-morrow but the story is improbable.

It is true, Antwerp is reported better, but the eastern markets continue dull; and, besides, oil is relatively higher here then in Europe. As has been repeatedly noted, what is most desired here, is to get prices equalized; Refined must advance, or Crude decline; as a general thing, it makes no difference which.

CRUDE.

Not a single sale reported—market very dull and weak with a drooping tendency. Spot or seller August offered at 14¾ without finding buyers. Seller all year, reported as having been offered at 14½, and buyer, all year, nominal at 16. There was a time, when oil producers professed to care very little about Pittsburgh as an oil market, alleging that Cleveland was able to pay better prices; that time, according to recent advices, has gone by.

REFINED

But a single sale reported, 1,000 each October to December at 32¾, which is a decline of a quarter, compared with yesterday. Spot quoted at 31@31½, and last half month at 32. Buyer all year, nominal at 34.

PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, TUESDAY, August 3, 1869.

We concur in the following paragraph, taken from the Cincinnati *Gazette*: The accounts that appear from time to time, of damage to the crops, are mostly doctored. Wheat has undoubtedly been damaged by excessive rains in some sections, but it is true, nevertheless, that the crop, in the whole country, West, will be above an average in quantity and quality. The greatest injury reported has been suffered in Illinois. There is a very large crop of oats, a good crop of barley, an extraordinary yield of early potatoes, and a great abundance of all kinds of fruit. There is a large yield of hay, but the quality is not as good last year. Of all this we may feel assured. Corn was planted late, but the weather in July was so favorable that much lost time was made up, and the crop on the 1st of August promises much better than at the corresponding date last year. With favorable weather this month and the absence of early frosts, we may calculate upon a large yield of corn. These remarks also apply to late potatoes. So far as crops have matured the most inveterate grumblers cannot get up a respectable growl. All that is needed now to satisfy the farmers is a large foreign demand that will secure a market for surplus products at fair prices. Of this there is a good prospect.

APPLES—Under the influence of increased receipts, the market is less active and prices lower, ranging from $3@4¼ per bbl.

BUTTER—Is quiet with a supply about equal to the demand; sales at 20 to 23@25.

BERRIES—Sales Blackberries at $4,00 per bushel, and Huckelberries at $5,00@5,50.

BEANS—Sales at $1,75@2.

BROOMS—Quoted as follows: No. 5 $6,50; No. 4 $6; No. 3 $5, No. 2, plain, $4,50, and market firm.

CHEESE—Sales common Western Reserve at 13@14; Ohio Factory and Hamburg 14@15; and Goshen, 15@16c.

CEMENT—Johnstown Hydrulic Cement is quoted at $2,25 per bbl.

CARBON OIL—Is dull as usual at this season of the year, and prices are nominally unchanged.

DRIED FRUIT—Is very dull, and likely to continue so until towards winter, as there are many other kinds of fruits offering.

EGGS—Dull and cannot be fairly quoted above 18@19, although some sales were reported at 20c.

FEATHERS—Dull; quoted at 80@85 cents to the trade, and the usual advance for small lots in store.

FLOUR—The market is quiet and firm but unchanged; the arrivals are increasing slightly—mainly from Ohio and other points this side of Chicago, as the price there will not admit of shipments to this market. We continue to quote Spring Wheat brands at $6,75@7,00, and Winter Wheat at $7,00@7,50. Both retailers and bakers, as well as consumers, are buying very sparingly.

GRAIN—Spot Wheat is scarce and in steady demand, with sales of prime new and old red at $1,40, and choice old red would bring from 3 to 5 cts. more. Oats dull and holders, generally, anxious to realize; sale of 1 car at 68, and 490 bush. in store at 70. Sales new crop, to arrive, at 60. Corn is steady, with sales of 2 cars yellow at $1,65, and 1,200 bushels at $1,05@1,08, delivered; quotations may be fairly given at $1@1,05 on spot, for mixed to prime yellow. Rye is quiet and unchanged, $1,25 being regarded as the standard price.

HAY—The offerings in the Allegheny market to-day were the largest of the season. There were sales of 68 loads at eight A. M. and there appeared to be nearly as much more unsold; as a consequence, prices ruled lower. On Monday evening there were sales at from $18@24, while this morning prices ranged from $15@20—very good hay sold at $16@18.
