LONDON, August 6.—The seizure by the American government of the gunboats having been removed, if a fair peace can be effected, all parties may be satisfied with the arrangement, which will give another State to the Union and remove the great grievance from the arena from Spanish politics. The news concludes its article as follows: "Considering all the circumstances which make it difficult for Europeans to keep hold of their unwilling colonies in America, and reflecting that Cuba is now in the hands of Spain, it is not surprising that if twenty million dollars ever reach Madrid as the price of Cuba."

MOBILE.

Serious Riot at a Political Meeting.—Three Negroes Killed and Five Wounded—Policemen Injured—Result of the Election.

(By Telegram to the Pittsburgh Gazette.)

MOBILE, August 6.—Last night a serious riot occurred in this city, beginning at an outdoor Republican meeting to celebrate the triumph of the Republican candidate for this Congressional District. The meeting was a large one and composed exclusively of negroes, and a few white leaders. During the whole of yesterday rumors were in circulation that the negroes were very excited, defiant and threatening, and meant to burn the Union hall, the State for Congress, Col. Mann, in effigy. Several citizens called on the Mayor, and some of the leaders advised them that it would be better to postpone the meeting, for if the angry threat was carried out the white people could not be restrained from an attempt to resist the indignity by force. It was thought these representations had the desired effect, and that there would be no meeting. A slight o'clock, however, the tar barrels were lighted and the negroes began to flock in until they swelled into a crowd of one thousand or fifteen hundred. Many came with guns, most all with concealed arms, pistols, knives and razors. Nothing occurred, except the usual routine of the meeting, and the speakers, until about ten o'clock, when a dispute between two citizens on a subject entirely foreign to the meeting, attracted the attention of some of the white people, and in pressing up to see what it was about, a white man accidentally fired a pistol shot, which was heard by the negroes, and the signal for a general firing and the whole crowd fled in confusion. A few moments were continued a few moments as the crowd scattered, and in ten minutes a deadly riot broke out only by the crowd of the white patriots. A statement of United States troops was stationed at the guard house at the request of the Mayor, and within half an hour they took no part in the affair, except to march down and look after and put a stop to the firing. It is not known who fired the first shot, but it was fired by one thousand lookers on at the meeting. The casualties are small, considering the number of shots fired and the close quarters. Many shots may have been fired in the air. Three negroes were killed outright, and five wounded. Four police officers were injured, and one killed. The Register of this afternoon comments on the riots as follows: "Last night a riot broke out in Mobile, and this afternoon was in print, is a sharp and quick commentary on the dangers we forecast. From the present aspect of affairs it is not probable that the rioters should be exposed to outrages like this, and the community owes it to itself to prevent such a repetition. As to where the blame lies, there is no room for question. These deeds are the direct outflow of the unbridled passions of negroes, incited and abetted by the public harangue and private instigation of the foreign radicals in our midst. The rioters are to be held responsible, and how long these incendiaries shall be allowed to expose the peace and safety of women and children. We hope this rioting will be held to answer this question."
