FINANCE AND TRADE. OFFICE OF PITTSBURGH GAZETTE, WEDNESDAY, AUGUST 11, 1869. The unfavorable reports about the crops of England and the Continent being confirmed, the prospects of a large export of grain and flour are thereby improved.

Money quiet easy. Quotations as received by Ph. R. Stocks generally lower, closing unsettled. Rock Island was the strongest of the list, while Pacific Mail and Northwestern shares were the weakest. PITTSBURGH MARKETS. OFFICE OF PITTSBURGH GAZETTE, WEDNESDAY, AUGUST 11, 1869. The markets, in a general way, present but little that is new or really important. For most of the leading articles there is a fair local demand and a moderate volume of business in the aggregate, but there is no change to note in values.

WHEAT—Also is dull, with a supply considerably in excess of the demand, and prices are barely sustained, 20@22, for fair to choice. BUCKWHEAT—Blackberries are not so plenty, the arrivals, apparently having fallen off considerably, but prices remain unchanged, at \$1 1/2 per bushel.

GRAIN—Wheat is scarce and in steady milling demand, at \$1.30@1.35 for new, and \$1.40 for old—\$1.45 offered to-day for the latter. It is true, the mills can scarcely afford to buy at these prices, it seems impossible to advance flour in this market, but still they are obliged to "grind away" in order to keep up their trade, even if they do not make any money.

Live Stock Markets. NEW YORK, Aug. 11.—Only 1,260 fresh cattle arrived for the mid-week market at the National yards, of average good quality, and were early sold at prices a little stronger than Monday, tops bringing 16 1/2; still with a perfect gift of fresh the demand for meat is restricted. The Florida shippers are still holding, and being inclined to see if they can be brought to a safe condition to go on the farms; they are considering mortality among them on account of their enfeebled condition on the landing.

DRY GOODS MARKET. NEW YORK, August 11.—Dry goods; improved inquiries for staple styles of woollen and cotton fabrics and prices rule steady. The only changes of consequence are in Congolese tickings, which are lower. Congolese C O A reduced from 22 to 21; D A C from 24 to 23; do. wool medal from 25 to 24; extra from 31 to 30. Wool faunal in request, firm.

MEMPHIS, August 10.—Cotton unchanged, receipts 7 bales; exports 10 bales. Flour \$6.50@6.50. Wheat, 30c@31.00. Corn, 22c@23c. Rice, 17c@18c. Sugar, 17c@18c. Pork, \$8.50@8.50. Lard, 24c@25c. Bacon steady and firm, shoulders 16c; sides 17c.
