NEW ADVERTISEMENTS.

UNRIVALLED! THE

WHEELER & WILSON Sewing Machines.

LEADS ALL COMPETITORS.

The distinctive feature of the WHEELER & WILSON MACHINE is the use of a ROTARY HOOK to carry the loop of the upper thread

around the spool containing the under, making the lock-stitch alike on both sides of the fabric, thereby doing away completely with the vibratory motion of a shuttle, the tension upon the under thread, and all devices for taking up slack thread; these are necessary on all two-thread Machines. The public have indorsed this principle

by purchasing over 350,000 of our Machines—more than 100,000 in excess of those of any other manufacturer. It has long been acknowledged by the most stupic Lock-stitch Machine in existence; having one-third less machinery than any other two-thread Sewing Machine.

(From the London Times.) "THE WHEELER & WILSON SEWING MACHINE, WHICH IS THE ONE BEST CALCULATED FOR HOUSEHOLD WORK, uses no shuttle, and makes the LOCK-STITCH alike on both sides of the goods.

"Some of the Sewing Machines are very extravagant in the use of thread; one of the most noted of those making the double-loop chain-stitch, using six yards of thread to one of sewing. This is a serious matter, looked upon as a manufacturer's point of view, where the great aim is to economize the material."

Thousands of Testimonials could be given from all parts of the world, were it necessary to the reputation of this well-known Family Sewing Machine.

I beg to state that I have used a Wheeler & Wilson Sewing Machine, in family sewing, fourteen years, without even the most trifling repairs; and it is in so good condition that I would not exchange it for your latest model (now up to date of 300,000). One needle served me more than a year in fine sewing.

New York. Mrs. ANNIE WARNER.

Mrs. Maxley has had her Wheeler & Wilson Sewing Machine in almost daily use for over eleven years without any repairs. She has done, with her own hands, during that period, the larger portion of the sewing for a family of eleven children on the machine, and part of the time for fifteen or twenty farm servants. She would not now change her Wheeler & Wilson for any other she has ever seen.

BRANDON, Miss. E. H. MAXLEY.

Capt. J. YOUNG, JR., of Robinson to Waship, Allegheny county, says: We have used the Wheeler & Wilson Sewing Machine in our family two years. My daughter received but two lessons, and is able to accomplish every variety of sewing without any difficulty whatever. We had used the "Howe" and "Grover & Baker," and after a fair trial of these three leading machines, we can most confidently assert that no machine is so simple or so well adapted for ladies' and family use, as the "Wheeler & Wilson."

My wife has used her Wheeler & Wilson Machine ten years without repairs, and has used only one needle for the last three years.

CHARLES J. GRAY, NEWBURGH, N. Y.

Ten years ago I purchased a Wheeler & Wilson Sewing Machine, and have had it in constant use in my family since. We used it during the war to make clothing for our volunteers in the service, and for the hospitals, and it was very heavy, being coarse woolen and cotton fabrics. It is still in good working order, nothing having been broken but a few needles. You are welcome to use my name in your recommendations.

Mrs. HUGH McCULLOCH, GREY HENNER, MONTREAL.

We, the undersigned, Sisters of Charity, certify with pleasure that, for a trial of ten years, we have used Wheeler & Wilson's Sewing Machines superior in every respect to all others used in our establishment. Their mechanism is strong and perfect, and with little care never get out of order.

SISTER COULTER, SISTER BAYLON, General Hospital.

In order to facilitate the sale of, and place a Wheeler & Wilson Sewing Machine within the reach of every one, we propose to lease them on the following terms: We will furnish one of our celebrated Sewing Machines to any one desiring to keep it, and paying us ten dollars per month for the use of the machine. When the monthly payments and deposit amount to a sum equal to the Cash Price of the Machine, we will give a receipt to fall for the Machine.

Any one desirous to avail themselves of our offer, can be accommodated by making application to one of our travelling salesmen, or by addressing us or by calling at our
