Polsoned by Hair Dye. [From the Davenport (Iowa) Garette, Aug. 17. Shortly after the death of Dr. J. M. Witherwax, which occurred on the 15th victory to an English "coach," or of last June, the Scott County Medical Society appointed a committee to investigate the causes which led to his death, it having been the opinion of several medical gentlemen that he died from the ef-

fects of lead poison. The committee have prepared their report, in which they unanimously concur in the opinion that the cause of Dr. Witherwax's death was rightly surmised, and that the poison was introduced into the system through the use of hair dressing or dye. For four years previous to his demise, Dr. Witherwax had used the dressing almost daily on his bair and whiskers, and frequently during the whole period suffered from pains which

were similar to those produced by lead In the report, Dr. Baker, as Chairman, cites many instances given in prominent medical works and journals, in which in-dividuals have died from diseases produced by use of hair dies, in which symptoms very similar to those manifested in the case of Dr. W. were be rayed. SPECIAL NOTICES.

SCHENCE'S PULMONIC

SYRLP, SEAWEED TONIC AND

MANDRAKE PILLS will cure Consumption,
Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken
at the same time. They are all three to be taken
ing to directions. They are all three to be taken
at the same time. They are all three to be taken
at the same time. They cleanse the stomach, relax the liver and put titlo work; then the appetite
becomes good; the food digests and makes good
blood; the patient begins to grow in ficeh; the
diseased matter ripens into the lungs, and the
patient outgrows the disease and gets well. This
is the only way to cure consumption.
To these three medicines Dr. J. H. Schenck, of
Philsdelphia, owes his unrivaled success in the
treatment of pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the r
iungs, nature throws it off by an easy expectoration, for when the phlearm of matter is ripe a
silight cough will throw it off, and the patient has
rest and the lungs begin to heal.
T. do this, the Seaweed Tonic and Mandrake
Pills must be reely used to cleanse the atomach
and liver, so that the Pulmonic Syrup and the
food will make good blood.
Schenck's Mandrake Pills
and the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent
causes of Consumption.
Bechenck's Seaweed Tonic is a genile stimulant
and alterative, and the alkall in the Seaweed,
which this preparation is made of, assess the
stomach to throw out the gastrilc pluce to dissolve
the food with the Pulmonic Syrup, and tis made
into good blood without fermentation or souring in
the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers locking up the secret.ons, and eventually the patient they derange the whole digestive powers, locking up the secret.ons, and eventually the patient sinks and dies. In his treatment, does not try to stop a cough, night sweats, chilis or fever. Remove the cause, and trey will all stop of their own accord. No one can be cured of Donsumption, Liver Complaint, Dyfpepsia, Cantert, Uncerated Throat, unless the liver and stomach are made heathy. If a person has consumption, of course the ungs in some way are diseased, either tubercles, abcesses, bronchial trritation, pleura adhesion, or the lungs are a mass of unfammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of fo. 4. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach the patient will begin to want food, it will digest easily and make good blood; then the patient will begin to agon the patient begins to grow, the lungs commence to heal up, and the patient gets fiely and well. This is the only way to cure Consumption.

gins to grow, the lungs commence to heal up, and the patient gets fishly and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyopensia, Schenck's Seaweed Tonic and Mandrake Fills are sufficient, without the Pulmonic Syrup. Take the Manorake Fills freely in all billious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrunted health for many years past, and now weighs 235 pounds, was wasted away to a mere skeleton in the very last stage of Fulmonary Consumption, his physicians having probonced his case hopeless and abandoned him to his fate. He was cured by the aforesaid mer icunes, and since his recovery many thousands similarly afflicted have used Dr. Schenck's prepastion with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck unless patients wish their lungs examined, and of this purpose he is professionally at his Frinchal Office, Philadelphila, every starrdsy, where all letters for advice must be addressed. He also professionally at No. 32 Bond street. New York, every other Tuesday, and at No. 33 Haover street, Boston, every other Wednesday.
