Neely Burns and Jerry Donovan have managed to get into trouble, out of which they may find it difficult to extricate themselves. Wednesday evening,

it is alleged, they entered a tavern, kept by Celia Burns, alias. They were arrested and taken to beating and abusing the women in the house. They were arrested and taken to the lockup where Donavan remained all night and yesterday morning was required to pay a fine of \$25 and costs, for disorderly conduct. Still Another. Daylight robberies are becoming quite common hereabouts. Another one occurred yesterday at the residence of Mr. Wm. Hamilton, over the First National Bank, corner Wood street and First avenue. Mrs. H. went to market about ten o'clock, and was gone about two hours, leaving no person in the house. Upon her return she discovered that some one had entered and turned things topsy turvy all over the house, besides carrying off bed clothes, wearing apparel and other articles valued at about \$100. and other articles valued at about \$100. Entrance to the apartments was effected through a hall and stairway leading from First avenue. The thief broke open a window in this hall, and so secured his booty. In carrying it away he was compelled to pass two business offices, which renders the roguery more bold and startling. He escaped without detection.

Dr. Jewett, of Tennessee, had fought in the Republican ranks from the beginning. He owed everything to that party. In Massachusetts the Whig party passed the prohibition law, and the same party did the same thing in Connecticut and Maine. In Connecticut they fought the temperance fight and went down with that cause. In the last Convention in Maine the Republican party incorporated a temperance plank in their platform and opposed the new party project.

Mr. Russell, of Michigan, answered Mr. Jewett, denying to the Republican party that which Mr. Jewett had credited them with. He undertook to prove that the Republican party had done nothing for
