More About the Byron Scandal.—The Times on French Affairs—Conference between General Prim and the Spanish Ambassador—American "Ingratitude?" Discussed—Cuban Insurrection Must be Suppressed.

ENGLAND.

(By Telegraph to the Pittsburgh Gazette.)
LONDON, Sept. 13.—The Daily News contains another letter from Wm. Howitt on the charges against Lord Byron. He says Lady Byron has condemned herself by the breach of an honorable code. Irreparable wrong was done Byron, by the destruction of the papers containing his justification, and a solution of the question is impossible except on expert evidence.

Dr. Forbes Winslow, in a public communication on the same subject, holds that the theory of the mental aberration of Lord Byron cannot be maintained.

The Times, and other papers, to-day, commenting on the Emperor's speech and the publication of the *Senatus Consultum*, say the person of the Sovereign is of secondary importance if a personal government is ended. It matters little who is Emperor or Queen, the essential question is who is Minister. What terms does he hold office, and on what principles does he conduct the administration. No one can govern except through the Cabinet, and enjoying the confidence of the majority of the people.

FRANCE.

PARIS, September 13.—The tempest yesterday frustrated the telegraph wires, and communication in every direction was temporarily interrupted.

In Paris, the Empress will set out again on her way to the south. The Emperor's health is better to-day. It is expected the Empress will return to Paris on Saturday.

Gen. Prim, while at Vichy, had a conference with the Spanish Ambassador to England and France on the subject of communication received from Washington. It is reported that the disposition of the people of Cuba was to interfere in the affairs of Cuba was announced at the conference as an act of ingratitude to Spain, and the hope was generally that Spain would reply energetically to the vindictive manifestations of the Americans.

Paris, Sept. 13.—There is no authority for the rumor purporting to state what took place at the conference of General Prim and the Spanish Ambassador at Vichy.

"Le Progrès" condemns the Americans for intermeddling in the Cuban question, and thinks the Spanish government should resent their interference.

SPAIN.

MADRID, September 13.—The Imperialists on the 5th inst. issued a speedy suppression of the Cuban insurrection.

A part of the reinforcements for Cuba have sailed from Barcelona, and other detachments will follow from Cartagena.

(By Telegraph to the Pittsburgh Gazette.)

PHILADELPHIA, Sept. 12.—Considerable commotion has been caused in the Democratic party here by the declination of S. Gross Fry, candidate for City Treasurer. A meeting of the various candidates was held yesterday, at which it was determined that all resign and take measures to form a new ticket. A crowd of outsiders, however, attended the meeting and insisted on the nomination of a third ticket said to be more objectionable to the members than the present one, and the meeting broke up without any of the candidates should withdraw unless all got together. To their surprise, a card appeared, signed by Mr. F. W. Tutton, a large Major of the Second Kentucky Cavalry, was to-day appointed Examining Surgeon for Kentucky under the pension law.

MAINE ELECTION.

(By Telegraph to the Pittsburgh Gazette.)

PORTLAND, September 13.—The election is very quiet and the vote is probably smaller than last year, but the parties will be relatively nearly the same as then. The Hickory ticket takes off less than ten per cent. of the popular vote in places heard from, which will not suffice to defeat an election by a small majority.

PORTLAND, September 13, 9 p. m.—The State election passed off very quietly, as but little interest was felt, and the vote is comparatively small. Returns came in from all parts of the State, and the fourth story window, above his store, was closed shortly after the fatal leap.
