THE COUKES.

Quarter Sessions.—Judge Mellon. MONDAY, Sept. 13.—The case of the Commonwealth vs. D. O'Neill and A. W. Book, indicted for libel, Jas. R. O'Neill prosecutor, was the first case called. A. M. Brown, Esq., counsel for defendants, moved to quash the indictment. Mr. Swartzwelder said that he had no objection to having the bill quashed, but the reasons assigned therefor were not sufficient. There were various reasons, however, why he would not object to the motion to quash. The bill was quashed.

The next case taken up was that of the Commonwealth vs. Patrick Markey, indicted for perjury, W. C. Coffin, prosecutor. It appears that Markey, the defendant in this case purchased a pair of boots from Mr. Coffin the prosecutor, which after taking home his mother compelled him to return. Mr. Coffin refused to take the boots back, and the boy alleges that he went off and left the boots lying on the counter of Mr. Coffin's store. As he was not a customer of Mr. Coffin for the value of the boots before Alderman Neillie, who gave judgment for the plaintiff in the sum of \$4.50. At this trial the defendant in this case Patrick Markey, it is alleged, testified to leaving the boots at Mr. Coffin's store, which Alderman Neillie says was false and untrue. The jury returned a verdict of guilty, and recommended the prisoner to the mercy of the court. Mr. Morrison, counsel for the defendant, filed exceptions to the rulings of the Court and moved for a new trial.

District Attorney Pearson asked for a rule on Alderman Edward Lynch to show cause why his motion for a new trial should be granted. He asked that the motion be returned. Rule granted and made returnable for the next day.

The next case taken up was that of the Commonwealth vs. Patrick Markey, indicted for perjury, Patrick Markey, prosecutor. The prosecutor alleges that Ready took twenty-two dollars in money and a watch valued at fifteen dollars and a pocket knife. The larceny was committed while the prosecutor was asleep in the court. The money was found in the possession of the defendant when arrested and the watch was found in the bed-room where Ready had been residing. The jury returned a verdict of guilty without leaving the box. The Court sentenced the prisoner to the Western Penitentiary for one year.

Court adjourned to meet at half past nine o'clock Wednesday morning.

Suit Against Steamboatmen. At St. Louis a suit has been commenced by one Frank Mooney, against Geo. J. Hazlett, T. W. Bedard and Hiram K. Hazlett, owners of the steamboat 'Flirt,' of which G. J. Hazlett was Captain and Frank Mooney, Mate, for damages in the sum of \$5,000. He represents that in April last he entered into an agreement with the parties named for a trip up the Missouri to Fort Benton and return, was to receive forty-five dollars per month as consideration for his services; that he performed the terms of the contract, but that defendants, when the steamer was ninety miles from Fort Benton, refused to pay him further on the boat, and left him on an island in the Missouri river, wounded and sick, by which his life was endangered and his health impaired, the country being only inhabited by hostile Indians.

Information in the case was conveyed to Commissioner Davis, at St. Louis, by a note from Fort Buford, Dakota Territory, the purport of which was: "The steamer 'Flirt,' Capt. Hazlett, bound up the Missouri river, for the month of August, was captured off the mouth of the Mate, John Garrett, of Pittsburgh, on said steamer 'Flirt,' injuries, by the striking of the boat used on all the steamers of the Missouri river, in a flash and from the discharge of a pistol, a wound in the mouth. He was left for dead, and his life nearly lost, without food or fire-arms for his protection. He was captured by a party of hostile Indians, who threatened his life, and was tied up by them to a tree three hours. A council of war was held, and had it not been for the intercession of the warriors squares and the women, he would have been killed and his life lost. They took all of his clothing and left him on the plains. The steamer 'Flirt,' picked him up on the banks of the Missouri river, in a famishing and dying condition, and was placed in a hospital under treatment."

The man had a gold ring on his finger, and the Sioux Indians, in order to get the ring, girdled the 'flirt' with a knife and he was killed. He had a bullet wound as they would sink a squirrel. The scars on the man seem to corroborate his statements.

Serious Accident. Yesterday morning as a drove of cattle were being driven along Jackson street, Second ward, Allegheny, one of them, exhibiting every symptom of madness, broke away, and in his flight gored a horse upon which a gentleman was riding. The horse was thrown down but recovered and started to run away. The gentleman's foot having caught in one of the stirrups he was dragged some distance and received several kicks from the heels of the frightened runaway. He was picked up for dead, but when taken into a neighboring house revived somewhat under medical treatment. His injuries are quite severe, but it is thought he will recover. We could not ascertain his name. Later in the day he was moved to his residence. The horse was secured after it had run a short distance, and was found to be very severely cut in the snout, but not sufficient to impair its usefulness hereafter.

Interesting Occasion. The Cool Spring congregation of the Cumberland Presbyterian Church have displayed their enterprise and energy in the erection of a substantial brick church, finished externally and internally in a neat and tasteful manner, at a cost of \$9,000. The exercises attracted a very large attendance, numbering members of all denominations in the locality and the pastors of the neighboring churches.

Experienced. And impartial judges are ever ready to admit that as a piece of faultless mechanism the New Weed "Family Favorite" Sewing Machine has no superior among machines. To the essential fact, as well as to its remarkable working qualities, may be attributed its astonishingly unprecedented sale in this vicinity over its competitors, who have been in the field for a long time, and best of their design of a respectable aggregate of sales extending through a period of fifteen years. The "Family Favorite" is but a little over a year old, and yet we assert to-day, with the most unaffected modesty and sincerity, that its sales in this vicinity far exceed those of any other machine before the public. Such facts need no comment. The agency is at 116 Market street.

THE HUMBOLDT CELEBRATION.—The Picnic at Pittsburgh.

The Executive Committee met again yesterday afternoon, Dr. Ehrhardt presiding. The Committee of arrangements wished to emphasize the fact, that the station at which the picnic is to be held to-day, is Millvale, and not Roup's, although the latter name has been erroneously announced. Roup's station is a mile beyond.

The picnic has been increased to nearly \$3,000.

Mr. Meyran, Chairman of the Monument Committee, reported every thing in readiness. Messrs. Lemon and Wieser have lent the furniture for the Masonic Lodge at the Monument, and the Deutzbar's & B's, contributed the copper box which is to be placed in the corner stone, containing the following articles: List of Gentlemen who assisted in the erection of the Humboldt Monument; Monument; GAZETTE, Commercial, Dispatch, Post, Chronicle, Mass'etts' Friend, Patriot, Republican, Family, Banner, Catholic, Leader, Sunday Republic, Daily Republic, Christian Advocate, Mirror, United Presbyterian, Leisure Hours, Manuscript History of the movement to erect a Monument, German and English, and a copy of the program of the concert, Copy of Masonic Ceremonies, a Badge, Photograph of Monument, miniature of 1808 German Patriot, Program of Concert, American call, Telegram from Oration, American call, Telegram from Oration, Map of Pittsburgh in 1783, Fractional parts of 1808 German Patriot, Program of Concert, by Karl Reuber, of Pittsburgh, Mr. Kleber's Symphony, with accompanying Poem by Rev. A Committee consisting of Messrs. It is thought that the very probably the General will accept.

In consideration of the double importance of to-day, as the anniversary of the Humboldt's birth, and as bringing the President of our country, we were once more urged the propriety of having a weather as good to-day as it was yesterday, we may well look for such a result. Later in the day he was repaired, excepting for political purposes.

A special meeting of the Allegheny Councils was held last evening, at which the Committee (consisting of Messrs. A. J. G. and others) was appointed to receive and tender the hospitality of the city to General Grant.

The packages which are necessary to and from entrance to the picnic can be procured at Fort Buford, or to which a messenger singly or in large numbers for companies or societies. It would be well to procure these, if possible, before the picnic, as they will be in great demand, in order to avoid a confusion at the cars.

The Concert. Since the Song Festival of 1883 Pittsburgh has not since had a more fashionable or appreciative audience and a better house listening to home artists than last evening at the Academy of Music. Mrs. Turner, who has never before, in her career, been so highly appreciated as she was last evening, gave us a performance of her own composition, "The Olden Time," which was very well received. Her voice is strong and full, and her voice is full of power. She performed the first two songs of her own composition, which were very well received. Her voice is strong and full, and her voice is full of power.

The chorus "On the Open Sea," by the combined singing societies, was very well received. Their performance of this piece, exceeding anything ever produced in Pittsburgh by our singing societies. For the first time these societies have shown the beauty and full power of four part male voices. Special mention should be made of the rendition of the solo part of Mr. Louis Brecht in this chorus.
