## PITTSBURGH MARKETS. OFFICE OF PITTSBUBGH GAZETTE,

TUESDAY, Sept. 14, 1869. There is nothing new or really important in the general markets worthy of special notice. The receipts of grain and produce generally, although not heavy. are sufficiently large enough to supply the demand which is mainly local, while in regard to prices, there are no essential changes, though the tendency of almost everything is downward. The competition for business is so great that margins are very much reduced, but while this is a little rough on the dealer it is all the better for the consumer. Fruits of all kinds are abundant and lower, and the same is true of barley, 1,500 bush rye.
