Interesting Lecture.

We would call the attention of the public generally to the Lecture to be delivered on to-morrow evening in the basement of St. Paul's Cathedral, by Dr. Rogers, of Memphis Tennessee. The wide publicity which the gentleman has acquired on account of his long connection with the Protestant Episcopal Church, his Ritualistic tendencies and proclivities, will draw a large audience to the cathedral church, and his lecture on the Catholic Church, will be of great interest to Catholics and Protestants.

The origin, rise, and progress of Ritualism will form the subject of the Lecture. This subject treated by a man whose name is well known, such repute, and authority, as Dr. Rogers, should secure a crowded house. Let all, then who can, attend the Lecture, and we trust that they will be edified and instructed.
