Mr. Nasby Takes a Look Over the Political Horizon and Gives the Result

[From the Toledo Elade.] Mock Chunk (wich is in the State) uv Pennsilvany), Sept. 11, 1869.

At last I hev struck a haven uv rest. At last I hav a shoor abidin place, for a time at least. How long I may stay, or how soon I may be compelled to pick up can't tell. But what do I care? For the present I am under the wing uv a man who hez twenty millions uv dollars, and who is yoosin it at a terrific rate. Some few uv the drops uv the golden shower is a fallin onto me, and I am content personally.

I am as well off ez I cood be. I hey twice penetrated the august presence uv the Democratic candidate for Governor of Pennsylvany, represent-in myself ez President uv a Democratic club in Philadelphy, and twice have I received a hundred dollars to carry on the good work. The young man wich guards the outer door uv the canditorial manshen is a most acoot judge uy hu-The servant at the door askt for credenshels, at wich the young man who happened to be in the hall, noticin me, rebuked him for delayin me.
"Terrence!" remarkt he sharply, "admit all sich noses without question. You

bet they are our friends.' That nose hez cost me thousands uv other people's dollars to keep it up in color. Thank Heaven it's repayin me some uv the trouble I hev gone to on its

Ham well enuff oft, and possibly ought to be satisfied, but the condshen uv the Dimocrisy affix me. The fact iz, we are in a bad way, and thur ain't no way out uv it. We ain't got no yoonanimitywe ain't got nothin to fite for, and the country hez hed universally good crops. The weather's bin agin us. Ef we cood hev hed rain in harvest enuff to hev rusted the wheat, and enuff follerin the wheat harvest to hev rotted the pertaters and then a juicy attact uv cholera and yellow fever, and other disorders uv that natcher, so thet the people cood hev got dissatisfied and ugly and sick, ther wood hev been some hope for us. The potato rot in Western Pennsylvany wood hev made thousands of votes this fall alone. But wat's the yoose uv talkin to farmers with teers in your eyes uv a country goin to roon, when every mother's son uv em hev ther pockets stuffed with greenbax and a harn ful uv wheat to bring more? Wat's the yoose uv clamerin for a change

when the country's doin ez well as it kin anyhow? Then agin, our management hez bin friteful. In Ohio, we made a beggle at the beginning, in the nomenashen uv Rosecrans. It wuzn't in the nacher uv things for our patriots who hed shot officers sent out by this Rosecrans, to arrest their sons wich hed taken bounty and had deserted to Canady, to vote for Rosecrans, particularly ez hundreds uv em had ben dragged to Bastiles for emptyin their rifles at em. The hurrahs stuck in their throats. I must confess that they made a brave attempt at it, but they looked sick while they did it. Their erforts to hurrah for Rosecrans, and the face they made uv it remindse me uv an

insident which occurred to me wunst. I hed a friend whose name it wuz Brown, who wuz given to indulgence in the flowin bole to a fearful extent. Wun nite he attempted to be convivuel on a new brand uv whisky, and it floored him. At 11 P. M. I found him clingin to a lamp post and vomitin ez tho ther wuz a minitoor earthquake into his sides.

are you sick?" "Sick! Sick!" replied he, swingin

my friend Brown.

He wuz a copperhead durin the war, ocrats, without which we aint worth shucks. He has money though, and cz his face with the remark, 'Did you write ganizashenalive till we kin make a fire with a man which we kin elect. The principle trouble is however, to

In Ohio it's agin nigger ekality and in favor uv either paying off the bonds in greenbacks or repudiashen; in Tennessee it's nigger suffcage and nigger office. see it's nigger suffrage and nigger office holdin; in Conetcticutit's payin the bonds in gold, interest and principles; in Californy it's anti-Chinese, and in Looisiana it's Chinese. In Maine our people are runain a perhibertory licker law, and runain a perhibertory licker law, and everywhere else they are for free whisky. In Illinois, Democracy is free trade; in In Pennsylvania it's high protective tariff, and so on around. In short, it's so mixed that I woodent agree to go from one county to another to make speeches, without having first carefully ascertained with Democracy by that pertikler voung gentleman had conquered his conwat the Democracy uv that pertikler

"The contents were greedly devoured the contents were greedly devoured." I hey personated a Cheerman uv Philadelphia Committees twice with success, to morrow I shel try it agin and after the wife was taken to task. She of that sich other characters as may occur to course denied all knowledge of the matter, me. I must make hay while the sun and his wrath then turned upon the per me. I must make may while the sun shines, for the furious assaults onto petrator. It is perhaps needless to say that poetio suibbling is henceforth ta-Packer's pile is redoosin it fearfully.

This is as large a class as the preceding one when first admitted, and preceding one when first admitted, and compares favorably in scholarship with

the average of classes of late years." DR. LIVINGSTONE is supposed to be marching across that great enigma, the for her little private aviary. unknown part of Central Africa.

BUYING GLOVES IN GIBRALTAR. BY MARK TWAIN.

A very handsome young lady in the store offered me a pair of blue gloves. 1 did not want blue, but she said they would look very pretty on a hand like mine. The remark touched me, somehow it did seem rather a comely member. I tried a glove on my left, and blushed, a little. Manifestly the size was too small for me. But I felt gratified when she said:

"Oh, it is just right!"-yet I knew it was no such thing.
I tugged at it diligently, but it was discouraging work. She said:
"Ah! I see you are accustomed to wearmy landlord's spare shirt and travel, I | ing kid gloves-but some gentlemen are

so awkward about putting them on."

It was the last compliment I had expected. I only understand putting on the buckskin article perfectly. I made an effort, and tore the glove from the base of the thumb into the palm of the handtermination to deserve them or die.

"Ah, you have had the experience!"
(A rip down the back of the hand.) "They are just right for you—your hand is very small—if they tear you need not pay for them." (A rent across the middle.) "I can always tell when a gentleman understands putting on kid gloves.
There is a grace about it that only comes
with long practice." (The whole afterpart of the glove "fetched away," as the
sailors say, the fabric parted across the knuckles, and nothing was left but a mel-

ancholy ruin.) I was too much flattered to make an exosure, and throw the merchandise on the angel's hands. I was hot, vexed, confused, but still happy; but I hated the other boys for taking such absorbing in-terest in the proceedings. I wished they were in Jerico. I felt exquisitely mean

when I said cheerfully:
"This one does very well; it fits elegantly. I like a glove that fits. No, never mind, ma'am, never mind; I'll put the other on in the street. It is warm,

It was warm. It was the warmest place I ever in. I paid the bill, and as I passed out with a fascinating bow, I thought I detected a light in the woman's eye that was gently ironical; and when I looked back from the street, she was laughing all to herself about something or other, I said to myself, with withering sarcasm, "Oh, certainly, you know how to put on kid gloves, don't you? -a selfcomplacent ass, ready to be flattered out of your senses by every petticoat that hooses to do it!"

Domestic Comedy—The Danger of Scribbling Poetry on Wrapping Pa-

In the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop infly sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Re-

DOCTOR WHITTIER CON-The Chicago Tribune tells this story:

"A well known dry goods establishment on State street was the scene of an extremely comical incident a day or two since. It appears that one of the salesmen quite recently wedded the idol of his heart, and consequently his mind is greatly absorbed in the contemplation of his happiness. Like another Orlando, he loves his Rosalin so well that the secret of his passion will not abide with him, and he must e'en confide it to his surroundings. But instead of carving daily personal attention, and vapor and chemical baths, thus concentrating the famed mineral springs. No matter who have failed, state your case.
