

CITY AND SUBURBAN.

**Four prisoners taken to the Work House yesterday.**  
Mayor Drum yesterday sent to jail seven prisoners for drunkenness.

**Our friend R. Waring, Esq., drives the handsomest span of black horses in the city.**  
Four horses were taken to the Work House yesterday.

**Fourth Ward Pittsburgh.**—Republican voters of this ward will find a notice on our fifth page concerning them.

**We call the attention of manufacturers and others using steam boilers to the advertisement of Allison & Needles, on our fifth page.**

**Cruel Parent.**—Richard Massbran was committed to jail yesterday by Mayor Drum for whipping his daughter in an outrageous manner.

**Locked up.**—John Knox charged with disorderly conduct, before the Mayor on oath of his wife Mary Ann Knox, was arrested and locked up for a hearing.

**Freights for the South and West.**—The attention of shippers of freight south or west of Pittsburg is called to our fourth page concerning them.

**Pamphlet Laws.**—Major Dennison, County Treasurer, has secured the pamphlet laws for 1899, which lawyers and others entitled to them may obtain at his office.

**Abuse.**—Patrick McNamee alleged before Alderman McMasters yesterday that Jessie Hollis had beat, choked, kicked and abused him. A warrant for Patrick's arrest was issued.

**The Republicans of the Fourth ward, Allegheny should bear in mind the meeting for nominating candidates for Ward officers, which takes place to-night at the Sandusky street school house.**

**Hearing.**—James Gilmore and John Grayson, charged with highway robbery, on oath of Daniel Reynolds, who alleges that they robbed him of a watch, will have a hearing before the Mayor to-day.

**Eleventh Ward.**—The Republicans of the Eleventh ward are requested to meet this evening at the school house to suggest ward officers, Councilmen, &c. Let there be a full attendance of all the voters.

**Active Law Breaker.**—Yesterday Mary Murphy was brought before Alderman McMasters with selling liquor to an habitual drunkard and selling without license. The accused gave bail for trial on both cases.

**Nuisance.**—Crosby Rogers complained to Alderman McMasters yesterday that Jacob Schmidt, a night soldier, had disposed of the contents of a cart in front of his door, at the Point. A warrant was issued for the offending Jacob.

**Surety.**—Mary Johnson made information before the Mayor yesterday against James Brightmore for surety of the peace. She alleged that James threatened to kill her with a knife. The accused was arrested and locked up for a hearing.

**The Taek-O'Connor case.**—This vexed question was brought to a final close yesterday in Philadelphia. Judge Strong, to whom an article was referred, decided the whole matter, awarding \$57.83 to the plaintiff, Mr. James O'Connor, together with \$78.10 costs.

**Seventh Ward.**—The Republicans of the Seventh ward met at the Franklin Street School House between three and seven o'clock this afternoon to nominate candidates for the several ward offices. Let all turn out and see that good men are selected.

**Mayor's Court.**—His Honor, the Mayor, disposed of twenty-nine cases in the morning court yesterday, as follows: Thirteen paid fines and sixteen committed to jail. Eight were sentenced for fighting on the streets, and the remainder were for drunkenness and vagrancy.

**A Meeting of the Republican Citizens of the 18th Ward, Pittsburgh, will be held at Mt. Albion school house Saturday evening, September 23, at 7 1/2 o'clock. All the Republicans of the Ward are respectfully requested to attend. By order of the VIGILANT COMMITTEE.**

**Fatal Accident.**—A fatal accident occurred about twelve o'clock yesterday at Bailey's coal pit, in Lower St. Clair township. It appears that David Phillips, who resides near Bolzhoover's tavern, on Flaming Run, at the time of the accident, was engaged in shoveling coal in the pit named. He had a quantity of slate fall from the roof of the room in which he was working. He was standing with the shovel handle under his chin, and when the slate fell it is presumed he was killed instantly, as his neck was broken. A messenger was sent for a coroner, but being unable to find him he notified Alderman Donaldson, whom we presume held an inquest on the body.

**Mortuary Report.**—The Physician to the Board of Health, Dr. W. S. Sively, makes the following return of deaths in the city of Pittsburgh, for the week commencing September 11th and ending September 18th, 1899: There were 23 deaths, of which 17 were males and 6 females; 22 were white and none colored.

**The cause of death were:** old age, one; unknown, one; peritonitis, one; malaria, one; tuberculosis, four; convulsions, three; meningitis, one; typhoid fever, two; dysentery, two; cholera infantum, one; stillborn, five. Of the above there were under 1 year: 7; from 1 to 2; from 2 to 4; from 4 to 10; from 10 to 15; from 15 to 20; from 20 to 40; from 40 to 60; from 60 to 80; from 80 to 90; 1.

**The Fifth Avenue Market.**—It is sincerely hoped that Council will do Monday next, definitely dispose of the Fifth Avenue Market question by giving favorably on the site selected on the corner of Millenberg street. There is but one feeling in the matter, and that is, that a new market house is absolutely needed in the locality for the accommodation of the people, and that any outlet now made will be more than returned inside of five years when the market is in operation, and thereafter will prove a source of revenue to the city. The only question to be solved, in the establishment of the market, is, will it be patronized? If any tract is directed to the people, and the people for whose accommodation it is started, will try their commodities there, it is possible that an outlet can exist as to whether it will pay or not. All experience shows that markets are a wealth to the city, being self-sustaining and profit yielding institutions, and the project now before Council should be favorably acted upon, and we mistake not the judgment, prudence and sagacity of the members of the Council, if favorable legislation is not awarded on Monday.

**Window Smashed.**—Yesterday Robert Tierman was brought before Alderman Butler by a druggist doing business at the corner of Washington and Wylie streets, who stated that Robert had smashed one of the large windows in his store. The matter was amicably adjusted, Robert paying ten dollars for the damage.

**Fire.**—Yesterday morning a stable belonging to Wm. Gibson and located at the corner of Charters streets, Fifth Ward Allegheny, took fire and was partially consumed, before the engines reached the grounds. A lot of Hay and grain in the stable loft, was damaged by water. The loss will be about three hundred dollars.

**Probably Fatal Accident.**—Thursday afternoon, while engaged in hoisting whisky in Joseph Finch's warehouse, South Pittsburgh, Mr. Thomas Boyer was seriously, and probably fatally, injured by a falling apparatus gave way, and a portion of it fell, striking Boyer between the shoulders. He was removed to his residence on Mount Washington. His recovery is considered doubtful.

**Free Exhibitions.**—The youthful fraternity in the vicinity of the Fourth Ward, Diamond Square, Allegheny have constructed through a "raising board," and every evening treat the passers by to a musical performance. The show is free, and of course "draws." It would be a good idea to have the exhibition dispensed with. If not, a broken neck will yet be the result. That's all.

**From Megraw's.**—"Where did you get that cigar?" was the question asked the other evening, which elicited the reply, "Why at Megraw's, 45 Hand street, the best place in town for a first class cigar." And he was right. There has been further informed that any thing in the line of smoking gear, from the finest flavored Havana to the more unpretentious cigars, including cigars, pipes, etc., might be had at the same establishment.

**Pleasant Driving Party.**—A very pleasant driving party left the city last Thursday evening for a delightful time at Woodville, near the residence of Mr. Joseph Wright, who knows better than most genial and popular hosts how to afford his guests welcome and enjoyment. A good drive, a pleasant supper, elegant dancing floor and a return home in the morning, highly decorated with the trip, sum up the pleasures of the drive.

**Important to Voters.**—After Saturday next the polls will be closed and those who desire to exercise the right of suffrage at the next election should see their names are registered in time. The accuracy of the list of the citizens of the Eighth ward, Assessor Lommon will be at his office Friday and Saturday from 7 A. M. to 7 P. M. Those who are not on the list should immediately attend to the matter.

**Lecture.**—Miss Sarah P. Kidder, Teacher in the Soldiers' Orphan School, Truville, Pa., will deliver a lecture in the Second ward, at the school house on Sunday evening, September 27th, at 7 1/2 o'clock. Her lecture has been pronounced by all who have heard it to be clear, forcible and touching in its narration of facts, and incidents in connection with the Soldiers' Orphan. Every one should hear it.

**Abusing an Officer.**—John Haddock and John Morgan were arrested Tuesday night for abusing an officer. Officer Bowser discovered the accused at the corner of Grant and Water streets, acting disorderly and requested them to desist and leave the place. They paid no attention to the request, and when the officer came back he found them where they had left them. He attempted to arrest them when they resisted and beat him severely. A number of citizens interfered and assisted in taking the "roughs" to the lock-up where they remained until this morning when they were committed in default of \$30 each.

**Fatal Accident.**—A fatal accident occurred about twelve o'clock yesterday at Bailey's coal pit, in Lower St. Clair township. It appears that David Phillips, who resides near Bolzhoover's tavern, on Flaming Run, at the time of the accident, was engaged in shoveling coal in the pit named. POLITICAL.

**Republican Meeting in the Sixteenth Ward.**  
A most glowing and enthusiastic Republican meeting was held in the Sixteenth ward, at the corner of the Greensburg Pike and John street, last night. Just as the immense crowd was gathering, the gallant banner Tanner Club of the ward came marching down, headed by the Great Western Band, and carrying the beautiful flag presented to them by the loyal ladies of Allegheny City during the last campaign. The spirit of this gallant old club is still the same, and the members are fully awake to the great importance of the present contest.

The meeting was called to order by making Mr. A. B. Bost Chairman, and the following gentlemen were made Vice Presidents: James McKay, Anthony Korman, Wm. Robb, Thomas Merkel, Geo. S. Gaylor, Arthur Craig, John Gangwish, Hawdon Marshall, Saml. McKinley, Louis Slat, Wm. O. Barr, Robt. Watson.

The chairman then introduced the Hon. Thomas Howard, who made an eloquent speech. He very ably handled the "ladder" income tax, which was received with great applause. He also delivered an eloquent address on the subject of the "life plans" of the Republic. His speech occupied about two hours, and during the entire time the members of the meeting were listening with the closest of his remarks there were at least three thousand people present.

At the meeting, Capt. R. Smith re-organized the Sixteenth Ward Tanner Club, and marched to the handsome residence of Mr. Andrew Korman where, through the hospitality of himself and his very kind lady, they were very handsomely entertained. The band accompanied them in and interspersed the program with some very fine music.

**Meeting in Birmingham.**  
A large and interesting meeting of the Republicans of the South Side was held in the Diamond, Birmingham, Friday evening. A brass band was in attendance, and at an early hour a large crowd of the workmen and others collected in the Diamond, and among the crowd we observed a number of ladies.

The meeting was called to order by Mr. Lloyd, on whose motion, the following officers were elected:  
President—G. C. Agnewbaugh.  
Vice Presidents—T. R. Atterbury, Chas. Evans, J. C. Ripley, David Jenkins and Martin Chaffler.  
Secretary—G. C. Agnewbaugh.  
Mr. Agnewbaugh, on taking the Chair, thanked the meeting for the honor conferred upon him, and introduced Major A. M. Brown, who entertained the meeting in a most courteous manner.

Mr. Brown then introduced his most eloquent and argumentative speeches, after which the meeting adjourned with three cheers for the whole ticket.

**First Ward Candidates.**  
A meeting of the Republicans of the First ward, Pittsburgh, was held at the school house last evening, when the following named persons were suggested as candidates for nomination for the several ward offices:

Ward Council—G. W. Coffin and George Weston, C. W. Benary, Robert Taggart, J. A. Galloway, and H. A. Patterson.

Ward School Directors—Dr. J. D. Stonerack, Florence Kramer and Geo. Kirkpatrick. Trustees—G. W. Benary, Robert Taggart, J. A. Galloway, and H. A. Patterson.

Ward Assessor—Dr. J. D. Stonerack. Judge of Elections—A. W. Brackmeyer, Inspector of Elections—W. B. Hunter and Daniel Campbell. Constable—Matthew Keep.

It was resolved to hold the primary meeting for nominating candidates for the school house Tuesday, September 28th, between the hours of 4 and 7 o'clock P. M.

The meeting then adjourned.

**Second Ward, Allegheny, Nominations.**  
Last evening the Republican voters of the Second ward, Allegheny, held a meeting in the Second Ward School House, when the following names were suggested as candidates for the various offices named, to be voted for at the primary election on Saturday next:

Mayor—Simon Drum and A. F. Callow. Council—J. W. Wolfe, Jas. W. Mackzell, W. H. Baird, Alfred Black, and James Reed.

Inspector of Elections—Hugh Ward, Geo. Bothwell and Wm. M. McKiver. Judge of Elections—George Hatcheon and Wm. Callow.

Inspector of Elections—Eil Jackson and James M. Carr. Constable—John Chessa.

Trustees—John Patton, L. H. Eaton, John G. Beatty, C. W. Benary and George Hutchison.

The Twelfth Ward Republicans held a meeting last evening for the purpose of suggesting candidates for the purpose of suggesting candidates to be nominated at a following meeting, to be held on Saturday next, between the hours of three and seven o'clock P. M.

The meeting was organized by selecting Jno. B. Hague, Esq., as Chairman, and Messrs. Alex. M. Hamilton and John H. Jones, as Secretaries. The following suggestions were made: For Select Council: David McClelland, Common Council: J. Crasus McKelvey, Thomas Rosewell, T. W. Wolfe, Jas. W. Mackzell, W. H. Berger, W. R. Ford, P. C. Messick, Alderman: Samuel E. Heron, George Keyser, Samuel C. Lewis, C. P. Nelson, Jan. T. Norman, D. S. Anderson. Constable: C. P. Nelson. School Directors: Robert Cummings, John Wolfe, Dr. B. B. Heabert, Artisan, Wm. Judge of Election: Thomas G. Smythe, Inspector: Samuel Mitchell, J. F. Rivers, Jno. B. Hague, H. J. Howe.

**Third Ward Republican Nominations.**  
The Republicans of the Third (old Tenth) ward held their primary election on Saturday evening, with the following result:

Alderman—George Neuber. Common Council—Dr. T. J. Gallaher. School Directors—John Jahn, David Sims and Joseph Sheehy. School Directors—John Danb, and J. W. Calloway. Judge of Elections—John T. Brown. Inspector—James McAllister. Return Inspector—Peter Dressler. Constable—Peter Rader.

**Republican Meetings This Week.**  
At Grant's Hall, Third ward, Allegheny, Saturday evening. Messrs. A. M. Brown, J. L. Graham, H. E. Mueller and D. L. Smith, speakers.

At G. W. Boyd's Hotel, in Edgeville, on Saturday evening. Messrs. Thomas Erving and Hon. Thomas Howard, speakers.

More About Co-operative Life Insurance.

The following letter, which explains itself, we take from the Chronicle:

Messrs. Editors:—An article which appeared in your Saturday's paper on the subject of Co-operative Life Insurance, at last passes without notice and greatly misleads the public judgment and work a corresponding wrong to this company.

An expose of a defective and fraudulent scheme of life insurance against which the public were cautioned months ago in the circulars of this company. The article is fair enough, but as it contained all the forms of co-operation, it will foster the conclusion that this company is objectionable to the objections alleged against the Manhattan Co-operative of New York and similar institutions elsewhere.

I therefore desire to say that the system of life insurance practiced by this Company differs radically from the "life plans" of the old style companies; it was devised to obviate the defects and incongruities of both, and every man who takes the trouble to carefully investigate the subject, concedes to it a large measure of success in this direction.

It will be sufficient for my present purpose to specify some of the more important points wherein our system differs from the Manhattan scheme, and according to the number of contributors. This is not so in our company. We make the policy subject of insurance with every one, the amount of which is not affected by the defalcations of any number of our patrons, nor is the ability to pay claims affected by the failure of one or two policy holders, as is the case in the Manhattan scheme, where such defalcations would ruin the company.

The Manhattan scheme requires the payment of its assessments which, to those who over live an average life, will make its insurance, (if such it may be called), a constant drain upon their wealth, (and this is also true of the "life plans" of the many of the old style companies.)

In our company, which proposes, and so in its accumulating policy contracts to require no further payments after the first year, no one who enters the policy each insurance for \$1,000 will make a direct gain in lieu of interest on the investment, not less than \$60.

It is not so in our company. Our policies are by their terms, absolutely irrevocable, so that no man who enters into them can be deprived of their benefits.

The Manhattan scheme proposes to accomplish its insurance on a margin altogether insufficient, and which must insure its certain failure long before the first year of its operation. This is not so in our company. Our average margin is more than equal to what the regular companies represent as sufficient, but still much larger than most of them required, and each one thousand insured for \$1,000 each, by our accumulation policy, will complete in one year of twenty years a surplus of not less than five or six hundred thousand dollars, which will be abundantly sufficient to keep the policy in force without further payment.

The above facts, all of which are substantiated by the most complete demonstration, will be sufficient to convince any man who understands that the Co-operative Life Insurance Company of Western Pennsylvania is not to be confounded with this Manhattan scheme.

In conclusion I will add that the feeling of advance first felt at Saturday's meeting will give us the best of us. It presents to us a public opportunity to see the true character of our insurance policy, and to see in private on this subject, so that gentlemen who may have believed that they were speaking truth, will now have no excuse for continuing such misrepresentations of the facts.

A. PATTERSON, Actuary of the Co-Operative Life Insurance Company of Western Pennsylvania.

Amusements.

**Opera House.**—The audience at the Opera House last evening, on which occasion Mrs. Waller took a benefit, was unusually large and highly appreciative.

"The Duchess of Malto," which is said to be Mrs. Waller's strongest piece, was presented in a most admirable manner. At the matinee this afternoon the "Giant of Malto," and "The Darling Barber" will be presented, and "Lucia di Lammermoor" and "Guy Rannering" are announced for the evening entertainment.

**Pittsburgh Theatre.**—The audience at the Pittsburgh Theatre tonight is large as usual, and the entertainments are of a character calculated to draw well. A splendid bill is announced for this evening. The local drama entitled "The Dark Deeds of the Iron City" will be presented, and those who are fond of fun should not fail to see it.

**Academy of Music.**—The Gregory troupe, which has occupied the Academy of Music for the past week, is a most excellent troupe, and has also been pleased to state that they have been fully appreciated, as the large audiences to which they played nightly, fully testify. The Gregory troupe will play at two o'clock this afternoon, and also an entertainment this evening.

**Interesting.**  
The stock of oranges on hand at 363 Liberty street, from the Keystone Pottery, Messrs. Kier & Co. proprietors, is well worth examination by all who love the curious or useful in manufactures, whether purchasers or not. In the line of the useful, the fruit jars and queneau-ware for household use is very large and attractive, while the tinware and one little nothings for ornamentation which are to be seen at the warehouse, would repay a visit of inspection. It is always pleasant to promulge the success of a home enterprise, and it is therefore gratifying to note that the Keystone is achieving what well merited success, which always attracts money and attention in the prosecution of any business.

Whatever is worth doing at all is worth doing well, is a rule which also holds good in making purchases. For this reason people who recognize the truth of its motto, purchase their tools, trunks, valves and articles in that line at "Lieber's," 104 Wood street. They find nothing but the best article in kept on hand. That establishment is a fact which explains the amount of business which crowds this manufactory to its utmost capacity.

Ladies don't forget to call at Moorhead's, 81 Market street, in preparing a fall outfit. What cannot be had at this establishment in the line of dress goods &c., cannot be found in the city.

New Goods and new styles at Bates & Bell's.

Piano Buyers' Notice.

Messrs. Mellor & Foote are now receiving their full stock of pianos, selected personally at the factories in the East by Mr. Mellor. Among the lot are two magnificent Chickering Concert Grand pianos, the finest and most artistic instruments ever brought to this city—so pronounced by all of our musicians who have seen them. Also, one of their newly invented patent action upright pianos—a perfect gem of a piano. Also, a number of their superb Square Grand pianos, the finest and most artistic instruments ever brought to this city—so pronounced by all of our musicians who have seen them.

The fact that Mr. Mellor selected these pianos himself, is a guarantee of their excellence, for all our citizens know of his rare and extensive qualifications and experience in the piano business. Those persons intending to purchase will find it to their advantage to examine this splendid stock in Rooms No. 52 Fifth avenue, next door to Masonic Hall.

The Continental.

Unlike some of our restaurants, the Continental, from its peculiar location, is always cool and pleasant, a fact which materially adds to the attractions of the place. Half of the enjoyment of a repast is taken away when the eater is in a situation where the heat is so great that the eater feels uncomfortably hot. Add to this the fact that the Continental affords the good things of life which are daily spread upon the table, and the reason of the great success which has attended the Continental during the hot weather season is easily explained. Mr. Holtzheim understands his business, and by consulting, without regard to expense, the wants and wishes of his patrons, has achieved for his establishment an unsurpassed reputation. To patronize it once is to be a permanent customer.

The vast amount of PLANTATION BROTHERS now being sold and shipped from New York is almost incredible. Go when and where you will, along the wharves and piers, and at the depots—you will see great piles of these Bitters awaiting shipment and conveyance to every nook and corner of the country, and a few hundred of foreign ports. They are very popular among all classes of people, and are conceded to be just the thing for this climate. No Bitters have yet been introduced which have become so deservedly popular and worthy of patronage.

As in the Manhattan scheme, a failure to continue payments until death, works an absolute forfeiture of all benefits from the investment, not less than \$60. It is not so in our company. Our policies are by their terms, absolutely irrevocable, so that no man who enters into them can be deprived of their benefits.

The Manhattan scheme proposes to accomplish its insurance on a margin altogether insufficient, and which must insure its certain failure long before the first year of its operation. This is not so in our company. Our average margin is more than equal to what the regular companies represent as sufficient, but still much larger than most of them required, and each one thousand insured for \$1,000 each, by our accumulation policy, will complete in one year of twenty years a surplus of not less than five or six hundred thousand dollars, which will be abundantly sufficient to keep the policy in force without further payment.

The above facts, all of which are substantiated by the most complete demonstration, will be sufficient to convince any man who understands that the Co-operative Life Insurance Company of Western Pennsylvania is not to be confounded with this Manhattan scheme.

In conclusion I will add that the feeling of advance first felt at Saturday's meeting will give us the best of us. It presents to us a public opportunity to see the true character of our insurance policy, and to see in private on this subject, so that gentlemen who may have believed that they were speaking truth, will now have no excuse for continuing such misrepresentations of the facts.
