PITTSBURGH MARKETS.

OFFICE OF PITTSBURGE GAZETTE, MONDAY, Sept. 27, 1869. There is nothing new or important in the general markets worthy of special notice: we can report a steady local demand for most of the leading articles, and a fair business in the aggregate, and further, as navigation has again been resumed, it is probable that an improvement in trade generally is near at hand. There is nothing in the way of a good fall and winter business, unless it is financial difficulties.

APPLES-Unchanged-very duli, as the market is completely glutted. Sales in store at \$1@2 per bbl. as to quality. BUTTER—Is in good supply and dull but unchanged; sales of prime to choice,

EGGS -Dall at 22@23.

FEATHERS—Dult; quoted at 80@85 cents to the trade, and the usual advance or small lots in store.

FLOUR—Notwithstanding the arrivals are light, the supply is fully up to the demand, and the market is dull with a drooping tendency. Prime winter wheat flours are being sold at \$6,75@7 per bbl. There seems to be little or no in-

quiry for springs, and there is little or none in this market. GRAIN—Wheat is quiet and unchanged—\$1,30 for Red and \$1,35 for white. Oats less active but unchanged; 53 on track and wharf, and 55@56 in store. Sale 4 cars prime yellow corn at \$1. Rye is in fair demand and limited supply. but as yet, cannot be sold above \$1,10@ 1,12, the outside figure for prime Pennsylvania. Sales of good to prime rley at \$1,25@1,30.

receipts from abroad have fallen off ma-terially—there seems to be enough coming in from country adjacent to supply the demand; we continue to quote at \$1 @2 per bushel, as to quality.

POTATOES—Sweets remain unchang-

ed, ranging from \$4 to \$5 per barrel, the latter figure for prime Jerseys. PLUMS—None in market, season about over. SEED—Flaxseed is in demand, and

the mills are paying \$2,20@2,25. Small sales of timothy seed at \$4,25@4,50. No demand for clover seed. SALT-Is firmer, with sales of car load lots at \$1,85 per bbl. STRAW-Sold in Allegheny market

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, } MONDAY, Sept. 27, 1869. The most noticeable feature in the oil market to-day is a slight improvement

at Antwerp, which is quoted up to 571/2. As yet, however, the markets on this side of the water have made no response further than that the feeling is a little stronger, the demand a little more urgent and less disposition to sell; prices gent and loss disposition to sell; prices are about the same as on Saturday, though, as already intimated, there were but few sollers at Saturday's quotatious, and more buyers. Financial matters, it would appear, continue in a rather precarious condition in New York, and this, as might be expected, has a depressing influence on oil as well as everything else, sympathizing with gold and exchange. A private telegram from Garwin & Be. and exchange. A private telegram from the east, says: "No drafts on exporters deposited on Saturday, will be paid to-day. Gold board adjourned indefi-nitely, probably until Wednesday or Thursday. Gold and exchange un-

RIVER NEWS.

The river was still rising steady at this port last evening, with 61/2 feet in the channel. Weather clear and cool-mercury down to 60, and the indications

nounced to leave for St. Louis to-day, without fail. The Bellevernon, Capt. J. J. Darragh, Jr., is filling up rapidly for New Or-leans, and will be ready to take her departure to-morrow or next day.

The Messenger will probably follow the Bellevernon to New Orleans.

The Allegheny was reported falling at Oil City yesterday afternoon, with 5 feet 8 inches in the channel at that point.

-The Wild Duck, Pittsburgh to St. Louis, was at Cairo on Saturday. -The Glendale left St. Louis for Pittsburgh on Saturday, and the Mary Davage left Cincinnati the same day for New Orleans.

-The Tom Reese, with five barges of iron ore, was lying just above Hawsville on Friday with one of her barges on the rocks apparently in a sinking condition. -Wm. H. Hendricks died on the 13th engineer, a very talented machinist, and very quiet and unassuming in his man-ners. He was an engineer on Illinois River boats for about 20 years. The steamers Illinois, Beardstown and Peoria City were constructed under his supervision.
