FINANCE AND TRADE (By Telegraph to the Pittsburgh Gazette.)

NEW YORK, October 7, 1869. The redemption of the three per cent. certificates by the Assistant Treasurer at

this price for September and thus far in October amounts to two millions. The legal tender reserve has been drawn upon for this amount, but it is stated that the Secretary may order the return of these legal tenders to reserve at any moment.

The Gold Room had an executive session to consider the report of the Committee instructed to devise a plan for the Clearing House. This report was published on Tuesday last. At the opening of the session, a motion was made to lay the report on the table, to which a substitute was then offered, and carried, to suspend action on the whole subject for one week. This substitute was carried on the strength of the representations of the strength of the stre the session, a motion was made to lay the report on the table, to which a substitute was then offered, and carried, to suspend action on the whole subject for one week. This substitute was carried on the strength of the representations of the Gold Exchange Bank that they were entirely solvent and had their capital intact; that in a few days they would be able to resume busines and then intended to propose as entire reorganization of the Bank, with new directors and officers and an entire change of administration; that they were willing, if the Gold Rom, so desired, to abandon the banking business, which had always been objectionable to members of the Board, and confine the business of the Bank exclusively to clearances of gold for the

and confine the business of the Bank exclusively to clearances of gold for the members of the Room. A lively discussion followed on the proper method of declaring members failed or suspended, so as not to interfere with the injunctions now in force. It was finally decided that allpersons having unsettled contracts outstanding are requested to refrain from dealing in the Room. The New York Central and Hudson River stockholders will vote on the question of consolidation. Nothing is publicly known in regard to the terms of consolidation.

PITTSBURGH MARKETS. OFFICE OF PITTSBURGH GAZETTE, THURSDAY, October 6, 1869. The markets in a general way, are devoid of anything really new or important. Business generally is dull, at least the majority of our merchants and manufacturers are complaining, though the growling is more in regard to the very small margins than the volume of business; as there is no outlet from this place, no chance to ship east, in consequence of the discrimination made against Pittsburgh by her railroads, the demand for almost everything is restricted entirely to supplying the wants of the local trade, and the competition for this is so strong that operators are obliged to work on small margins, or do nothing. We are in hopes, however, that there are better days in store for Pittsburgh, and that she will not always be in her present unfortu-

placed on an equal footing in regard to ailroad facilities, with other cities west of here.

FEATHERS—Dull; quoted at 80@85 cents to the trade, and the usual advance for small lots in store.

FLOUR—Is dull and weak with a drooping tendency though unchanged. We continue to quote good to choice winter wheat brands at \$6,50@7,00.

GRAIN—Wheat is not arriving very freely, though the demand is only moderate, the mills being pretty well stocked; we continue to quote at \$1,25@1,30. Oats dull and drooping; sales at 45 to arrive, buyer furnishing sacks; sales on platform at 48@50, and in store at 51@52. Rye continues dull and buyers generally anticipate lower prices; we continue to quote at \$1,05@1,08. The stock of corn in this market is almost exhausted, though there is not much iniqury for it; may be quoted at \$1,00 en track and wharf, and \$1,05 in store. There is little or no Barley offering, and the market is firmer, though, so far as we can learn, there is no disposition, as yet, to payany advance; we continue to quote at \$1,25@1,30 for prime Spring and Fall. HAY—May be fairly quoted from country wagons at \$15@20 per tun, for common to strictly prime timothy. HEMP—Very dull; \$205 per ton. HUSKS—Sales at 24,03 cts per pound.
