The receipts, as might have been expected, were unusually light this week, in consequence of many of the western drovers remaining at home to attend the election, and with a good demand and short supply, the market is considerably stronger and compared with last week, prices are a shade higher and all grades are selling more readily. There were but few really good shipping cattle in market and while there were no sales reported above 7½@7¾, we have reason to believe that extra fat steers, if there had have been any such on sale, would have brought 8 cts. Medium and common grades of cattle, also, sold more readily. and, as already intimated, at slightly improved prices, ranging from 5@6 cts. PACIFIC RAILWAY GOLD LOAN.

Exchange Place, and M. K. JESUP & CO.,

13 Pine Street, N. Y., offer for sale the

Bonds of the Kansas Pacific Railway. These Bonds pay seven per cent. in Gold; have thirty years to run; are Free from Covernment Taxation; are secured by a Land Grant of Three Million Acres of the Finest Lands in Kansas and Colorado. In addition to this special grant the Company also owns Three Millions of Acres in Kansas, which are being rapidly sold to develop the country and improve the road. They are a first mortgage upon the extension of the road from Sheridan, Kansas, to Denver, Colorado. The road in operation, 487 miles long, upon which it is also a mortgage, NOW EARNS MORE THAN ENOUGH NET INCOME TO PAY THE INTEREST ON THE NEW LOAN. There is no better security in the market—this being in some respects better than Government Securities. PRINCIPAL AND INTEREST PAYABLE IN GOLD. Price 96, and acerued Interest, in Currency. Pamphlets, Maps

and Circulars furnished on application. We have a full supply of the above Bonds on hand and for sale, and we take pleasure in recommending them as a very reliable and perfectly safe investment. S. McCLEAN & CO.,
