FINANCIAL. THE PITTSBURGH GAZETTE. (By Telegraph to the Pittsburgh Gazette.) New York, October 13, 1869. There is a steady improving feeling in Wall street circles. The gold market is being cleared up, removing one cause of the prevailing distrust. There appears good reason for hoping that the complications at the Gold Exchange Bank will be successfully arranged before the amount of funds held there belonging to the firm are now settling the contracts on a basis of 15% and the full difference by all parties interested, except for a merely nominal sum which has been disposed of. The Lake Shore Directors are still in session, and their deliberations, as regards the street has been caused a some lively rumors, which caused a sharp advance in stock. The principal cause of the advance is the fact that the Board of Directors of the Erie Railroad is expected to meet in New York to attend this meeting, and that everything was perfected when the statement of the Erie Railway Company has been leased the Albany and Susquehanna Railroad for 25 years appears to have been secured. Money is easy at 10% but touched 13 1/2% and closed at 13 1/2%. Carrying rates are heavy and lower, under free sales by Boston capitalists.
