before the close of the year 1869. Nor would even that be an opposition which the Southern Democracy would permit.
Nor is there any comforting hope for thich in matters of finance. The pay-ment of the public debt, through the means and in the channels now recogni-ized, is the settled policy of the nation.
As often as Democracy may make an issue against this, so often it will be re-pudiation, direct or indirect should appear the public debt, through the means and in the channels now recogni-ized, is the salways been, by the pop-nlar voice. And if ever any form of re-pudiation, direct or indirect should appear the the party itself would promptly avert the danger.
Bince this opposition has ceased to be a it is likely to become an amaning one in all its vicious but impotent decreptude, in twe are all curious to know how long in im my yet sarrive, having outlived its use-in my yet sarrive, having outlived its use-in the party itself would promptly avert the danger.
Willow the sub the precedul with the Tower, that are thrillingly entertaining. The interest, how it is likely to become an amaning one in mat its vicious but impotent decreptione.
We are all curious to know how long in im my yet sarrive, having outlived its use-in.
We are all curious to know how long in im the party itself would promptly avert the danger.
We are all curious to know how long in im the party itself would in yerrest in and increase.
We are all curious to know how long in im the party the and curice to fance, thore and the and the conception.
We are all curious to know how long in im the party the present in after cores, for in the party itself would promptly avert the and in the the openception.
We are all curious to know how long in in the party itself would in the party is the forces, for in the party itself would in the party is the forces fo **Bibbons and Flowers**, At 25c. THE Somerset Herald, edited by Senato SCULL, supports the general dems the restoration of the spring elections.

THE PERMIUM ON GOLD still decline but very steadily. It is understood-that the Treasury will put I least \$10,000,000 more upon the market during the month. Evidently, the supply is, and will continue, in excess of the demand, and lower rates are looked for.

THE officers of the Treasury will re mmend some impor in the present revenue system, mainly with a view to a more efficient collection of the public dues. Nor will these modilications be pressed, unless Congress shall indicate a disposition to interfere with the system as it now is.

THE Democratic party has won a splendid victory in New York. Their majority of 75,000 for Hoffman, last year, now abrinks to but 43,000 against BIGI and only 39,000 against GREELEY. This ious case of political strophy, and had better be considered in the Convenion which proposes to fix things in Penn-WITERIA.

JUDAISM responds to the reformatory estiment of the age, with marked innowhich that Church has until now mainained inviolate through all the ager. echool has arisen, among the Hel bis, which demands the substitution of the popular vernacular for the original tongue in the prayers of the Churc ich recognizes various features of the ritual as typical and not practical, and which definitely surrenders the longished expectations of the re-estab salument of a temporal sovereignty scally received by the Israelites, but evi-

It is estimated that no less a sum than \$625,500,000 is deposited with the banks for savings. Of this amount, the six by State authority, have a purely local field of operations, issue no bills for generat dr sect requires, suggests or even war. rants any form of Federal interi Tharago an affair' of domestic police, which prop eriy bel which create them. These institution are found to be always well managed,

BOTH PRISCIPAL AND INTEREST RAMALEY'S a to New York city, in UNITED STATES GOLD COIN. These Bonds offer peculiar advantages to in ors. The holders of Government set r Parste Hallroad Bonds may exchange them handsome profit. The holder of \$10,000 a handsome prost. Inv moder of projection fovernments may exchange them for \$12 000 in these bunds, and receive \$500 to \$600 cash a the exchange. Then instead of six per cent gola interest on \$10,000, and a still lower ra after their maturity, he will receive T per cent. geld, for forty years, on \$18,000-a difference in prufit that will in the end nearly equal th use of the bond. The holder of a Pacific Railroad bond may tel perhaps at a small loss-and re-invest is a bond of this road and receive T per cent. gold forty years, instead of 6 per cent. gold ! thirty years. The extra one per cent. profit on his investment would, as a staking fund, umpound interest, amount to the par univer the bond first/. Biarting at Chicago, the C., D. & V. Miltroac extends in a southerly direction to the eastern counties of lithois, the whole adjacent country a bound stort. eing well estiled and unsurpassed in richness o soli by any of the prairie States.
